The Atlas of Reds and Blues Devi S. Laskar, 2020-02-18. This Washington Post Best Book of the Year grapples with the complexities of the second generation American experience: what it means to be a woman of color in the workplace and a sister, a wife and a mother to daughters in today's America. When a woman known only as Mother moves her family from Atlanta to its wealthy suburbs, she discovers that neither the times nor the people have changed since her childhood in a small Southern town. Despite the intervening decades, Mother is met with the same questions: Where are you from? No, where are you really from? The American born daughter of Bengali immigrants, she finds that her answer: Here, is never enough. Mother's simmering anger breaks through one morning when, during a violent and unfounded police raid on her home, she finally refuses to be complacent. As she lies bleeding from a gunshot wound, her thoughts race from childhood games with her sister and visits to cousins in India to her time in the newsroom before having her three daughters to the early days of her relationship with a husband who now spends more time flying business class than at home. Drawing inspiration from the author's own terrifying experience of a raid on her home, Devi S. Laskar's debut novel explores in exquisite lyrical prose an alternate reality that might have been. The entire novel takes place over the course of a single morning and the effect is devastatingly potent. Marie Claire. Devi S. Laskar's *The Atlas of Reds and Blues* is as narratively beautiful as it is brutal. I've never read a novel that does nearly as much in so few pages. Kiese Laymon, author of *Heavy*.

Radical Empathy in Multicultural Women's Fiction Lara Narcisi,2023-07-25 Fiction provides the possibility for radical empathy by connecting us with strangers and Radical Empathy in Multicultural Women s Fiction From the Library to Liberation both analyzes and embodies this phenomenon by putting women novelists of color in conversation with one another Foregrounding the growing importance of intersectionality studies this book considers how race gender and class interact for each author In our increasingly fragmented national dialogue this approach is unique and timely demonstrating how novels can transform how we understand ourselves and act towards others Each chapter compares a contemporary female author to an earlier canonical author of her ethnic background depicting the dialogues that authors have across the decades Each conversation focuses on an intersectional question How has culturally enforced silence impacted Asian women writers How can the American road trip narrative provide Black men access to their pasts How do

poverty and gentrification impact Chicana coming of age stories Finally the book facilitates a dialogue across ethnic categories considering what commonalities all women writers of color share in the contemporary United States and how their conversations can reach and impact readers to take the crucial step from empathy to action in their own communities
