Pygmalion, Heartbreak House, and Saint Joan George Bernard Shaw, 2021 Pygmalion Heartbreak House and Saint Joan are widely considered to be three of the most important in the canon of modern British theatre Pygmalion 1912 was a world wide smash hit from the time of its premi re in Vienna 1913 and it has remained popular to this day Shaw was awarded an Academy Award in 1938 for his screenplay of the film adaptation It was of course later made into the much loved musical My Fair Lady Heartbreak House 1917 which was finally performed in 1920 and published in 1921 bares the hallmarks of European modernism and a formal break from Shaw's previous work A meditation on the war and the resultant decline in European aristocratic culture it was perhaps staged too soon after the conflict indeed it did not have the success of his

earlier works which was likely due to his experimental aesthetics combined with a war weary audience that sought lighter fare However while this contemporary reception was muted it is now recognised as a modernist masterpiece *Saint Joan* 1923 marked Shaw's resurrection and apotheosis The first major work written of Joan of Arc after her canonization 1920 the play interrogates the origins of European nationalism in the post war era Like *Pygmalion* it was an immediate world wide hit and secured Shaw the Nobel Prize for Literature in 1925 Drawing upon the transcripts of Joan's trial Shaw blended his trademark wit to produce a hybrid genre of comedy and history play Despite the historical setting *Saint Joan* is highly accessible and continues to delight audiences

1992, Shaw and the Last Hundred Years Bernard Frank Dukore, 1994 In 1892 the first production of Bernard Shaw's first play *Widowers Houses* heralded the birth of modern drama in the English language One hundred years later a group of Shavians gathered to examine the significance and influence of Shaw's drama in the English speaking world The conference sponsored by Virginia Polytechnic Institute and State University brought together theater scholars critics and artists from Canada England Ireland and the United States The conference also featured productions of *The Shewing up of Blanco Posnet* *The Man of Destiny* and *Farfetched Tales* each followed by a symposium The centennial conference not only marked the importance of the event but also stimulated new ways of regarding that historic moment reexaminations of the significance of Shaw's plays and explorations of their consequences Some speakers reevaluated the genesis of the first production of *Widowers Houses* and its social cultural and theatrical context Some brought to bear on the subject of Shavian drama recent critical perspectives such as feminism deconstructionism and the type of close textual and intertextual scrutiny seldom accorded Shaw Others explored his impact in England America Ireland and the Antipodes Still others examined the relationship of comedy and ideas subtext and how this Victorian dramatist remains pertinent today The conference concluded with a symposium that aimed to assess what might lie ahead for Shaw on page and stage in the next hundred years This volume records the proceedings of the conference as well as reviews and the continuing checklist of Shaviana Contributors are Peter Barnes Charles A Berst Montgomery Davis Bernard F Dukore Martin Esslin Joanne E Gates Nicholas Grene Christopher Innes Katherine E Kelly Frederick P W McDowell Rhoda Nathan Christopher Newton Michael O Hara Jean Reynolds Irving Wardle Stanley Weintraub and J L Wisenthal

Shaw and the Actresses Franchise League Ellen Ecker Dolgin,2015-02-12 Early 20th century non commercial theaters emerged as hubs of social transformation on both sides of the Atlantic The 1904 1907 seasons at London's Royal Court Theatre were a particularly galvanizing force with 11 plays by Bernard Shaw along with works by Granville Barker John Galsworthy and Elizabeth Robins that starred activist performers and challenged social conventions Many of these plays were seen on American stages Featuring more conversation than plot points the new drama collectively urged audiences to recognize themselves in the characters In 1908 four hundred actresses attended a London hotel luncheon determined to effect change for women The hot topics chillingly pertinent today mixed public and private controversies over sexuality income distribution and full citizenship across gender and class lines A resolution emerged to form the Actresses Franchise League which produced original suffrage plays participated in mass demonstrations and collaborated with ordinary women

George Bernard Shaw in Context Brad Kent,2015-10-14 When George Bernard Shaw died in 1950 the world lost one of its most well known authors a revolutionary who was as renowned for his personality as he was for his humour humanity and rebellious thinking He remains a compelling figure who deserves attention not only for how influential he was in his time but for how relevant he is to ours This collection sets Shaw's life and achievements in context with forty two scholarly essays devoted to subjects that interested him and defined his work Contributors explore a wide range of themes moving from factors that were formative in Shaw's life to the artistic work that made him most famous and the institutions with which he worked to the political and social issues that consumed much of his attention and finally to his influence and reception Presenting fresh material and arguments this collection will point to new directions of research for future scholars *Joan of Arc* Gail Patterson,2002 Few individuals in the annals of world history have had so lasting an impact as Joan of Arc who rallied a country behind her and continues to inspire people today Although she began life as a peasant she became a key figure in the latter stages of the Hundred Years War As a teenager she experienced visions from God calling her to aid the French king Her confidence and bearing along with her fervent adherence to God and her Catholic faith belied her age and so influenced the monarch that he made her commander of one of his companies She helped lead the French forces in battle against the English in turn becoming a national icon However she was eventually captured and tried by the English in a trial rife with ecclesiastical and political overtones Convicted as a heretic Joan was sentenced and burned at the stake As a martyr she gained mythic status and the Roman Catholic Church made her a saint in 1920 This book presents a fascinating study of Joan of Arc's life based on excerpts from John A Mooney's gripping 1919 biography The overview is augmented by a substantial and selective bibliography featuring access provided through author title and subject indexes *Bernard Shaw* Stanley Weintraub,1988-06-01 This is the first comprehensive annotated bibliography of works by and about Bernard Shaw

No book has appeared before that has surveyed all of the research and writing that the life and work of Bernard Shaw have evoked. The greatest dramaturgist in English after Shakespeare, Shaw was one of the dominant public figures of his time a long lifetime 1856-1950 that began in the mid Victorian period and extended into the Atomic Age. Inevitably someone who straddled his age so visibly and so memorably and whose works retain a continuing fascination has been the subject of thousands of articles and hundreds of books from criticism of individual works to multivolume biographies, editions and studies. Stanley Weintraub has distilled his forty years of experience of Shaw studies to bring them into useful focus and sort out the significant writings from the burgeoning mass of publications. This book is an essential tool for both scholars and general readers interested in the multifarious world of Shaw. Readers will not only find out what has been done but what still remains to be accomplished in Shaw studies: what Shaw's influence has been on other writers even where Shaw has appeared as a character in other writers' poetry, fiction and drama.

St. Therese of Lisieux Joan Monahan, 2003. A biography of the nineteenth century French Carmelite who wrote of a path to Heaven, *The Little Way*, that can be followed by ordinary Christians and who was canonized a saint just seventeen years after her death at age twenty-four.

Unpublished Shaw Bernard Shaw, Dan H. Laurence, 1996. SHAW 16 contains twenty-nine unpublished pieces by Shaw written between 1877 and 1950. The most significant is a ten-page draft synopsis of *Man and Superman*; the original manuscript draft of the play has been lost. In a contemplated five-act version, providing scholars with a hitherto unavailable text. Equally important for the biographical and artistic insights they offer are the early literary efforts found in Shaw's first opus notebook including an extended narrative verse fragment of 1877 set in Dublin, a polemic his first on oakum-picking and prison conditions, a criticism of organists and orchestral conductors and an attempted evaluation of contemporary arts and letters in 1878. We find Shaw through the persona of a female narrator creating in his own image a fictional memoir of the young Hector Berlioz, offering an ironic vindication of housebreakers in *Heartbreak House*, exploring the seamy side of the prizefight ring, examining exhausted genres of Victorian art in 1880, defining the true signification of the term Gentleman, lecturing on Socialism and the family and on realism as the goal of fiction and penetratingly considering the future of marriage in a rejected book review, one of four included in the volume. The dimensions of Shaw's political views may be examined through nearly a dozen commentaries on politics and on war and peace ranging from the Boer War, an 1899 draft letter to the press *Why Not Abolish the Soldier?* and 1903 municipal elections to U.S. Liberty Loans, the Italo-Abyssinian War, how to talk intelligently about the Second World War and the implications of the hydrogen bomb in the nuclear age. For good measure the volume concludes with two brief playlets previously unrecorded. The editors have arranged these pieces individually or grouped by theme and genre as near to chronological order as possible and the reader is brought closer to the original manuscripts by the retention of Shaw's stylistic and spelling inconsistencies and by transliteration of the shorthand notations he frequently inserted between lines or in the margins. Each text is supplemented by an editorial note providing its

provenance and a detailed physical description of the manuscript

Shaw's People Stanley Weintraub, 1996 How could Bernard Shaw have found anything to admire in Queen Victoria Or in the passionate evangelical General William Booth of the Salvation Army What possible connections could there be between Shaw the passionate socialist and the Tory Winston Churchill who seemed to represent everything Shaw should have rejected and despised In *Shaw's People* noted Shaw scholar Stanley Weintraub explores the relationships between Shaw and twelve of his contemporaries including Queen Victoria Oscar Wilde H L Mencken James Joyce and Winston Churchill Weintraub chose these individuals as lenses through which to look at Shaw but also for the ways in which their lives are illuminated through their often paradoxical relationships with Shaw While Shaw never met Queen Victoria his sovereign during the first forty five years of his life the degree of her influence is apparent in Shaw's reference to himself in his ninth decade as an old Victorian Weintraub explores those in the literary world who interacted with Shaw such as H L Mencken one of Shaw's earliest American fans who turned against his hero at the peak of his transatlantic reputation and James Joyce who was loath to confess his respect for his fellow Irishman He investigates the curious mutual admiration between Shaw and W B Yeats and Shaw's championing of Oscar Wilde despite the vast difference in their lifestyles Weintraub's skillful investigation of each of these twelve relationships illuminates a different facet of Shaw from his pre-dramatist years in London through the close of his long life
