Enlightenment Orientalism Srinivas Aravamudan, 2024-05-31 Srinivas Aravamudan here reveals how Oriental tales pseudo ethnographies sexual fantasies and political satires took Europe by storm during the eighteenth century Naming this body of fiction Enlightenment Orientalism he poses a range of urgent questions that uncovers the interdependence of Oriental tales and domestic fiction thereby challenging standard scholarly narratives about the rise of the novel More than mere exoticism Oriental tales fascinated ordinary readers as well as intellectuals taking the fancy of philosophers such as Voltaire Montesquieu and Diderot in France and writers such as Defoe Swift and Goldsmith in Britain Aravamudan shows that Enlightenment Orientalism was a significant movement that criticized irrational European practices even while sympathetically bridging differences among civilizations A sophisticated reinterpretation of the history of the novel Enlightenment Orientalism is sure to be welcomed as a landmark work in eighteenth century studies *Voltaire dans ses contes* Jacques Van den Heuvel, 1998 **New Perspectives on Arabian Nights** Wen-chin Ouyang, Geert Jan van Gelder, 2014-02-04 Adopting a multi disciplinary approach this comparative study of a selection of The Arabian Nights stories in a cross cultural context brings together a number of disciplines and subject areas to examine the workings of narrative It predominantly focuses on the ways in which the Arabian Nights have transformed as its stories have travelled across

historical eras cultures genres and media Departing from the familiar approaches of influence and textual studies this book locates its central inquiry in the theoretical questions surrounding the workings of ideology genre and genre ideology in shaping and transforming stories The ten essays included in this volume respond to a general question what can the transformation of Nights stories in their travels tell us about narrative and storytelling and their function in a particular culture Following a Nights story in its travels from past to present from Middle East to Europe and from literature to film the book engages in close comparative analyses of ideological variations found in a variety of texts These analyses allow new modes of reading texts and make it possible to breach new horizons for thinking about narrative This Book was previously published as a special issue of Middle Eastern Literatures entitled Ideological Variations and Narrative Horizons New Perspectives on Arabian Nights *Conte, conteurs et néo-conteurs* Mohammed Habib Samrakandi, 2003
