The Quarterly of the Oregon Historical Society Oregon Historical Society, 1926 **Race, Radicalism, Religion, and Restriction** Kristofer Allerfeldt, 2003-03-30 In 1924 America passed legislation that effectively outlined which immigrants were to be considered beneficial to the national body and which were not. Albert Johnson, a Washington State Congressman, sponsored the Act. This study examines the role of the Pacific Northwest in the change of national sentiment that led up to this legislation. Throughout the period, this region experienced massive growth in its immigrant population. Its forests and small towns were the scenes of many clashes with the alien radicals, resulting in the creation of anti-Catholic legislation and the laws against land ownership by the Japanese. Analyzing issues of race, religion, and political radicalism, Allerfeldt determines that the region was highly influential in the national debate. Most immigration studies of this era focus on the East Coast or on California, but Allerfeldt finds that Northwestern politicians and populists responding to regional events as much as national sentiments often set the national immigration agenda. Diverse organizations such as the APA, the Ku Klux Klan, and the IWW gained powerful local support and had significant influence on the region's attitudes towards immigrants. Rather than following California's lead in the opposition to Asian immigration, the Northwest actually set the path for its southern neighbor in many important aspects. **Proceedings of the Oregon Historical Society Including ... the Quarterly Meetings of the Board of Directors, and the ... 1899-1905 Oregon Historical Society, 1900 **The Hudson's Bay Company as an Imperial Factor, 1821-1869** John S. Galbraith, 2023-11-15 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1957. **Precarious Prescriptions** Laurie B. Green, John Mckiernan-González, Martin Summers, 2014-03-01 In *Precarious Prescriptions*, Laurie B. Green, John Mckiernan-González, and Martin Summers bring together essays that place race, citizenship, and gender at the center of questions about health and disease. Exploring the interplay between disease as a biological phenomenon, illness as a subjective experience, and race as an ideological construct, this volume weaves together a complicated history to show the role that health and medicine have played throughout the past in defining the ideal citizen. By creating an intricate portrait of the close associations of race, medicine, and public health, *Precarious Prescriptions* helps us better understand the long and fraught history of health care in America.
