Voices of Victorian England John A. Wagner,2014-02-25 The Victorian age was a period of transition as Britain industrialized and society underwent profound changes Here contemporary voices provide students with an up close look at this pivotal time Voices of Victorian England illuminates the character personalities and events of the era through excerpts from primary documents produced between 1837 and 1901 By allowing Queen Victoria's contemporaries to speak for themselves this work brings the achievements and conflicts that occurred during the queen's long reign alive for high school and college students as well as the general public Excerpts represent literary giants such as Charles Dickens George Eliot Rudyard Kipling and Anthony Trollope The book covers the worlds of politics religion economics and science and addresses subjects such as women's issues and the royal family Documents include letters poems speeches polemics reviews novels official reports and self help guides as well as descriptive narratives of people and events from England Scotland Ireland and where pertinent America and continental Europe Spelling has been modernized and unfamiliar terms defined and questions and commentary provide background and context for each document In addition the book offers tools that will help readers effectively evaluate a document's meaning and importance

Radicalism and Reputation Michael J. Turner,2017-04-01 A thematic analysis of the career of Bronterre O'Brien one of the most influential leaders of Chartism this book relates his activities and the Chartist movement to broader themes in the history of Britain Europe and America during the nineteenth century O'Brien 1804-64 came to be known as the schoolmaster of Chartism because of his efforts to describe and explain its intellectual foundations The campaign for the People's Charter with its promise of political democratization was a highpoint in O'Brien's career as writer and orator but he was already well known before the campaign began and during the 1840s he distanced himself from other Chartist leaders and from several important Chartist initiatives This book examines the personal tactical and ideological reasons for O'Brien's departure as well as his development of a social and economic agenda to accompany constitutional Chartism in line with the evolution of radical thought after the Great Reform Act of 1832 It also evaluates O'Brien's reputation among his contemporaries and among modern historians in order better to understand his contribution to radicalism in Britain and beyond

The Oppositional Aesthetics of Chartist Fiction Rob Breton,2016-03-10 Redressing a gap in Chartism studies Rob Breton focuses on the fiction that emerged from the movement placing it in the context of the Victorian novel and reading it against the works aimed at the middle class Breton examines works by well known writers such as Ernest Jones and Thomas Cooper alongside those of obscure or anonymous writers rejecting the charge that Chartist fiction fails aesthetically politically and culturally Rather Breton suggests it constitutes a

type of anti fiction in which the expectations of narrative are revealed as irreconcilable to the real world Taking up a range of genres including the historical romance and social problem story Breton theorizes the emergence of the fiction against Marxist conceptualizations of cultural hegemony In situating Chartist fiction in periodical print culture and specific historical moments this book shows the ways in which it serves as a critique of mainstream Victorian fiction *The Dignity of Chartism* Dorothy Thompson,2015-06-09 This is the first collection of essays on Chartism by leading social historian Dorothy Thompson whose work radically transformed the way in which Chartism is understood Reclaiming Chartism as a fully blown working class movement Thompson intertwines her penetrating analyses of class with ground breaking research uncovering the role played by women in the movement Throughout her essays Thompson strikes a delicate balance between down to the ground accounts of local uprisings snappy portraits of high profile Chartist figures as well as rank and file men and women and more theoretical polemical interventions Of particular historical and political significance is the previously unpublished substantial essay co authored by Dorothy and Edward Thompson a superb piece of local historical research by two social historians then on the brink of notable careers *Clothing, Society and Culture in Nineteenth-Century England, Volume 1* Clare Rose,Vivienne Richmond,2021-12-24 In recent times clothing has come to be seen as a topic worthy of study yet there has been little source material available This three volume edition presents previously unpublished documents which illuminate key developments and issues in clothing in nineteenth century England *Humanities Research Centre* Glen St. John Barclay,Caroline Turner,2004-05-01 A history of the HRC at the ANU but also an examination of the role and predicament of the humanities within universities and the wider community and contributes substantially to the ongoing debate on an Australian identity [The Poetry of Chartism](#) Mike Sanders,2009-03-05 This book explores the contribution made by Chartist poetry to the struggle for fundamental democratic rights *The Southern Tree of Liberty* Terry Irving,2006 Who would imagine that democracy in NSW was won through fierce political battles and street rallies The Southern Tree of Liberty sheds light on this turbulent and violent period in Australian history For twenty years the advocates of democracy mobilised the working class and fought hard to bring popular rule to the colony The elites on the other hand used their legislative powers to halt this march towards liberty most notably in the Constitution of 1853 There were many colourful characters involved in the push for self government Charles Harpur the native born poet who wrote The Tree of Liberty A Song for the Future Johann Lhotsky the revolutionary who spent five years in an Austrian prison Ben Sutherland the English upholsterer who formed the first working class political organisation and edited its newspaper William A Duncan the Scots Catholic who created a network of radical intellectuals Henry Macdermott the Irish born friend of the people and Edward J Hawksley the radical journalist who was part of every democratic campaign from 1840 These characters and more are covered in Irving s engagingly written and thoroughly researched book The Southern Tree of Liberty highlights the contribution of the democrats to public life and shows how their struggles made possible the democratic advances that

followed after 1856 I ask no more than the birthright of a British subject namely the privilege of voting on the same grounds as would entitle me to vote in my native land Henry Macdermott 1842 They had to decide whether they would have the rights of Britons or that vile and bastard democracy which had led to so many evil results in different parts of the world James Macarthur 1842 it is a grievance for the working man to be totally unrepresented to have the nominal form of elective privileges whilst he is legislated for by a class entirely antagonistic to his interests and his claims Guardian newspaper 20 July 1844 A NSW Sesquicentenary of Responsible Government publication
