Bowker Company, 1982 *Paul and the Roman House Churches* Reta H. Finger, 2006-01-25 In AD 57 or 58 the apostle Paul sent his faithful coworker and patron Phoebe on an eight hundred mile journey to deliver a letter to all the Christians in Rome He was concerned about racial lifestyle and political tensions in the house church groups there Some believers were more conservative some more liberal How could they live in unity and help Paul in his mission Today we have Paul's letter but know little about its historical context Yet similar tensions still trouble churches Too often Romans has been misused to divide Christians from Jews or Christians from each other Finger claims we cannot understand Romans for our day unless we grasp its original setting She guides users of the book to re create house churches as in first century Rome Participants assume various roles and hear Phoebe proclaim Paul's message afresh They will not all agree on what Paul means Where they do catch his meaning they may not accept it How does Jesus' gospel teach them to get along together when they can't agree This book will also benefit individual readers and the learning through simulation is adaptable to groups of many ages and levels of education biblical awareness and spiritual maturity Diversity stimulates and enhances discussion The goal is to hear and apply the message of Romans to our lives today and have fun in the process **Luke** Orion N.
