Salir Del Infierno Estrategia De Un Piloto De Tormenta:

Salir del infierno Alfredo Silletta, 2005 *La Argentina (Edición Corregida y Actualizada)* María Sáenz

Quesada, 2012-04-01 Sáenz Quesada sintetiza el recorrido histórico y cronológico que va desde la fundación de la sociedad colonial hasta la actualidad. Son 74 capítulos pensados para ser leídos en forma independiente que incluyen los hechos políticos sobresalientes pero también referencias a la vida privada rasgos biográficos de los protagonistas el clima de ideas y la sensibilidad de cada época además de ejemplos para que el pasado se humanice y se vuelva más cercano y comprensible. Este singular relato historiográfico abarca la construcción de la República del siglo XIX la gran inmigración y la prosperidad económica la inestabilidad política en el siglo XX y la crisis de comienzos del milenio la debacle del 2001 y el período de recuperación iniciado con las presidencias de Néstor Kirchner y Cristina Fernández de Kirchner y entretenido a la vez este libro se constituye en una obra indispensable para el conocimiento y el estudio de la historia argentina y resulta un excelente auxiliar en la indagación de la identidad.

Los años del kirchnerismo Alfredo Pucciarelli, Ana Castellani, 2019-11-22 Hacia fines de 2001 la Argentina vivió la mayor debacle económica social y política de su historia. Tras la renuncia de De la Rúa la corporación política encabezada por Eduardo Duhalde buscó neutralizar el descalabro institucional pero no pudo superar la profunda crisis de poder que el neoliberalismo había dejado por lo cual debió convocar a elecciones para reconstruir legitimidad. En este convulsionado escenario surgió el kirchnerismo cuyo complejo derrotero estas páginas se proponen comprender. Interrogando ese ciclo político desde una sólida perspectiva sociológica los autores ponen el foco en la disputa por el poder durante estos años atendiendo al modo en que esta fue definiendo actores y visiones del mundo decisiones políticas y por ende distintos modelos de país. Como todo intento de construcción hegemónica el del kirchnerismo nunca fue homogéneo ni se presentó en estado puro con momentos de mayor intensidad y compromiso militante pero también de tensiones en que fue perdiendo espacios librando una disputa que puede sintetizarse en dos proyectos antagónicos uno de corte nacional popular y democrático que se consolidó con la presidencia de Néstor Kirchner quien recompuso la autoridad presidencial así como la autonomía y la capacidad de intervención del Estado y el otro de carácter republicano conservador y neoliberal que terminó ganando terreno a partir del conflicto con el campo en 2008 durante el primer mandato de Cristina Fernández de Kirchner. Con claridad y atento a los matices los años del kirchnerismo reconstruye las distintas etapas de un período tan fundamental como político para arrojar luz y perspectiva a un presente en el que parece estar construyéndose de la mano del gobierno de Cambiemos una nueva hegemonía.

Sísifo en Argentina Muñoz, María Antonia, 2014-08-04 En este notable estudio María Antonia Muñoz nos provee con uno de los mejores análisis hasta el presente de los cambios en el imaginario político que la Argentina experimentaría desde el fin de la dictadura. Hay varios rasgos distintivos del trabajo de Muñoz que contribuyen a darle su singular profundidad. En primer término su incomparable conocimiento de las transformaciones económicas del período no se limita a un mero análisis de las medidas económicas como tales sino que en cada caso considera las articulaciones hegemónicas.

nicas y la percepción política de los actores sociales que las hicieron posibles En segundo lugar el suyo es uno de los estudios más logrados de la divisoria de aguas representada por la crisis del 2001 En tercer lugar el análisis del proceso que se inicia a partir de esta crisis ha sido concebido desde el punto de vista de la emergencia de nuevos agentes sociales su estudio del movimiento piquetero es excelente y de los modos en que esta emergencia contribuyó a una reconfiguración decisiva de los modos de operar políticamente en Argentina La preocupación teórica central de Muñoz es el rol determinante de esta serie de procesos que pueden extenderse comparativamente a otros contextos para la comprensión del funcionamiento democrático en las sociedades contemporáneas El libro de Muñoz representa una contribución fundamental a la historiografía latinoamericana contemporánea que no puede ignorar nadie que quiera estar al tanto de los procesos que constituyen la trama de la Argentina actual Ernesto Laclau Argentina's Economic Growth and Recovery Michael Cohen, 2012-05-15 This book examines the causes of the economic and political crisis in Argentina in 2001 and the process of strong economic recovery It poses the question of how a country which defaulted on its external loans and was widely criticized by international observers could have succeeded in its growth and development despite this decision in 2002 It examines this process in terms of the impact of neo liberal policies on the economy and the role of development strategy and the state in recovering from the crisis
