*Historic Powder Houses of New England* Matthew E. Thomas, 2013-11-05 In the turbulent history of colonial New England more than two hundred powder houses were built to store gunpowder guns and armaments Even the spark from a metal shoe nail could ignite their contents so they often sat in remote sections of town These volatile storehouses played a vital role in earning and preserving American independence It was after all to a powder house in Concord Massachusetts that the British army marched in April 1775 to

seize colonists gunpowder The British were thwarted and the colonists defense of the powder house ignited the Revolutionary War Add to this the duels murders public hangings and tragic explosions that checkered the history of these structures and the reader will discover a fascinating and forgotten aspect of our New England heritage Using meticulous research Matthew Thomas narrates the colorful histories of New England s powder houses as he resurrects their historical significance in early American history      **Around Clarksville** John Caknipe Jr.,2009-07-13 Clarksville Virginias only lakeside town is part of Western Mecklenburg County It was the countys first incorporated town and was named for its founder Clarke Royster The area gained its fame when William Byrd II surveyed Buffalo Springs in 1726 and dubbed the waters the water that Adam drank The town was originally home to the Occoneechee Indians who were driven from the area 50 years earlier when Nathaniel Bacon fought his last battle at Fort Occoneechee massacring over 300 members of the tribe This battle became his legacy Today tourists are drawn to the area for annual fishing tournaments and lake activities

**American Political Prints, 1766-1876** Bernard Reilly,1991      *The Body in the Reservoir* Michael Ayers Trotti,2010-02-15 Centered on a series of dramatic murders in nineteenth and early twentieth century Richmond Virginia The Body in the Reservoir uses these gripping stories of crime to explore the evolution of sensationalism in southern culture In Richmond as across the nation the embrace of modernity was accompanied by the prodigious growth of mass culture and its accelerating interest in lurid stories of crime and bloodshed But while others have emphasized the importance of the penny press and yellow journalism on the shifting nature of the media and cultural responses to violence Michael Trotti reveals a more gradual and nuanced story of change In addition Richmond s racial makeup one third to one half of the population was African American allows Trotti to challenge assumptions about how black and white media reported the sensational the surprising discrepancies offer insight into just how differently these two communities experienced American justice An engaging look at the connections between culture and violence this book gets to the heart or perhaps the shadowy underbelly of the sensational as the South became modern      Dirt and Disease Naomi Rogers,1992 Dirt and Disease is a social cultural and medical history of the polio epidemic in the United States Naomi Rogers focuses on the early years from 1900 to 1920 and continues the story to the present She explores how scientists physicians patients and their families explained the appearance and spread of polio and how they tried to cope with it Rogers frames this study of polio within a set of larger questions about health and disease in twentieth century American culture      **The Greenwood Guide to American Popular Culture: Editorial cartoons through Illustration** M. Thomas Inge,Dennis Hall,2002      *Architecture and Town Planning in Colonial North America* James D. America an appreciation of the various architectural and landscape forms that the settlers created and an awareness of the diversity of the continent's geography and its peoples Considering the humblest buildings along with the mansions of the wealthy and powerful public buildings forts and churches Kornwolf captures the true dynamism and diversity of colonial communities their rivalries and frictions their outlooks and attitudes as they extended their hold on the land **American History in Image and Text** John Bidwell,1988 **A Race for Real Sailors** Keith McLaren,2021-03-26 In the summer of 1920 the public following the latest America's Cup series were frustrated to find that every time the wind got up the organizers called off the race There was muttering in the taverns of Halifax and Lunenburg why not show these fancy yachtsmen what real sailors can do A Nova Scotia newspaper donated a trophy and put out a challenge to their rivals in New England inviting them to meet the Maritimes best in a race for real sailors A Race for Real Sailors is a vibrant history of the Fishermen's Cup series which dominated sporting headlines between the two world wars The salt spray practically blows off the page as the author's arresting style captures the drama of each race and the personalities of the ships that contested them the Delawana and the Esperanto the Columbia and the Gertrude L Thebaud and dominating them all the Bluenose the big brute from Lunenburg whose image shines on the Canadian dime to this day Vying for the spotlight are the boats larger than life skippers among them Marty Welch the hard charging American who first took the cup Ben Pine the Gloucester scrap dealer whose passion kept the races afloat when they seemed destined to fade away and the irascible impossible Angus Walters master of the Bluenose who repeatedly broke American hearts but whose own heart was broken by Canada's refusal to come to the rescue of his beloved vessel This stirring and poignant tale is illustrated with 51 historical photographs and five maps and rounded out by a glossary of sailing terms and an appendix of the ever changing race rules This is a story that will keep even confirmed landlubbers pegged to their seats a tale of iron men and wooden ships whose time will never come again
