and the Bible have won for him a place among the twentieth century s foremost biblical scholars This new and masterly presentation of New Testament theology completed and edited since the author's death by Professor L D Hurst takes the unique step of setting up an imaginary debate amongst the various authors of the New Testament themselves As central concepts predestination sin atonement the church sacrament ethics eschatology and christology are discussed between such figures as Luke Paul John and the author of Hebrews the work moves to its climax with a presentation of the theology of Jesus himself The result provides a particularly fresh and illuminating picture of the ideas at the heart of Christianity deserving a place on the shelf of every serious pastor theologian and student of the Bible New Testament Theology Leon Morris, 2011-03-01 This work is not a history of New Testament times nor an account of New Testament religion Nor does it proceed from a view that the New Testament was written as theology We must bear in mind that the writers of the New Testament books were not writing set theological pieces. They were concerned with the needs of the churches for which they wrote Those churches already had the Old Testament but these new writings became in time the most significant part of the Scriptures of the believing community As such they should be studied in their own right and these questions should be asked What do these writings mean What is the theology they express or imply What is of permanent validity in them We read these writings across a barrier of many centuries and from a standpoint of a very different culture We make every effort to allow for this but we never succeed perfectly In this book I am trying hard to find out what the New Testament authors meant and this not as an academic exercise but as the necessary prelude to our understanding of what their writings mean for us today From the Introduction Synoptic Gospels John K. Riches, William Telford, Christopher M. Tuckett, 2001-05-01 The highly popular Sheffield New Testament Guides are being reissued in a new format grouped together and prefaced by leading North American scholars This new format is designed to ensure that these authoritative introductions remain up to date and accessible to seminary and university students of the New Testament while offering a broader theological and literary context for their study In this volume Scot McKnight writes an introducton to the Synoptic Gospels as a whole illuminating their distinctive historical and theological features and their importance within the New Testament canon Recovering the Scandal of the Cross Mark D. Baker, Joel B. Green, 2011-08-02 Since its publication in 2000 Recovering the Scandal of the Cross has provoked thought among evangelicals about the nature of the atonement and how it should be expressed in today s various global contexts In this second edition Green and Baker have clarified and enlarged the text to ensure its ongoing critical relevance Sunday Matters Mark O'Brien, 2012-12-31 Recently Pope Benedict remarked the quality of homilies needs to be improved The Pope made this comment in the context of his extended reflection on the recent Synod in Rome 2010 on the word of God in the mission and life of the Church The homily is an integral part of Christian liturgy It is an honoured way of bringing the word of God to life such that people are helped to see the relevance of the word in their everyday lives The homily is also an art form which needs to be practised and developed with skill It seems to me as a

preacher myself that what people are looking for in the homily is an articulate faith filled knowledgeable commentary on the word of God which speaks to their everyday life and experience People want to see the fire desire and conviction in the person who preaches This is a constant challenge Mark O Brien here presents his reflections on Year C of the lectionary based on the Gospel of Luke This is the companion volume to the earlier ones for Years A and B Mark offers homilists a great service here In two to three pages or several hundred words he gives an erudite and practical reflection on the word of God for the particular Sunday or feast as a good foundation on which any homilist can then build Pope Benedict continues The art of good preaching based on the lectionary is an art that needs to be cultivated In these short but insightful reflections on the readings of the lectionary Mark makes an excellent contribution to developing the art form of good preaching to the benefit of both those who preach and those who hear them Rev Dr Brian Boyle Academic Dean Catholic Theological College

Studies in Hermeneutics, Christology and Discipleship Richard N. Longenecker, 2004 The Power to Speak Rebecca S. Chopp, 2002-11-22 In a calm sustained style the author breaks new ground in the ongoing feminist theological pilgrimage one that will make traditionalists squirm and liberationists cheer Choice In The Power to Speak Rebecca Chopp offers an exhilarating defense of feminist theology as proclamation and good news for all Arguing for a critique and transformation of language subjectivity and politics this thoughtful engaged book opens new directions in feminist thought Elizabeth Fox Genovese A provocative treatment of feminist theology's deepest potential to transform the discipline through language WATERwheel Rebecca Chopp is developing an original theological position Her interpretation of Christian faith and Christian theology as having to do primarily with emancipatory transformation breaks through the individualistic pietism of modern liberalism as well as the provincialism of many of the liberation theologies Gordon D Kaufman The Inheritors of the [basileia Tou Theou] Daniel Monikaraj,2008 Community-Forming Power Matthias Wenk, 2004-10-13 In past years the controversy over Luke's concept of the Spirit has centred on the ethical dimension of his pneumatology Community Forming Power sets out to address the issue by assessing the Lukan writings in the light of evidence from Second Temple Judaism and in applying speech act theory to prophetic utterances Wenk argues that the Spirit's role in prophecy cannot be limited to the content of the prophetic speech stripping it artificially from the intention behind it He further argues that the anointed church continues the liberating work of the anointed messiah in embracing the marginalized and thus is instrumental in realizing good news for the poor An Introductory Dictionary of Theology and Religious Studies Orlando O. Espín, James B. Nickoloff, 2007 Spanning the gamut from Aaron to Zwingli this dictionary includes nearly 3 000 entries written by about sixty authors all of whom are specialists in their various theological and religious disciplines The editors have designed the dictionary especially to aid the introductory level student with instant access to definitions of terms likely to be encountered in but not to substitute for classroom presentations or reading assignments Publisher The ABC of Sunday Matters Mark O'Brien, 2013-10-01 This book provides reflections on the Sunday Bible readings in the Roman

Catholic Lectionary for Years A B and C of the liturgical cycle They previously appeared in separate volumes of Sunday Matters published by ATF Theology in the Dominican Series They have now been combined in this single volume colour coded for easier use and with a revised general introduction and introduction to the Gospel of Matthew Like the previous volumes this one is intended to assist those preparing homilies and those with a desire to understand a little more deeply the readings used in the Sunday liturgy The Spirit and Christ in the New Testament and Christian Theology I. Howard Marshall, Volker Rabens, Cornelis Bennema, 2012-04-30 This volume gathers writings about the Spirit and Christ by notable scholars including Richard Bauckham D A Carson James Dunn and many others Covering topics that are relevant for the worldwide church today the life giving work of the Spirit the Spirit in Luke and Acts the gift of the Spirit in John 19 20 pneumatology and justification community life through the Spirit and more the twenty essays included will be a welcome resource for scholars and ministers The Spirit and Christ in the New Testament and Christian Theology is also a fitting tribute to honoree Max Turner whose outstanding scholarship has focused on pneumatology and Christology Contributors Richard Bauckham Cornelis Bennema D A Carson James D G Dunn Conrad Gempf Joel B Green Desta Heliso Veli Matti Krkkinen Anthony N S Lane John R Levison I Howard Marshall Graham McFarlane Robert P Menzies Steve Motyer Andr Munzinger Volker Rabens Mark L Strauss John Christopher Thomas Chris Tilling Robert W Wall Steve Walton of Discipleship in the New Testament Richard N. Longenecker, 1996-10-08 Discipleship is a subject that lies at the heart of Christian thought life and ministry For centuries it has been a way of thinking and speaking about the nature of the Christian life But what is actually meant by the notion of Christian discipleship In Patterns of Discipleship in the New Testament thirteen first class scholars examine what the New Testament writings say about the subject of discipleship highlight the features of both unity and diversity that appear throughout the New Testament and suggest in a very readable style how Christian discipleship can be expressed today in ways that honor both the oneness of the gospel and a legitimate variety of lifestyles The Gospels and Jesus Graham Stanton, 2002-03-06 Jesus of Nazareth and the four New Testament gospels continue to fascinate people from many cultural and religious backgrounds Who was Jesus Are Christian claims about him supported by solid historical evidence How reliable are the evangelists portraits of Jesus which were written some fifty years after his crucifixion These questions can be explored only on the basis of a sound grasp of the intentions and methods of the four evangelists Professor Stanton insists that the evangelists are concerned with both the story and the significance of Jesus of Nazareth Part I of this book examines the distinctive emphases of all four evangelists and discusses the apocryphal gospels with special reference to the Gospel of Thomas Part II deals with the ways of assessing the evidence for Jesus and explores his teaching intentions and the reasons for his downfall This book pays particular attention to appropriate methods for careful study of the gospels and the historical Jesus to provide an excellent textbook and a penetrating study for the general reader NEW TO THIS EDITION Every chapter updated to take account of recent scholarly developments Fuller

discussion of literary criticism chapter 2 the Gospel of Thomas chapter 7 archaeological evidence chapter 8 and methods for reconstructing the teaching of Jesus chapter 9 Bibliography is extended updated and partly annotated New cross references added to increase usability Map now included Material within some chapters and sub sections has been reorganised to increase accessibility Biblical quotations are now taken from the NRSV text New larger format and text design **Testament** Donald A. Hagner, 2012-11-15 This capstone work from widely respected senior evangelical scholar Donald Hagner offers a substantial introduction to the New Testament Hagner deals with the New Testament both historically and theologically employing the framework of salvation history He treats the New Testament as a coherent body of texts and stresses the unity of the New Testament without neglecting its variety Although the volume covers typical questions of introduction such as author date background and sources it focuses primarily on understanding the theological content and meaning of the texts putting students in a position to understand the origins of Christianity and its canonical writings Throughout Hagner delivers balanced conclusions in conversation with classic and current scholarship The book includes summary tables diagrams maps and extensive bibliographies Feasting on the Word: Year C, Volume 1 David L.
