The proliferation of zombie-related fiction, film, games, events and other media in the last decade would seem to indicate that zombies are the new vampires in popular culture. The encyclopedia examines a wide range of significant topics pertaining to zombies such as zombies in the pulp magazines, the creation of the figure of the zumbie to subvert decades of censorship by the Comics Code of Authority, *Humans vs. Zombies*, a popular zombie-themed game played on college campuses across the country and annual Halloween zombie walks. Organized alphabetically to facilitate use of the encyclopedia as a research tool, it also includes entries on important scholarly works in the expanding field of zombie studies.
