Intellectual Disability and Psychotherapy Alan Corbett, 2018-09-21 Intellectual Disability and Psychotherapy The Theories Practice and Influence of Valerie Sinason charts the transformative impact of the

noted psychotherapist's work with children and adults with intellectual disabilities upon both a generation of clinicians and the treatment and services delivered by them. Examining how contemporary Disability Therapists have discovered, used and adapted such pioneering concepts as the Handicapped Smile and Secondary Handicap as a Defence Against Trauma in their clinical work, the book includes contributions from renowned practitioners and clinicians from around the world. It shines a light on how Sinason's work opened doors for working with people who were previously thought of as unreachable. Intellectual Disability and Psychotherapy will be an essential resource to anyone working with children or adults with disabilities as well as psychotherapists interested in exploring Valerie Sinason's work.

Counselling Adults with Learning Disabilities Sally Hodges, 2017-04-21 The major barrier in the way of competent counselling provision for people with learning disabilities is not the presence of a learning disability but the lack of understanding of the relevance of counselling by potential referrers. Sally Hodges has written for a wide range of professionals who work with people with learning disabilities and introduces theoretical concepts in an accessible way by using clinical vignettes to illustrate each point. An introduction to theory and some time spent thinking about different life stages, personal histories, presenting problems and relationship issues will provide an invaluable introduction to the emotional worlds of people with learning disabilities. From the Foreword by Sheila Hollins, Professor of Psychiatry of Learning Disability, St George's Hospital Medical School, University of London. *Counselling Adults with Learning Disabilities* draws on a psychodynamic framework to bring together current ideas and thinking in an approachable and practical way. Through vivid clinical material and case examples, the book creatively illustrates how complex theories can be translated into clinical practice. Common problems are tackled and addressed within a lifespan framework, with attention given to key issues such as Bereavement, Abuse, Mental illness, Challenging behaviour, Sexual relationships, Relationships with peers, families and staff. Additionally, given the increasing importance of evidence-based practice, the book concludes with a review of the literature in the area of learning disabilities and its efficacy. SALLY HODGES is a Consultant Clinical Psychologist at the Tavistock Clinic with their Learning Disabilities Service. Previously, she worked for learning disabilities services in Redbridge and Plymouth.

Understanding and Working with People with Learning Disabilities who Self-injure Pauline Heslop, Andrew Lovell, 2012-11-15 This book looks at ways of improving care provision for people with learning disabilities who self-injure. The first part of the book sets out the theories behind psychological approaches to understanding self-injury, and in the second half, case studies and practice pointers propose ways of improving direct care.
