George's uncle perceptively remarks life and money both behave like loose quicksilver in a nest of cracks. With the new automobile industry transforming fortunes and coal heat transforming city air into sooty clouds, anything that stands still is apt to be run over or at least begrimed. What is magnificent about the Ambersons is their faithful reliance on old money and old ways in a world changing rapidly around them. Or perhaps it is the magnificence of the train wreck created when George's relatives with the best intentions shield him from the new realities and defer to all his wishes. Booth Tarkington's most popular novel, *The Magnificent Ambersons*, will continue to draw readers for its well-crafted portraits of what existed for just a short while the Midwestern aristocracy. remodelling when it was a year or so old it remained distinguished by merely remaining silk Old men and governors wore broadcloth full dress was broadcloth with doeskin trousers and there were seen men of all ages to whom a hat meant only that rigid tall silk thing known to impudence as a stove pipe In town and country these men would wear no other hat and without self consciousness they went rowing in such hats Shifting fashions of shape replaced aristocracy of texture dressmakers shoemakers hatmakers and tailors increasing in cunning and in power found means to make new clothes old The long contagion of the Derby hat arrived one season the crown of this hat would be a bucket the next it would be a spoon Every house still kept its bootjack but high topped boots gave way to shoes and congress gaiters and these were played through fashions that shaped them now with toes like box ends and now with toes like the prows of racing shells Trousers with a crease were considered plebeian the crease proved that the garment had lain upon a shelf and hence was ready made these betraying trousers were called hand me downs in allusion to the shelf In the early eighties while bangs and bustles were having their way with women that variation of dandy known as the dude was invented he wore trousers as tight as stockings dagger pointed shoes a spoon Derby a single breasted coat called a Chesterfield with short flaring skirts a torturing cylindrical collar laundered to a polish and three inches high while his other neckgear might be a heavy puffed cravat or a tiny bow fit for a doll s braids With evening dress he wore a tan overcoat so short that his black coat tails hung visible five inches below the over coat but after a season or two he lengthened his overcoat till it touched his heels and he passed out of his tight trousers into trousers like great bags Then presently he was seen no more though the word that had been coined for him remained in the vocabularies of the impertinent It was a hairier day than this Beards were to the wearers fancy and things as strange as the Kaiserliche boar tusk moustache were commonplace
