

MAGNIFICENT PASSAGE

A romantic scene between a man and a woman in a rustic, wooden setting. The woman, with dark hair, is leaning over the man, who is lying down. They are both looking at each other with affection. The woman is wearing a light-colored, patterned dress. The man is wearing a white shirt. The background is filled with wooden shelves and various objects, creating a warm, intimate atmosphere.

The Art of Tonal Analysis Carl Schachter, 2016 Carl Schachter is the world's leading practitioner of Schenkerian theory and analysis His articles and books have been broadly influential and are seen by many as models of musical insight and lucid prose Yet perhaps his greatest impact has been felt in the classroom At the Mannes College of Music the Juilliard School of Music Queens College and the Graduate Center of the City University of New York and at special pedagogical events around the world he has taught generations of musical performers composers historians and theorists over the course of his long career In Fall 2012 Schachter taught a doctoral seminar at the CUNY Graduate Center in which he talked about the music and the musical issues that have concerned him most deeply the course was in essence a summation of his extensive and renowned teaching In *The Art of Tonal Analysis* winner of the Society for Music Theory's 2017 Citation of Special Merit music theorist Joseph Straus presents edited transcripts of those lectures Accompanied by abundant music examples including analytical examples transcribed from the

classroom blackboard Straus's own visualizations of material that Schachter presented aurally at the piano and Schachter's own extended Schenkerian graphs and sketches this book offers a vivid account of Schachter's masterful pedagogy and his deep insight into the central works of the tonal canon In making the lectures of one of the world's most extraordinary musicians and musical thinkers available to a wide audience *The Art of Tonal Analysis* is an invaluable resource for students and scholars of music

The China Clippers Basil Lubbock, 1915 This book is an effort to preserve the records of the most perfect type of sailing ship at the very height of its development and it has been written entirely for sailors and those who are interested in shipping I have put down as simply as possible the personal history of certain ships and that in the plain language of the sea without any attempt to explain technical or seafaring terms for the benefit of the landsman The material gathered together in this book has been culled from countless abstract log books as well as from information supplied to me not only by the men who sailed the ships but also by their owners designers and builders Indeed I have to thank so many people for their help that a page of print would not contain their names and I can only hope that this book may perhaps recall some pleasant sea memories and thus in some slight way recompense them for their kindness and trouble Reprint of the original edition 1899
