The Unofficial Murder, She Wrote Casebook James Robert Parish,1997 Here is the complete history of Murder She Wrote with plot summaries of every episode a full star biography and candid behind the scenes anecdotes by the cast and crew Readers will discover who the show was originally written for what important changes Angela Landsbury brought to the character and where the New England locations were actually shot photos **Murder, Mystery and My Family** Karen Farrington,2019-10-31 Five Women Five families search for justice All Sarah Chesham wanted was to survive at a time when crops were poor and money was tight By the time she died she was branded a merciless child killer All Emily Swann wanted was the love of a man who wouldn't abuse her By the time she died she was depicted as a vengeful drunken hussy All Edith Thompson wanted was a romance with a man who adored her By the time she died she was seen as a scheming and manipulative adulteress All Louie Calvert wanted was to be heard Yet when she died she slipped almost immediately into the shadows like thousands of other women like her All Charlotte Bryant wanted was a distraction from a dreary life By the time she died she was deemed a seductress and an arch poisoner No one wants to believe that their mother sister or daughter is capable of murder When a woman is charged with a killing we judge more harshly and punish more severely than when a man does the same Murder Mystery and My Family explores five historical true crime tales from the hit BBC series each with a woman at the heart of the story from a case of poison panic in the 19th century to a post war murder that gripped the nation Tales of infidelity and greed corruption and deceit run throughout but was justice served for all Descendants of those convicted revisit each case in search of answers Based on extensive research including original court records and interviews with descendants Murder Mystery and My Family delves deeper into each crime while also looking at our changing attitudes to women who have found themselves at the centre of our darkest dramas *Readers Digest Crime Casebook* Reader's Digest (Australia) Pty, Limited,2005-01 A Casebook of True Murders Bill Williams,2015-08-02 His Lordship put on the black cap and passed the sentence of death in the following age old terms Edward Cooper you have been convicted by a jury of your fellow countrymen of the murder of your own child One whom you were bound to protect to love and to take care of particularly considering his state of deformity and weakness arising from his early misfortune Probably tempted by feeling a difficulty in supporting this child you yielded to temptation and took his life You must have done that with considerable premeditation and the jury very rightly have adjudged you guilty They would not have done their duty to the country if they had returned another verdict I do not wish to prolong your sufferings at this moment and therefore nothing remains for me but to pass upon you the awful sentence of the law and to hope that by prayer and penitence you may be prepared to meet it The sentence of the court is that for the murder of your son you be taken hence to the place from whence you came and from thence to the place of execution and that there you shall be hanged by the neck till you are dead and that your body be

buried within the precincts of the prison where you are last confined after this conviction and may the Lord God Almighty have mercy upon your soul This book tells the stories of some very interesting cases including murder but other capital crimes dating from the early 1800 s to modern times It commences at a time when there were no official police forces Law and order was implemented by part time Parochial Constables untrained often working for reward money put up by victims The stories being considerable in number are recorded generally by the type of crime rather than date order In those far off days punishments were punitive by today s standards Females becoming pregnant out of wedlock petty thefts even servants being absent or running away were considered serious offenders Punishments ranged from fines floggings to imprisonment and transportation beyond the seas The object being to be rid of criminals but also to provide staff for businessmen in the United Kingdom but with enterprises overseas The death penalty was used frequently for a wide variety of crimes many of which would now be considered minor Murder and other crimes were investigated surprisingly thoroughly for the times The reports of the trials and executions do contain explicit descriptions of violence both in the crimes committed and executions from and accounts recorded at the time The reader should be mindful that I have used much original phraseology and quotations especially from the trial records to give not only accuracy but a feeling of reality The old phrases and styles should not be confused with grammatical errors *Dr. Iain West's Casebook* Chester Stern,1996-10
