Tiersma,2005-02 Why do so many people voluntarily consent to searches by have the police search their person or vehicle when they know that they are carrying contraband or evidence of illegal activity Does everyone understand the Miranda warning How well can people recognize a voice on tape Can linguistic experts identify who wrote an anonymous threatening letter Speaking of Crime answers these questions and examines the complex role of language within our criminal justice system Lawrence M Solan and Peter M Tiersma compile numerous cases ranging from the Lindbergh kidnapping to the impeachment trial of Bill Clinton to the JonBen t Ramsey case that provide real life examples of how language functions in arrests investigations interrogations confessions and trials In a clear and accessible style Solan and Tiersma show how recent advances in the study of language can aid in understanding how legal problems arise and how they might be solved With compelling discussions current issues and controversies this book is a provocative state of the art survey that will be of enormous value to legal scholars and professionals throughout the criminal justice system *The Imminent Collapse of America and of the Whole Western Civilization* Angelo Bertolo,2012-09 In the 5000 years of the history that we know great empires grew and fell according to certain patterns that repeat themselves like laws of nature The USA rose and grew to prominence in the world reached its zenith in 1945 with the military victory and with the atom bomb but is not destined to stay there forever The book tries to draw the attention to the signs of decadence that match the patterns of the decadence of previous empires in history and the patterns of growth of progress in other cultural milieus very few pundits in America and in the western media in general seem to be aware of this fact The birth rates keep diminishing in America and are very low in Europe In other civilisations the birth rates have been high and those countries count more in the world today politically and economically than a few generations ago In addition the irrational and passionate attitude of those peoples including the aggressive suicidal attitude with religious and political connotations is a sign of progress for them Those people who are in favour of family planning programs and of a more relaxed morality are acting against the general interests of their countries **Her Sheik Protector** Linda Conrad,2010-07-01 Darin Kadir had to protect American Rylie Hunt at all costs Seeking answers she d traveled halfway around the world to find him Now she is a target of his family
