*Electric Railway Journal* ,1914      **True Stories of Strange Events and Odd People** Lawrence S. Bartell,2014

Lawrence Bartell experienced many strange events over the course of his long life at least partly because he deliberately strayed far from the beaten path in science While it might not have been the most efficient way to gain a reputation in his field it was more fun In his memoir he presents a collection of entertaining sometimes bizarre stories collected over a lifetime Bartell chronicles a wide variety of experiences such as his predisposition to indulge in childhood pranks his arrest as a possible Russian spy his work on the Manhattan Project his entry into the Guinness Book of Records his stint in the US Navy during wartime and his appointment as visiting professor in Moscow during the height of the Cold War As he recalls the curious and often bizarre true stories he acquired over a lifetime it soon becomes evident that scientists are just as human as anyone else and that beer really can play an important role in preparing one for a PhD thesis True Stories of Strange Events and Odd People shares details from a scientist s one of a kind journey through life as he observes the world around him tests his theories and learns valuable life lessons      *Iron Angels* Eric Flint,Alistair Kimble,2017-09-05 A bizarre kidnapping case leads FBI Special Agent Jasper Wilde into the mysterious world of a strange religious cult and even stranger criminals At the scene of the kidnapping itself a frightening apparition is seen Then a hideously mutilated corpse is found nearby Something wicked has come to the normal seeming Chicago suburbs It doesn t take long before the FBI agents realize that something truly extraordinary is unfolding in northwest Indiana and that whatever it is the area s huge steel industry is somehow at the center Jasper is joined by Supervisory Special Agent Temple Black Black has recently been put in charge of a new unit the Scientific Anomalies Group created to analyze and handle peculiar cases which might be on the periphery of national security Another cult is discovered although this one seems to be opposed to the criminal activities taking place Further investigation however just produces more in the way of mystery The agents consult with scientists and theologians but no one has any idea what might be producing the situation Until finally the cults erupt in open warfare As the FBI agents race to intervene and finally put a stop to the horrors they come to understand and accept that something very ancient and very evil has surfaced in the world or perhaps something that is very very alien At the publisher s request this title is sold without DRM Digital Rights Management About Eric Flint Another engaging alternate history from a master of the genre Booklist an old style

police procedural mystery set in 17th century Germany the threads spin together to weave an addictively entertaining story a strong addition to a fun series Daily News of Galveston County This alternate history series is a landmark Booklist Eric Flint's 1632 universe seems to be inspiring a whole new crop of gifted alternate historians Booklist reads like a technothriller set in the age of the Medicis Publishers Weekly     **The Wood-worker** ,1886     Popular Science ,1936-02 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better     **The Fair Weather and Rainy Day Handy Book** Daniel C. Beard,2009-01-01 From the author of The American Boy's Handy Book comes yet another guide to wholesome imaginative fun This book features dozens of indoor and outdoor activities with simple instructions and easy to follow diagrams for building a backyard clubhouse setting up a workshop picnic games papercrafts and other diversions     **In Good Hands** Charles Fish,2025-09-23 In 1836 Henry Lester moved his family from the Vermont hills to better land on the valley floor north of Rutland beginning a saga six generations on a farm which this book portrays and explores with an affectionate but critical eye What gives the book its distinctive charm is its vivid evocation of a way of life the beloved grandmother keeping house both as a shelter and as a temple of the spirit the uncles sowing and harvesting raising and slaughtering the author as a small boy working with the men fishing and hunting and later reflecting on the issues of pleasure and work freedom and community
