Machiavelli's Children Leaders And Their Legacies In Italy And Japan:

Machiavelli's Children Richard J. Samuels, 2019 Two late developing nations Japan and Italy similarly obsessed with achieving modernity and with joining the ranks of the great powers have traveled parallel courses with very different national identities In this audacious book about leadership and historical choices Richard J Samuels emphasizes the role of human ingenuity in political change He draws on interviews and archival research in a fascinating series of paired biographies of political and business leaders from Italy and Japan Beginning with the founding of modern nation states after the Meiji Restoration and the Risorgimento Samuels traces the developmental dynamic in both countries through the failure of early liberalism the coming of fascism imperial adventures defeat in wartime and reconstruction as American allies Highlights of Machiavelli's Children include new accounts of the making of postwar Japanese politics using American money and Manchukuo connections and of the collapse of Italian political parties in the Clean Hands Mani Pulite scandal The author also tells the more recent stories of Umberto Bossi's regional experiment the Lega Nord the different choices made by Italian and Japanese communist party leaders after the collapse of the USSR and the leadership of Silvio Berlusconi and Ishihara Shintaro on the contemporary right in each country

Machiavelli's Children Richard J. Samuels, 2019-06-30 Two late developing nations Japan and Italy similarly obsessed with achieving modernity and with joining the ranks of the great powers have traveled parallel courses with very different national identities In this audacious book about leadership and historical choices Richard J Samuels emphasizes the role of human ingenuity in political change He draws on interviews and archival research in a fascinating series of paired biographies of political and business leaders from Italy and Japan Beginning with the founding of modern nation states after the Meiji Restoration and the Risorgimento Samuels traces the developmental dynamic in both countries through the failure of early liberalism the coming of fascism imperial adventures defeat in wartime and reconstruction as American allies Highlights of Machiavelli's Children include new accounts of the making of postwar Japanese politics using American money and Manchukuo connections and of the collapse of Italian political parties in the Clean Hands Mani Pulite scandal The author also tells the more recent stories of Umberto Bossi's regional experiment the Lega Nord the different choices made by Italian and Japanese communist party leaders after the collapse of the USSR and the leadership of Silvio Berlusconi and Ishihara Shintaro on the contemporary right in each country [Italians in Africa and the Japanese in South East Asia](#) Nikolaos Mavropoulos, 2022-08-22 The comparison of early Italy's and Japan's colonialism is without precedence The majority of studies on Italian and Japanese expansion refer to the 1930-1940s period fascist totalitarian era when Japan annexed Manchuria 1931 and Italy Ethiopia 1936 The first formative and crucial steps that paved the way for this expansion have been neglected This analysis covers a range of social political and economic parameters illuminating the diversity but also the common ground of the nature and aspirations of Japan's and Italy's early colonial systems The two states alongside the Great Powers of the era expanded in the name of humanism and civilization but in

reality in a way typically imperialistic they sought territorial compensations financial privileges and prestige A parallel and deeper understanding of the nineteenth century socio cultural psychological parameters such as tradition mentality and religion that shaped and explain the later ideological framework of Rome's and Tokyo's expansionist disposition has never been attempted before This monograph offers a detailed examination of the phenomenon of colonialism by examining the issue from two different angles The study contributes to the understanding of Italy's and Japan's early imperial expansion In addition it traces the origins of these states similar and common historical evolution in late nineteenth and the first half of the twentieth century

Japan, Italy and the Road to the Tripartite Alliance Ken Ishida, 2018-09-20 This book employs a comparative approach to explore the decision making processes behind the Japanese and Italian foreign policies concerned with East Asia Africa Europe and the Mediterranean It explores these policies in relation to the Axis powers and Britain in the 1930s Both Japan and Italy shared significant similarities in their decision making processes which help to illustrate the workings of ultra nationalist and fascist foreign policy The work examines the mechanism of decision making in the foreign ministries rather than the personalities of leaders in order to understand why and how both countries finally chose unexpected partners The Tripartite Alliance has often been perceived through the diplomatic motives and arbitrary manners of dictatorial leadership in Nazi Germany Fascist Italy and ultra nationalist Japan individually This book compares the foreign policies of Italy and Japan and looks outwards to their diplomatic relations with Britain a key imperial factor in their expansions into East Asia and Africa contrasting these Axis powers with Germany usually thought to typify fascist diplomacy

Italy and Japan: How Similar Are They? Silvio Beretta, Axel Berkofsky, Fabio Rugge, 2014-07-01 This book provides an enlightening comparative analysis of Japan's and Italy's political cultures and systems economics and international relations from World War II to the present day It addresses a variety of fascinating questions ranging from the origins of the authoritarian regimes and post war one party rule in both countries through to Japan's and Italy's responses to the economic and societal challenges posed by globalization and their international ambitions and strategies Similarities and differences between the two countries with regard to economic development models the relationship of politics and business economic structures and developments and international relations are analyzed in depth This innovative volume on an under researched area will be of great interest to those with an interest in Italian and Japanese politics and economics

Growing Democracy in Japan Associate Chair and Director of Graduate Programs Brian Woodall, Brian Woodall, 2014-06-19 Kentucky native and national tastemaker Duncan Hines 1880 1959 published his first cookbook *Adventures in Good Cooking* in 1939 at the age of fifty nine This best selling collection featured recipes from select restaurants across the country as well as crowd pleasing family favorites and it helped to raise the standard for home cooking in America Filled with succulent treats from the Waldorf Astoria's Chicken Fricassee to the Oeufs a la Russe served at Antoine's Restaurant in New Orleans to Mrs Hines's own Christmas Nut Cake this book includes classic recipes from top chefs and home cooks alike Featuring a new

introduction by Hines biographer Louis Hatchett and a valuable guide to the art of carving this classic cookbook serves up a satisfying slice of twentieth century Americana direct from the kitchen of one of the nation's most trusted names in food Now a new generation of cooks can enjoy and share these delectable dishes with family and friends *Japan's Politics and Economy* Marie Söderberg, Patricia Nelson, 2009-12-16 For some time Japan has been under fire for adjusting too slowly to new realities While this criticism may be valid on some levels Japan has been transforming in tandem with both regional and global forces However these changes have been largely overshadowed by the immense changes in Asia including the rise of China the 1997 Southeast Asian financial crisis and North Korea's development of nuclear weapons Has Japan the world's second largest economy only been muddling through In this volume the contributors show that although the challenges faced are great Japan is changing in areas ranging from political leadership education policy official development assistance peace building and security to defence production business associations and innovation policy The book analyses processes of change focusing on the dynamics of change rather than structural change or institutional change per se from four levels the individual domestic regional and global Forces from outside Japan such as a changing world order and changes in power relationships in Asia have driven change along with pressures emerging within Japan such as the increasing power of public opinion and competitiveness within markets This book will be of interest to scholars and students of Japanese and Asian Studies Politics International Relations Globalization Business and Economics **Special Duty** Richard J. Samuels, 2019-10-15 The prewar history of the Japanese intelligence community demonstrates how having power over much but insight into little can have devastating consequences Its postwar history one of limited Japanese power despite growing insight has also been problematic for national security In *Special Duty* Richard J Samuels dissects the fascinating history of the intelligence community in Japan Looking at the impact of shifts in the strategic environment technological change and past failures he probes the reasons why Japan has endured such a roller coaster ride when it comes to intelligence gathering and analysis and concludes that the ups and downs of the past century combined with growing uncertainties in the regional security environment have convinced Japanese leaders of the critical importance of striking balance between power and insight Using examples of excessive hubris and debilitating bureaucratic competition before the Asia Pacific War the unavoidable dependence on US assets and popular sensitivity to security issues after World War II and the tardy adoption of image processing and cyber technologies Samuels' bold book highlights the century long history of Japan's struggles to develop a fully functioning and effective intelligence capability and makes clear that Japanese leaders have begun to reinvent their nation's intelligence community *Japanese Politics and Government* Alisa Gaunder, 2023-02-27 The revised 2nd edition of this successful textbook explores Japanese politics in the postwar era from theoretical and comparative perspectives After providing historical context it offers an in depth exploration of postwar political institutions political reform in the 1990s the policymaking process and the politics of economic growth and stagnation By delving into Japan's

international relations the book sheds light on Japan's security and foreign policies and Japan's role in Asia. The textbook concludes by addressing what has changed since party alternation in 2009, the triple disaster in March 2011, and the global Covid pandemic. Themes and questions addressed throughout the text include: How and why did Japan modernize so successfully when so many other countries fell prey to colonialism and authoritarianism? What explains the Japanese economic miracle and its subsequent economic stagnation? What accounts for Japan's successful democratization? In the international realm, why has Japan achieved economic superpower status without achieving political superpower status? What is the future trajectory of Japanese politics? Connecting Japan to larger themes in comparative politics and linking Japan's history, institutions, policymaking process, and international relations to experiences and structures in other countries, this book is essential reading for students of Japanese or Asian Politics.

Japanese Diplomacy H. D. P. Envall, 2015-02-17

Groundbreaking study demonstrating how Japan's leaders play an important role in diplomacy. A political leader is most often a nation's most high profile foreign policy figure, its chief diplomat. But how do individual leadership styles, personalities, perceptions, or beliefs shape diplomacy? In *Japanese Diplomacy*, the question of what role leadership plays in diplomacy is applied to Japan, a country where the individual is often viewed as being at the mercy of the group and where prime ministers have been largely thought of as reactive and weak. In challenging earlier simplified ideas of Japanese political leadership, H. D. P. Envall argues that Japan's leaders from early Cold War figures such as Yoshida Shigeru to the charismatic and innovative Koizumi Junichiro to the present leadership of Abe Shinzo have pursued leadership strategies of varying coherence and rationality, often independent of their political environment. He also finds that different Japanese leaders have shaped Japanese diplomacy in some important and underappreciated ways. In certain environments, individual difference has played a significant role in determining Japan's diplomacy, both in terms of the country's strategic identity and summit diplomacy. What emerges from *Japanese Diplomacy* therefore is a more nuanced overall picture of Japanese leadership in foreign affairs.

Political Transitions in Dominant Party Systems Joseph Wong, Edward Friedman, 2008-10-27

Using country-specific case studies, top rank analysts in the field focus on the lessons that dominant parties might learn from losing and the adaptations they consequently make in order to survive, to remain competitive, or to ultimately regain power.

Japan's Holocaust Bryan Mark Rigg, 2024-03-19

Japan's Holocaust is a comprehensive exploration of Japan's mass murder and sexual crimes during the Pacific and Asian Wars from 1927 to 1945. *Japan's Holocaust* combines research conducted in over eighteen research facilities in five nations to explore Imperial Japan's atrocities from 1927 to 1945 during its military expansions and reckless campaigns throughout Asia and the Pacific. This book brings together the most recent scholarship and new primary research to ascertain that Japan claimed a minimum of thirty million lives, slaughtering far more than Hitler's Nazi Germany. *Japan's Holocaust* shows that Emperor Hirohito not only knew about the atrocities his legions committed but actually ordered them. He did nothing to stop them when they exceeded even the most depraved person's imagination as

illustrated during the Rape of Nanking as well as many other events Japan's Holocaust will document in painful detail that the Rape of Nanking was not an isolated event during the Asian War but rather representative of how Japan behaved for all its campaigns throughout Asia and the Pacific from 1927 to 1945 Mass murder rape and economic exploitation was Japan's modus operandi during this time period and whereas Hitler's SS Death's Head outfits attempted to hide their atrocities Hirohito's legions committed their atrocities out in the open with fanfare and enthusiasm Moreover whereas Germany has done much since World War II to atone for its crimes and to document them Japan has been absolutely disgraceful with its reparations for its crimes and in its efforts to educate its population about its wartime past Shockingly Japan continues in general to glorify its criminals and its wartime past

Political Corruption and Scandals in Japan Matthew M.

Carlson, Steven R. Reed, 2018-03-15 Combining history with comparative politics Matthew M Carlson and Steven R Reed take on political corruption and scandals and the reforms designed to counter them in post World War II Japan Political Corruption and Scandals in Japan makes sense of the scandals that have plagued Japanese politics for more than half a century and attempts to show how reforms have evolved to counter the problems What causes political corruption to become more or less serious over time they ask The authors examine major political corruption scandals beginning with the early postwar period until the present day as one way to make sense of how the nature of corruption changes over time They also consider bureaucratic corruption and scandals violations of electoral law sex scandals and campaign finance regulations and scandals In the end Carlson and Reed write though Japanese politics still experiences periodic scandals the political reforms of 1994 have significantly reduced the levels of political corruption The basic message is that reform can reduce corruption The causes and consequences of political corruption in Japan they suggest are much like those in other consolidated democracies

Good Italy, Bad Italy Bill Emmott, 2013-04-20 Not long ago Italy was Europe's highly touted emerging economy a society that blended dynamism and super fast growth with a lifestyle that was the envy of all Now it is viewed as a major threat to the future of the Euro indeed to the European Union as a whole Italy's political system is shorn of credibility as it struggles to deal with huge public debts and anemic levels of economic growth Young people are emigrating in droves frustrated at the lack of opportunity while older people stubbornly cling to their rights and privileges fearful of an uncertain future In this lively up to the minute book Bill Emmott explains how Italy sank to this low point how Italians feel about it and what can be done to return the country to more prosperous and more democratic times With the aid of numerous personal interviews Emmott analyzes Bad Italy the land of disgraced Prime Minister Silvio Berlusconi an inadequate justice system an economy dominated by special interests and continuing corruption against its contrasting foil Good Italy the home of enthusiastic entrepreneurs truth seeking journalists and countless citizens determined to end mafia domination for good

East and South-East Asia Andrew T. H. Tan, 2013-07-03 The economic growth of East and South East Asia in the context of the global financial crisis has strengthened the view that this region is emerging in the 21st century as the most

economically vibrant region in the world With some of the largest economies and generally high economic growth rates compared to the rest of the world it is unsurprising that East and South East Asia has become the subject of global interest East Asia's rise inevitably focuses attention on the issue of China's emergence as a regional and global power Such a prospect challenges the current status quo in which the region is dominated by the USA and its regional allies and issues in Sino-US strategic relations have raised global awareness of the need to understand this pivotal region better In addition the Taiwan issue continues to evoke nationalist sentiments in China and North Korea continues to threaten regional stability Non-traditional or alternative security issues are also of major importance in the region including natural disasters and epidemics as well as challenges relating to human rights and governance transnational crime demographic issues economics and trade and regionalism This Handbook aims to offer an insight into these issues The volume is divided into two main sections The first International Relations and Security Perspectives will focus on the international relations of the region paying special attention to the key state players The chapter contributions will examine the security perspectives and foreign and defence policies of these states as well as key bilateral relationships The second section will examine key Regional Non-traditional Security Issues including globalization transnational health challenges population growth and the environment

Searching for Japan Michele Monserrati, 2020 This book pursues the specific case of Italian travel narratives in the Far East through a focus on the experience of Japan in works by writers who visited the Land of the Rising Sun beginning in the Meiji period 1868-1912 and during the concomitant opening of Japan's relations with the West Drawing from the fields of Postcolonial and Transnational Studies analysis of these texts explores one central question what does it mean to imagine Japanese culture as contributing to Italian culture Each author shares in common an attempt to disrupt ideas about dichotomies and unbalanced power relationships between East and West Proposing the notion of relational Orientalism this book suggests that Italian travelogues to Japan in many cases pursued the goal of building imaginary transnational communities predicated on commonalities and integration by claiming what they perceived as Oriental as their own In contrast with a long history of Western representations of Japan as inferior and irrational Searching for Japan identifies a positive overarching attitude toward the Far East country in modern Italian culture Expanding the horizon of Italian transnational networks normally situated within the Southern European region this book reinstates the existence of an alternative Euro-Asian axis operating across Italian history

The Fascist Effect Reto Hofmann, 2015-07-09 In *The Fascist Effect* Reto Hofmann uncovers the ideological links that tied Japan to Italy drawing on extensive materials from Japanese and Italian archives to shed light on the formation of fascist history and practice in Japan and beyond Moving between personal experiences diplomatic and cultural relations and geopolitical considerations Hofmann shows that interwar Japan found in fascism a resource to develop a new order at a time of capitalist crisis Hofmann demonstrates that fascism in Japan was neither a European import nor a domestic product it was rather the result of a complex process of global transmission and

reformulation Far from being a vague term as postwar historiography has so often claimed for Japanese of all backgrounds who came of age from the 1920s to the 1940s fascism conjured up a set of concrete associations including nationalism leadership economics and a drive toward empire and a new world order **Confucian Capitalism** John H.

Sagers,2018-07-20 With the life story of Shibusawa Eiichi 1840 1931 one of the most important financiers and industrialists in modern Japanese history as its narrative focal point this book explores the challenges of importing modern business enterprises to Japan where the pursuit of profit was considered beneath the dignity of the samurai elite Seeking to overturn the Tokugawa samurai dominated political economy after the Meiji Restoration Shibusawa was a pioneer in introducing joint stock corporations to Japan as institutions of economic development As the entrepreneurial head of Tokyo s Dai Ichi Bank he helped launch modern enterprises in such diverse industries as banking shipping textiles paper beer and railroads Believing businesses should be both successful and serve the national interest Shibusawa regularly cautioned against the pursuit of profit alone He insisted instead on the unity of morality and economy following business ethics derived from the Confucian Analects A top leader in Japan s business community for decades Shibusawa contributed to founding the Tokyo Stock Exchange the Tokyo Chamber of Commerce and numerous educational and philanthropic organizations to promote his vision of Confucian capitalism This volume marks an important contribution to the international debate on the extent to which capitalist enterprises have a responsibility to serve and benefit the societies in which they do business Shibusawa s story demonstrates that business government trade associations and educational institutions all have valuable roles to play in establishing a political economy that is both productive and humane Japan's Arduous Rejuvenation as a Global Power

Victor Teo,2019-04-08 This open access book assesses the profound impact of Japan s aspirations to become a great power on Japanese security democracy and foreign relations Rather than viewing the process of normalization and rejuvenation as two decades of remilitarization in face of rapidly changing strategic environment and domestic political circumstances this volume contextualizes Japan s contemporary international relations against the longer grain of Japanese historical interactions It demonstrates that policies and statecraft in the Prime Minister Shinzo Abe s era are a continuation of a long unbroken and arduous effort by successive generations of leaders to preserve Japanese autonomy enhance security and advance Japanese national interests Arguing against the notion that Japan cannot work with China as long as the US Japan alliance is in place the book suggests that Tokyo could forge constructive relations with Beijing by engaging China in joint projects in and outside of the Asia Pacific in issue areas such as infrastructure development or in the provision of international public goods It also submits that an improvement in Japan China relations would enhance rather than detract Japan US relations and that Tokyo will find that her new found autonomy in the US Japan alliance would not only accord her more political respect and strategic latitude but also allow her to ameliorate the excesses of American foreign policy adventurism paving for her to become a truly normal great power **Securing Japan** Richard J. Samuels,2011-07-07 For

the past sixty years the U S government has assumed that Japan s security policies would reinforce American interests in Asia The political and military profile of Asia is changing rapidly however Korea s nuclear program China s rise and the relative decline of U S power have commanded strategic review in Tokyo just as these matters have in Washington What is the next step for Japan s security policy Will confluence with U S interests and the alliance survive intact Will the policy be transformed Or will Japan become more autonomous Richard J Samuels demonstrates that over the last decade a revisionist group of Japanese policymakers has consolidated power The Koizumi government of the early 2000s took bold steps to position Japan s military to play a global security role It left its successor the Abe government to further define and legitimate Japan s new grand strategy a project well under way and vigorously contested both at home and in the region Securing Japan begins by tracing the history of Japan s grand strategy from the Meiji rulers who recognized the intimate connection between economic success and military advance to the Konoye consensus that led to Japan s defeat in World War II and the postwar compact with the United States Samuels shows how the ideological connections across these wars and agreements help explain today s debate He then explores Japan s recent strategic choices arguing that Japan will ultimately strike a balance between national strength and national autonomy a position that will allow it to exist securely without being either too dependent on the United States or too vulnerable to threats from China Samuels s insights into Japanese history society and politics have been honed over a distinguished career and enriched by interviews with policymakers and original archival research Securing Japan is a definitive assessment of Japanese security policy and its implications for the future of East Asia

Right here, we have countless book **Machiavellis Children Leaders And Their Legacies In Italy And Japan** and collections to check out. Machiavellis Children Leaders And Their Legacies In Italy And Japan Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Machiavellis Children Leaders And Their Legacies In Italy And Japan free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Machiavellis Children Leaders And Their Legacies In Italy And Japan free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Machiavellis Children Leaders And Their Legacies In Italy And Japan free PDF files is convenient, its

important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Machiavellis Children Leaders And Their Legacies In Italy And Japan. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Machiavellis Children Leaders And Their Legacies In Italy And Japan any PDF files. With these platforms, the world of PDF downloads is just a click away.
