Saint Morrissey:

Saint Morrissey Mark Simpson, 2006-03-07 A portrait of the contemporary music icon explores his enigmatic personality in light of the author's own fan obsession tracing his rise as the front man of The Smiths in the 1980s through his solo career

Singleness in Britain, 1960-1990: Identity, Gender and Social Change Emily Priscott, 2020-07-07 This book contributes to an emerging field of research looking at the significance of marital status to debates about identity and gender. It examines representations and experiences of single men and women between 1960 and 1990 using a wide variety of sources including digitized British newspapers, social research films and lifestyle literature. Whilst much existing work focuses on the early to mid 20th centuries such as Katherine Holden's ground-breaking work *The Shadow of Marriage*, Singleness in England 1914-1960, this book alternatively examines the impact of the 1960s and the aftermath of changing attitudes to singleness. While Holden and others such as Virginia Nicholson in *Singled Out* focus largely on social status and lived experience often through oral testimony, the author is just as interested in finding new ways of looking at gender and sexuality. This work starts from the premise that a distinct double standard existed in attitudes towards single men and women which continued even after the wave of legislation to improve women's status during the 1960s. Examining these often vastly different expectations reveals a complex web of progress, continuity and contradictions, highlighting the uneven pace of social change and its frequent compromises and limitations. Using theoretical approaches such as feminism and queer theory, this work explores the impact of changing gender norms on issues including single fatherhood, old maid stereotypes and experiences of homelessness. It can be used as a study aid for 20th century British history and gender studies courses and might also interest both established academics and intellectually curious non-academic readers. The author has made efforts where possible to clearly explain her theoretical approaches and interventions for those who might be unfamiliar with them.

The Smiths Harry Lime, *Saint Morrissey* Mark Simpson, 2004

Wilde's Wiles Annette M. Magid, 2014-08-11 *Wilde's Wiles: Studies of the Influences on Oscar Wilde and His Enduring Influences in the Twenty First Century* is a collection of essays which celebrates the diversity of Oscar Wilde's genius. This unique collection of scholarship explores not only his influence on a broad spectrum of subjects including aesthetics, children's literature, women's issues, consumer economics, queer theory, politics, theater, film, poetry, Victorianism and other aspects of culture such as pedagogical approaches to Wilde's literature, but it also examines the influence of his family and friends on him. *Wilde's Wiles: Studies of the Influences on Oscar Wilde and His Enduring Influences in the Twenty First Century* includes a wide range of approaches and concentrations written by international experts and has a broad spectrum of subjects which will appeal to a diversity of scholars seeking original and alternative approaches to understanding Oscar Wilde. The multiplicity of interest in the topic of Oscar Wilde expands across genres, disciplines, cultures and time, this being the second century of Wilde scholarship since his untimely death in November 1900, preceding the fin de siècle. The unique multi-discipline approach of *Wilde's Wiles* is

organized in three sections Aesthetic Approaches Friends and Family and Performance and Pedagogy and bridges philosophical sociological psychological economic and literary disciplines **Music and Identity in Ireland and Beyond** Mark Fitzgerald, John O'Flynn, 2016-04-29 Music and Identity in Ireland and Beyond represents the first interdisciplinary volume of chapters on an intricate cultural field that can be experienced and interpreted in manifold ways whether in Ireland The Republic of Ireland and or Northern Ireland among its diaspora s or further afield While each contributor addresses particular themes viewed from discrete perspectives collectively the book contemplates whether music in Ireland can be regarded as one interrelated plane of cultural and or national identity given the various conceptions and contexts of both Ireland geographical political diasporic mythical and Music including a proliferation of practices and genres that give rise to multiple sites of identification Arranged in the relatively distinct yet interweaving parts of Historical Perspectives Recent and Contemporary Production and Cultural Explorations its various chapters act to juxtapose the socio historical distinctions between the major style categories most typically associated with music in Ireland traditional classical and popular and to explore a range of dialectical relationships between these musical styles in matters pertaining to national and cultural identity The book includes a number of chapters that examine various movements and moments of traditional music revival from the late eighteenth century to the present day as well as chapters that tease out various issues of national identity pertaining to individual composers performers art music popular music and their audiences Many chapters in the volume consider mediating influences infrastructural technological political and or social categories class gender religion ethnicity race age in the interpretation of music production and consumption Performers and composers discussed include U2 Raymond Deane Afro Celt Sound System E J Moeran S amus Ennis Kevin O Connell Stiff Little Fingers Frederick May Arnold

WILDE NOW Pierpaolo Martino, 2023-05-08 *WILDE NOW* reads Oscar Wilde through our now through a contemporary sensibility and approach in which literature and popular culture interrogate and are interrogated by critical concepts and categories such as performance celebrity intermediality and consumerism This volume exceeds the shape and meaning of a critical study to turn into a drama of five different acts moments in Wilde s life and work his early performances in Dublin London and Oxford the 1882 American tour his successful season of the first half of the 1890s his prison years and finally his glorious resurrection in contemporary pop culture Most importantly *WILDE NOW* approaches these moments through contemporary rewritings and performances of Oscar Wilde in the fields of cinema music and literature by such artists as Al Pacino Rupert Everett Stephen Fry Gyles Brandreth David Hare David Bowie Morrissey Nick Cave Neil Tennant Gavin Friday These artists through their awareness of the importance of being playing Oscar in their specific worlds and cultural contexts will also show us that Wilde can be conceived as a subversive critical role one might successfully perform and appropriate now more than ever *The Advocate* , 2004-07-06 *The Advocate* is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *Relocations* Karen

Tongson,2011-08-01 What queer lives loves and possibilities teem within suburbia's little boxes Moving beyond the imbedded urban rural binary Relocations offers the first major queer cultural study of sexuality race and representation in the suburbs Focusing on the region humorists have referred to as Lesser Los Angeles a global prototype for sprawl Karen Tongson weaves through suburbia's nowhere spaces to survey our spatial imaginaries the aesthetic creative and popular materials of the new suburbia Across southern California's freeways beneath its overpasses and just beyond its winding cloverleaf interchanges Tongson explores the improvisational archives of queer suburban sociability from multimedia artist Lynne Chan's JJ Chinois projects and the amusement park night clubs of 1980s Orange County to the imperial legacies of the region known as the Inland Empire By taking a hard look at the cosmopolitanism historically considered de rigeur for queer subjects while engaging with the so called New Suburbanism that has captivated the national imaginary in everything from lifestyle trends to electoral politics Relocations radically revises our sense of where to see and feel queer of color sociability politics and desire

Why pamper life's complexities? Sean Campbell,Colin Coulter,2013-01-18 For five short years in the 1980s a four piece Manchester band released a collection of records that had undeniably profound effects on the landscape of popular music and beyond Today public and critical appreciation of The Smiths is at its height yet the most important British band after The Beatles have rarely been subject to sustained academic scrutiny Why pamper life's complexities Essays on The Smiths seeks to remedy this by bringing together diverse research disciplines to place the band in a series of enlightening social cultural and political contexts as never before Topics covered by the essays range from class sexuality Catholicism Thatcherism regional and national identities to cinema musical poetics suicide and fandom Lyrics interviews the city of Manchester cultural iconography and the cult of Morrissey are all considered anew The essays breach the standard confines of music history rock biography and pop culture studies to give a sustained critical analysis of the band that is timely and illuminating This book will be of interest to scholars and students in the fields of sociology literature geography cultural and media studies It is also intended for a wider audience of those interested in the enduring appeal of one of the most complex and controversial bands Accessible and original these essays will help to contextualise the lasting cultural legacy of The Smiths

Sandie Shaw & The Smiths Harry Lime, Investigations of the New Madrid, Missouri, Earthquake Region Geological Survey (U.S.),1982 U.S. Geological Survey Professional Paper ,1981 **Geological Survey Professional Paper** ,1982

The Lyre of Orpheus Christopher Partridge,2014 The study of religion and popular culture is an increasingly significant area of scholarly inquiry Surprisingly however Christopher Partridge's The Lyre of Orpheus is the first general introduction to the subject of religion and popular music His aim in this book is to introduce a range of theoretical and methodological perspectives to be used in the study of religion and popular music and popular music subcultures He addresses a range of issues from postcolonialism to postmodernism from sex to drugs from violence to the demonic and from misogyny to misanthropy Part One provides a general overview of the history of popular music scholarship

and the key approaches that have been taken Part Two looks at approaches from the perspectives of theology and religious studies examining key themes relating to particular genres and subcultures Part Three narrows the focus and examines key artists and bands mentioned in Part Two including Elvis Bob Dylan Madonna and Bjrk Written to be accessible to the undergraduate The Lyre of Orpheus will also appeal to general readers interested in the role of religion in our culture

Philip Larkin, Popular Culture, and the English Individual J. Ryan Hibbett, 2019-02-18 Despite the denigrating revelations of his published letters Philip Larkin looms larger than ever both as an English national icon and as a championed voice of postwar English poetry Philip Larkin Popular Culture and the English Individual seeks to move beyond the decades long preoccupation with Larkin's reputation and canonical status approaching Larkin instead as part of a persevering cultural phenomenon through which the traditionally distinguished individual is reconstituted in the company of the ordinary and the interchangeable It tracks how Larkin's poetic texts negotiate and engage with representations of popular culture at a time when notions of celebrity authenticity and cultural authority were newly and deeply unsettled by rock and roll and when cultural capital had become a coveted substitute for diminished imperial wealth From his unprecedented f bombs to his cultivation of a familiar comedic personality this book examines how Larkin realigns common social practices and popular art forms be it attending a church service watching television or enjoying a concert to the isolated knowing gaze of the individual

Record Collecting for Girls Courtney E. Smith, 2011 Former MTV music programmer and MTV blogger Courtney E Smith delivers a humorous and edgy look at the world of music from the female perspective

Soundscapes of Wellbeing in Popular Music Gavin J. Andrews, Paul Kingsbury, Robin Kearns, 2016-04-01 Unearthing the messy and sprawling interrelationships of place wellbeing and popular music this book explores musical soundscapes of health ranging from activism to international charity to therapeutic treatments and how wellbeing is sought and attained in contexts of music Drawing on critical social theories of the production circulation and consumption of popular music the book gathers together diverse insights from geographers and musicologists Popular music has become increasingly embedded in complex and often contradictory discourses of wellbeing For instance some new genres and sub cultures of popular music are associated with violence drug use and the angst of living yet simultaneously define the hopes and dreams of millions of young people At a service level popular music is increasingly used as a therapeutic modality in holistic medicine as well as in conventional health care and public health practice The genre of popular music then is fundamental to human wellbeing as an active and central part of people's emotional lives By conceptually and empirically foregrounding place this book demonstrates how music whether from particular places about particular places or played in particular places is a crucial component of health and wellbeing

Thinking Northern, 2007-01-01 Thinking Northern offers new approaches to the processes of identity formation which are taking place in the diverse fields of cultural economic and social activity in contemporary Britain The essays collected in this volume discuss the changing physiognomy of Northern England and provide a mosaic of recent

thought and new critical thinking about the textures of regional identity in Britain Looking at the historical origin of Northern identities and at current attitudes to them the book explores the way received mental images about the North are re deployed and re contained in the ever changing socio cultural set up of society in Northern England The contributors address representation of Northernness in such diverse fields as the music scene multicultural spaces the heritage industries new architecture the arts literature and film

Britpop and the English Music Tradition Jon Stratton, 2016-04-15 Britpop and the English Music Tradition is the first study devoted exclusively to the Britpop phenomenon and its contexts The genre of Britpop with its assertion of Englishness evolved at the same time that devolution was striking deep into the hegemonic claims of English culture to represent Britain It is usually argued that Britpop with its strident declarations of Englishness was a response to the dominance of grunge The contributors in this volume take a different point of view that Britpop celebrated Englishness at a time when British culture with its English hegemonic core was being challenged and dismantled It is now timely to look back on Britpop as a cultural phenomenon of the 1990s that can be set into the political context of its time and into the cultural context of the last fifty years a time of fundamental revision of what it means to be British and English The book examines issues such as the historical antecedents of Britpop the subjectivities governing the performative conventions of Britpop the cultural context within which Britpop unfolded and its influence on the post Britpop music scene in the UK While Britpop is central to the volume discussion of this phenomenon is used as an opportunity to examine the particularities of English popular music since the turn of the twentieth century
