Bruce Cotton,2022-01-26 Death destruction and unrelenting war is all the people of Tantris have known for generations But with the end of the Dark Mage war a new era begins one of safety healing and a peace long hoped for After centuries of struggle the Dark Mage is dead killed by Adam Gray in an epic battle beneath the fiery catacombs of Mount Dismay Or at least the world thought so When an assassin s arrow turns matchless joy to grieving despair it marks but the first of many blows signaling the rebirth of an age old nemesis And this time Adam will find himself overmatched and woefully unprepared Together with Craigen the giant Adam embarks on a crucial quest He must seek a means to answer the unanswerable How to salvage a love already lost How to redeem the lives of friends half a world away And one transcendent question one whose answer will determine whether thousands live or die How do you kill a monster who is already dead **Magic and Magicians in the Middle Ages and the Early Modern Time** Albrecht Classen,2017-10-23 There are no clear demarcation lines between magic astrology necromancy medicine and even sciences in the pre modern world Under the umbrella term magic the contributors to this volume examine a wide range of texts both literary and religious both medical and philosophical in which the topic is discussed from many different perspectives The fundamental concerns address issue such as how people perceived magic whether they accepted it and utilized it for their own purposes and what impact magic might have had on the mental structures of that time While some papers examine the specific appearance of magicians in literary texts others analyze the practical application of magic in medical contexts In addition this volume includes studies that deal with the rise of the witch craze in the late fifteenth century and then also investigate whether the Weberian notion of disenchantment pertaining to the modern world can be maintained Magic is oddly but significantly still around us and exerts its influence Focusing on magic in the medieval world thus helps us to shed light on human culture at large Type and Motif-Index of the Folktales of England and North America Ernest W.
