 Kasperson, 2013-05-13 Despite international initiatives such as the Earth Summit in 1992 and ongoing efforts to implement
 the Kyoto Protocol human activities continue to register a destructive toll on the planetary environment At root research on
 global environmental risk seeks new pathways for reversing unsustainable trends curtailing ongoing destructive activities
 and creating a life sustaining planet This book takes stock of the distinctive challenges posed by global environmental risks
 the capacity of knowledge systems to identify and characterize such risks and the competence of human society to manage
 the unprecedented complexity Particular attention turns on engaging in ways conducive to enhancing social learning and
 adaptation the large uncertainties inherent in these risks Various chapters enlist different scales of analysis to explore the
 manifestation and causes of global environmental risks in all the diversity of their regional expression Throughout the editors
 and contributors accord prominence to the vulnerability of people and places to environmental degradation Understanding
 vulnerability is a neglected key to assessing the nature of the risks and determining strategies for altering trajectories of
 threat Global risk futures the editors argue are not intractable and are still amenable to a risk analysis enterprise that is
 democratic in principle humanistic in concept and geared to the realities that pertain to the particular societies locales and
 regions that will ultimately bear the risk *Bush Basics* Glen Stedham, 1997 Both seasoned and novice hikers can learn from
 the book *Bush Basics* It is a good source of sound advice when in the wilderness Backwoods travel is growing in popularity
 and it is essential that everyone be aware of how to survive in the wilderness *Bush Basics* deals with proper clothing how to
 read maps compasses and use navigational aids Chapter 8 deals with what to do when lost in the wilderness and Chapter 14
 talks about necessary gear One complete section deals with bears and another with bugs Before heading into the backwoods
