Odyssey Of New Religions Today

James R Lewis

Odyssey Of New Religions Today:

The Odyssey of New Religions Today John T. Biermans, 1988 *Understanding New Religious Movements* John A. Saliba, 2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals *Understanding New Religious Movements* offers the most objective introduction possible *The Oxford Handbook of New Religious Movements* James R Lewis, 2008-07-17 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs

Perspectives on New Religious Movements John A. Saliba, 2016-10-06 This book provides a dispassionate analysis of new religious movements charting their growth and examining them from a variety of perspectives sociological psychological legal and theological Saliba then questions whether or not membership harms those who join these new movements and assesses the charge that they brainwash their adherents *Violence and New Religious Movements* James R. Lewis, 2011-04-06 Violence involving alternative religions has long been a topic of intense public interest This volume examines the famous incidents of murder and suicide concerning Jonestown Heaven's Gate AUM Shinrikyo the Branch Davidians and the Solar Temple and other less prominent new religions This collection of essays represents the culmination of decades of reflection by specialists in the field *Prophets and Photons* Benjamin E Zeller, 2010-03-01 This in depth study shows how new religious movements offer a variety of strategies for reconciling science and religious faith By the twentieth century established religious traditions were forced to grapple with the challenges presented by scientific knowledge and innovation But emerging religions still led by a living founder to guide them found new ways to respond to science The Hare Krishnas the Unification Church and Heaven's Gate each found distinct ways to incorporate major findings of modern American science understanding it as central to their wider theological and social agendas In *Prophets and Photons* Benjamin Zeller examines how these New Religious Movements NRMs crafted their views on science during their founding period and how those views evolved over time These NRMs shed light on how religious groups new old alternative or mainstream could respond to the tremendous growth of power and prestige of science in late twentieth century America In this engrossing book Zeller carefully shows that religious groups had several methods of creatively responding to science and that the often

assumed conflict based model of science vs religion must be replaced by a more nuanced understanding of how religions operate in our modern scientific world **Moon Sisters, Krishna Mothers, Rajneesh Lovers** Susan J. Palmer,1994

Explores the role of women in seven unorthodox religious movements in Western culture Based on interviews and first hand data the study illustrates a range of roles celibate sister devoted Hindu wife sexually expressive lover veiled Nubian bride in polygamy and asexual shaman *Another Gospel* Ruth A. Tucker,2004 Ruth A Tucker s book is a comprehensive survey of

all the major alternative religions in the United States including the new groups since the 1960s *Regulating Religion* James T. Richardson,2012-12-06 *Regulating Religion Case Studies from Around the Globe* presents through the inclusion of contributions by international scholars a global examination of how a number of contemporary societies are regulating religious groups It focuses on legal efforts to exert social control over such groups especially through court cases but also with selected major legislative attempts to regulate them As such this analysis falls within the broad area of the sociology of social control and more specifically legal social control a topic of great interest when studying how contemporary societies attempt to maintain social order The factual details about social and legal developments in societies where religion has been defined as problematic include Western and Eastern Europe Asia Oceania and the Americas This book will be of interest to researchers and students in the sociology of religion the sociology of law social policy and religious studies as well as policy makers **Inquiries in Bioethics** Stephen Garrard Post,1993

The biological revolution with its attendant technological powers to alter nature and human nature demands fundamental and cautionary reflection on questions of the highest ethical importance In this thoughtful book on contemporary issues in bioethics Stephen G Post explores nine major topics ranging from birth and adolescence to aging and death Using an interdisciplinary approach Post clearly illuminates the issues probes the ethical alternatives and examines the cultural changes that shape current presuppositions about the right and good This book will be of interest to scholars in bioethics philosophy and religious studies health care professionals and the general reader concerned with these pressing questions of life and death **Agents of Discord** Susan E. Darnell,2017-12-02

It is widely acknowledged that the United States has always provided fertile ground for the growth of new religious movements and cults but modern organized efforts to oppose and restrict them have been less well understood In *Agents of Discord* Anson Shupe and Susan E Darnell offer a groundbreaking analysis of the operations and motives of these oppositional groups which they generally group under the umbrella term of the anticult movement Historically there have always been parallel groups opposed to certain religious movements whether these be anti Quaker anti Roman Catholic or anti Mormon The authors establish the cultural context of such movements in the nineteenth century They point out the link between modern anticult movements and nativist movements in American history Turning to the postwar era the authors discuss the rise of anticult movements and focus specifically on one of the most prominent the Cult Awareness Network CAN CAN was a two tiered organization Partly composed of volunteers donors and families affected by cult movements it also included what the

authors call an inner sanctum of behavioral science professionals attorneys and deprogrammers Using never before reported data on CAN s activities the authors cite an extensive history of financial impropriety that finally led to the organization s bankruptcy They offer a pointed critique informed by current scholarship of the brainwashing model of mental enslavement presented by the anticult movement that has been a central assumption undergirding its activities At the same time they show how increasing professionalization has gradually begun a shift of such movements to a therapeutic model of exit counseling that rejects the crude methods of earlier intervention strategies In their analysis of the anticult movement nationally and internationally Shupe and Darnell merge sociological concepts and social history to make unique sense of a hereto **The Bloomsbury Companion to New Religious Movements** George D. Chryssides, Benjamin E.

Zeller, 2014-01-02 The Bloomsbury Companion to New Religious Movements covers key themes such as charismatic leadership conversion and brainwashing prophecy and millennialism violence and suicide gender and sexuality legal issues and the portrayal of New Religious Movements by the media and anti cult organisations Several categories of new religions receive special attention including African new religions Japanese new religions Mormons and UFO religions This guide to New Religious Movements and their critical study brings together 29 world class international scholars and serves as a resource to students and researchers The volume highlights the current state of academic study in the field and explores areas in which future research might develop Clearly and accessibly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a timeline of major developments in the field such as the emergence of new groups publications legal decisions and historical events Unification Church J. Isamu Yamamoto, 2016-09-06 The Unification Church and its founder Dr Sun Myung Moon have been in the center of controversy because of their recruiting practices their financial holdings and their authoritarian style including arranged mass marriages Most controversial in terms of its teachings is Dr Moon s claim to be a new Messiah who will finish what Jesus left undone Is he the Messiah and is his Diving Principle the third testament of the Bible Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential information and insights for their spiritual journeys All books but the summary volume Truth and Error contain five sections A concise introduction to the group being surveyed An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group Truth and Error the last book in the series consists of parallel doctrinal charts compiled from all the other volumes Three distinctives make this series especially useful to readers Information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details Information is

presented in a clear easy to follow outline form with menu bar running heads This format greatly assists the reader in quickly locating topics and details of interest Each book meets the needs and skill levels of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood

The Encyclopedia of Cults, Sects, and New Religions James R. Lewis, 2001-03 Surpassing the scope and the thoroughness of the first edition this new edition of *The Encyclopedia of Cults Sects and New Religions* is the most wide ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups Including many entries by scholarly specialists this volume explains more than 1 000 diverse groups and movements from such well known sects as the Branch Davidians Aum Shinrikyo and Heaven s Gate to obscure groups like Ordo Templi Satanas Witches International and the Nudist Christian Church of the Blessed Virgin Jesus In addition to an exhaustive index and handy cross references the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism This book a must for all libraries and schools will endure as the first and only point of reference for researchers scholars students and anyone interested in fringe religious groups

The Odyssey of a New Religion Phillip Charles Lucas, 1995-02-22 solid scholarship It will not only serve as a model for those studying the New Religious Movements of the late twentieth century but will offer help to mainline and other religious institutions who are struggling with problems of identity and change in our complex society today Church History a thoroughly enjoyable book that would fit well into a graduate readings seminar on new religious movements The book deserves a wide reading Nova Religio Lucas s study provides a model of how best to combine the methodologies and analyses of the history of religions and sociology He has provided the groundwork for continued tracking of developments in this new religious movement for comparative purposes Journal of the American Academy of Religion a carefully researched and well written history of one of the important new religious movements to appear in the United States during the 1960s the volume can be heartily recommended to all students of American religion American Historical Review Lucas has written one of the best informed studies of the evolution of a metaphysical cult into mainline eastern orthodoxy The Reader s Review This is an important book for libraries with holdings in American religion Choice a fascinating narrative a rich feast for the investigator of the subculture of esoteric religion American Studies International especially welcome It offers an in depth meticulously documented history of a church the Holy Order of MANS that arose from the Christian esoteric mystery tradition and then metamorphosed into a traditionalist Orthodox Christian sect This unlikely tale has more twists and turns than a whodunit this volume is that rarest of finds an academic book that is a delight to read Gnosis Magazine Traces the journey of a new religious movement from its start as a monastic style New Age order to its transformation into the more conventional Christ the Savior Brotherhood an Eastern Orthodox sect A remarkable

story of social and spiritual change in contemporary America **World Religions in America, Fourth Edition** Jacob Neusner, 2009-10-07 The fourth edition of World Religions in America continues its lauded tradition of providing students with reliable and nuanced information about America's religious diversity while also reflecting new developments and ideas. Each chapter was updated to reflect important changes and events and current statistics and information. New features include a timeline of key events and people for each tradition, sidebars on major movements or controversies, personal stories from members of various faiths, a theme-based organization of subjects, more subheads, three new chapters exploring America's increasing religious diversity and suggestions for further study. The A to Z of New Religious Movements George D. Chrystides, 2006-04-17 Alongside the older and more established religions, there are hundreds, indeed thousands more which have recently emerged. These new religious movements or NRMs, for lack of a better name, are not only numerous; they are also extremely varied and stem from a wide array of sources. They run the gamut from small to large and all possess a tendency to constantly expand. And while their potential for good is considerable, more often than not, it is their abuses that are noticed. Still, writing them off as sects is too easy, especially when they are as poorly understood as they often are. The A to Z of New Religious Movements is a major contribution to understanding these new and formative religions. While leaving any evaluation to the reader, it offers brief descriptions of well over a hundred NRMs in the dictionary section, along with information on the founders and leaders and also their roots in Christianity, Buddhism, Hinduism, Islam, and other more traditional religions. The impact of modern philosophy and science are also weighed. Since their roots often lay further back, the chronology starts in the 18th century and continues to the present, and the introduction attempts the arduous task of defining and categorizing the NRMs. The extensive bibliography provides further reading. **Cults, New Religions and Religious Creativity (Routledge Revivals)** Geoffrey Nelson, 2011-03-31 The twentieth century has been marked by an unprecedented outburst of religious activity on a world-wide scale, and in particular by a mushrooming of numerous religious movements. This work, first published in 1987, takes a fresh approach to the understanding of this phenomenon, an approach which takes into account new concepts of human nature and of religion. Visioning New and Minority Religions Eugene Gallagher, 2016-11-25 Rather than being ephemeral fads, new religious movements (NRMs) have always been and will always be with us. So will their study. Offering an assessment of the state of the field, the study of NRMs, Visioning New and Minority Religions begins by considering the analytical tools for the study of new or minority religions, drawing on the perspectives of diverse academic disciplines. The second part focuses on individual groups in a variety of geographical settings. Chapters in this section review the histories of particular groups in order to extrapolate future developments. They cover new religions that have persisted well past the first generation, such as the Church of Jesus Christ of Latter-day Saints and the Christian Scientists, and groups with comparatively shorter histories, such as various forms of contemporary Paganism, Soka Gakkai, and the Diamond Way Buddhist group. This volume will be of interest to scholars from across religious

studies and sociology as well as members of new and minority religious groups and those in cult watching groups **The Re-Enchantment of the West** Christopher Partridge, 2005-01-04 As a book about emergent spirituality in the contemporary West this book focuses on the nature evolution and significance of new forms of religion and alternative spiritualities Part One of the book provides the theoretical background and guides the reader through some of the principal debates After an overview of the secularization thesis which argues that the West is becoming increasingly disenchanted the second chapter turns to the sociological analysis of new religions and alternative spiritualities Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch especially his enigmatic analysis of the emergence mystical religion which presciently provides helpful insights into understanding the contemporary alternative religious milieu Against sociologists such as Bryan Wilson and Steve Bruce this and the subsequent chapter argues that rather than being insignificant new forms of spirituality are actually proving to be a significant part of Western re enchantment Chapter 3 constructs a general theory of the re enchantment of the West

As recognized, adventure as well as experience nearly lesson, amusement, as capably as deal can be gotten by just checking out a book **Odyssey Of New Religions Today** in addition to it is not directly done, you could resign yourself to even more on this life, not far off from the world.

We present you this proper as capably as easy showing off to acquire those all. We come up with the money for Odyssey Of New Religions Today and numerous ebook collections from fictions to scientific research in any way. in the course of them is this Odyssey Of New Religions Today that can be your partner.

Odyssey Of New Religions Today Introduction

In today's digital age, the availability of Odyssey Of New Religions Today books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Odyssey Of New Religions Today books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Odyssey Of New Religions Today books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Odyssey Of New Religions Today versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Odyssey Of New Religions Today books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Odyssey Of New Religions Today books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Odyssey Of New Religions Today books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It

also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Odyssey Of New Religions Today books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Odyssey Of New Religions Today books and manuals for download and embark on your journey of knowledge?

FAQs About Odyssey Of New Religions Today Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Odyssey Of New Religions Today is one of the best book in our library for free trial. We provide copy of Odyssey Of New Religions Today in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Odyssey Of New Religions Today. Where to download Odyssey Of New Religions Today online for free? Are you looking for Odyssey Of New Religions Today PDF? This is definitely going to save you time and cash in something you should think about.
