Maimonides Torah And Philosophic Quest:

Maimonides ,2002 **Maimonides** ,1976 *Maimonides* David Hartman,1976 Maimonides s total philosophy shows how the search for truth based on logic physics and metaphysics is compatible with Judaism *Review of Hartman, David. Maimonides: Torah and Philosophic Quest* Barry S. Kogan,1977 **Continuity and Change** Steven T. Katz,Steven Bayme,2012-07-10 This collection of essays was inspired by the desire to create a suitable tribute to Dr Irving Greenberg Dr Greenberg has been one of the truly major figures in the American Jewish community for the past forty years A community activist and a theologian of distinction he has influenced not only the practical direction of Jewish life especially through his work with the leadership of Jewish Federations throughout the country but also the shape of contemporary Jewish thought through his writings on the Holocaust the State of Israel and traditional Jewish themes The outstanding list of authors who have contributed to this volume writing on central issues in traditional and modern Jewish thought and history are a testimony to Dr Greenberg s repercussive presence and theological contribution Those interested in the contemporary American Jewish community and the nature and shape of modern Jewish thought at the beginning of the new millennium will find this a valuable thought provoking addition to their libraries *Where Shall Wisdom be Found?* Susan E. Schreiner,1994-06-15 Through countless retellings from the Talmud to Archibald MacLeish and since the story of Job has been a fixture in the cultural imagination of the West captivating the human imagination and forcing its readers to wrestle with the most painful realities of human existence In this study Susan E Schreiner analyzes interpretations of the Book of Job by Gregory the Great Maimonides Thomas Aquinas and particularly John Calvin Reading Calvin s interpretation against the background of his medieval predecessors she shows how central Job is to Calvin s struggles with some basic theological issues Calvin and his predecessors put forth a variety of explanations for Job s wisdom focusing on discussions of suffering inferiority enlightenment union with the Active Intellect immortality providence and faith The one unifying feature of these precritical Joban commentaries is a concern with intellectual perception in particular with what Job saw or understood What did the friends who defended God misperceive Why did they not see the situation correctly How does one explain Job s perceptual superiority over his friends These texts raise basic questions about the human capacity for knowledge Can suffering particularly inexplicable suffering elevate human understandings about God and self Can humans truly perceive the workings of providence in their personal lives Are evil and injustice a reality that we must confront before finding wisdom In her final chapter Schreiner shows that such concerns are not abandoned in modern critical commentaries and literary transformations of the Joban legend Her study concludes by tracing the trajectory of these concerns through the wide array of twentieth century interpretations of Job including modern biblical commentaries the work of Carl Jung and literary transfigurations by Wells MacLeish Wiesel and Kafka The result is a compelling demonstration of the vital insights the history of exegesis can yield for contemporary culture **Philosophie et science au Moyen Age / Philosophy and Science in**

The Book of Job in Medieval Jewish Philosophy Robert

Eisen,2004-09-16 Medieval Jewish philosophers have been studied extensively by modern scholars but even though their philosophical thinking was often shaped by their interpretation of the Bible relatively little attention has been paid to them as biblical interpreters In this study Robert Eisen breaks new ground by analyzing how six medieval Jewish philosophers approached the Book of Job These thinkers covered are Saadia Gaon Moses Maimonides Samuel ibn Tibbon Zerahiah Hen Gersonides and Simon ben Zemah Duran Eisen explores each philosopher s reading of Job on three levels its relationship to interpretations of Job by previous Jewish philosophers the way in which it grapples with the major difficulties in the text and its interaction with the author s systematic philosophical thought Eisen also examines the resonance between the readings of Job of medieval Jewish philosophers and those of modern biblical scholars What emerges is a portrait of a school of Joban interpretation that was creative original and at times surprisingly radical Eisen thus demonstrates that medieval Jewish philosophers were serious exegetes whom scholars cannot afford to ignore By bringing a previously overlooked aspect of these thinkers work to light Eisen adds new depth to our knowledge of both Jewish philosophy and biblical interpretation

Thinking Through Revelation Robert J. Dobie,2019-01-09 Navigating the seemingly competing claims of human reason and divine revelation to truth is without a doubt one of the central problems of medieval philosophy Medieval thinkers argued a whole gamut of positions on the proper relation of religious faith to human reason *Thinking Through Revelation* attempts to ask deeper questions what possibilities for philosophical thought did divine revelation open up for medieval thinkers How did the contents of the sacred scriptures of Judaism Christianity and Islam put into question established philosophical assumptions But most fundamentally how did not merely the content of the sacred books but the very mode in which revelation itself is understood to come to us as a book sent down from on high as a covenant between God and his people or as incarnate person create or foreclose possibilities for the resolution of the philosophical problems that the Abrahamic revelations themselves raised

Frank, 2012-02-01 This volume brings together leading philosophers of Judaism on the issue of autonomy in the Jewish tradition Addressing themselves to the relationship of the individual Jew to the Jewish community and to the world at large some selections are systematic in scope while others are more historically focused The authors address issues ranging from the earliest expressions of individual human fulfillment in the Bible and medieval Jewish discussions of the human good to modern discussions of the necessity for the Jew to maintain both a Jewish sensibility as well as an active engagement in the modern pluralistic state Contributors include Eugene Borowitz Elliot N Dorff Daniel H Frank Robert Gibbs Lenn E Goodman Zev Lev Levy Kenneth Seeskin and Martin D Yaffe **Back To The Sources** Barry W. Holtz, 2008-06-30 Essays analyze the major traditional texts of Judaism from literary historical philosophical and religious points of view **Two Models of Jewish Philosophy** Daniel Rynhold, 2005-03-17 In a work that illustrates how Jewish philosophy can make a genuine contribution to general philosophical debate Daniel Rynhold attempts to formulate a model for the justification of practices by applying the methods of modern analytic philosophy to approaches to the rationalization of the commandments from the history of Jewish philosophy Through critical analysis of the methods of Moses Maimonides and Joseph Soloveitchik Rynhold argues against propositional approaches to justifying practices that he terms Priority of Theory approaches and offers instead his own method termed the Priority of Practice which emphasizes the need for a more pragmatic take on this whole issue *Emet le-Ya'akov* Zev Eleff, Shaul Seidler-Feller, 2023-11-21 *Emet le Ya'akov* comprises a collection of essays celebrating the career and achievements of Rabbi Dr Jacob J Schacter who has served the American and international Jewish community
