Main Themes In The Debate Over Property Rights:

Main Themes in the Debate Over Property Rights James W. Ely, 1997 When BBC producer Jan Harding arrives at the small idyllic Suffolk village to begin production of the Palm Sunday broadcast of Songs of Praise a television program featuring hymns sung by real congregations she finds out that the vicar Clive Linton is hopelessly absent minded and not impressed that the top BBC religious program chose to come to his church His practical wife Helen however gets on well with the television team perhaps a little too well where the charming enigmatic rigger Michael is concerned Soon the whole village gets involved Bunty Maddocks queen of every local committee plots to get around the ban on church flowers during Lent retired lonely accountant Jack Diggins finds purpose faith and friendship as he plans tickets and seating teenage soloist Anna surprises herself with her success and obstructive Charles chairman of the Parish Council resents the enthusiasm of other villagers including his wife Betty This delightful story full of memorable characters and inspiring music will make you laugh and cry and gives a fascinating insight into the making of a major television broadcast Very readable Warm and witty Woman s Weekly A gripping story which touches some very basic emotions Captures wonderfully the two extremes of village life This is very powerful stuff Barbara Erskine Very moving very powerful intimate moments I really did enjoy it Lynn Parson BBC Radio 2 The characters and situations were so good that I got lost in the book All I can say is well done Pam The Lincolnshire Echo

Contemporary Property Rights Issues James W. Ely, Jr., 1997 A multidisciplinary overview This new series gathers a broad selection of the best scholarly literature dealing with property rights in American constitutional history The initial three volumes deal with the historical aspects of property ownership many of which are relevant to contemporary developments Another volume is devoted to the contract clause which was the heart of a great deal of constitutional litigation Two volumes deal directly and at length with current issues such as regulatory takings The authors come from a variety of disciplines including history law and political science bringing a multidisciplinary approach to the debate and providing an excellent background for understanding contemporary issues A versatile classroom and student research resource Because it gathers so many important articles from law reviews academic journals and books including classic essays by prominent 19th century authorities this collection is a valuable resource for law schools But its thorough exploration of a vital issue that has been the concern of legislators courts and citizens since the founding of the republic also makes it useful in American History classes Professors will appreciate the collection because it gives them access to a concentration of material for classroom use and it s a user friendly way to introduce students to a variety of opinions and diversity of sources that can get them started on doing their own research Students will appreciate the many articles as a veritable gold mine of information

Reform and Regulation of Property Rights ,1997 **Property Rights in the Colonial Era and Early Republic** James W. Ely, 1997 **Property Rights** Polly J. Price, 2003-06-23 A survey of the evolution of property rights in the United States from constitutional protections and due process to private property rights

and government takings doctrines Legal opinions and public attitudes toward property rights have fluctuated over the years from periods when almost any infringement of these rights was impermissible to times in which the government was granted much wider latitude This book examines the history of individual property ownership in the U S from the late colonial era to the present explaining how property rights were established defended and sometimes later reinterpreted Of special interest are rights that have developed over time such as due process just compensation for government takings of private property and the rights landowners may assert against other persons Of particular interest to today's readers are government regulation of private property for environmental purposes challenges to zoning regulations and intellectual property rights in cyberspace

Property Rights in the Age of Enterprise, 1997 **The Machinery Question and the Making of Political Economy 1815-1848** Maxine Berg, 1982-02-04 Dr Berg argues that technical change was one of the foremost theoretical concerns of Ricardo and his successors and the foundation for their distinctly optimistic view of the future She shows how the Machinery Question fostered the social conditions in which the status of Political Economy as a discipline was established and concludes that by the 1840s the divisions over machinery were firmly embedded in the great rival creeds of the future liberalism and socialism

Property Rights and the Constitution Dennis J. Coyle, 1993-07-01 Controversies over public regulation of private land have dominated political agendas in recent years especially at the local level Land use and environmental regulation have reached unprecedented levels and federal and state courts have garnered recent headlines by striking down regulations Rights and regulations are on a collision course and how they are reconciled will have a major impact on individuals governments and communities in the decades ahead This book is the first systematic attempt to assess key constitutional developments in the land use field during the last decade in state and federal supreme courts It highlights important trends including the growing role of state supreme courts attacks on regulation as exclusionary and the emergence of the takings clause of the Fifth Amendment as a potentially major limitation on governmental power

Food Biotechnology in Ethical Perspective Paul B. Thompson, 2007-05-05 Agrifood biotechnology the genetic transformation of plants and animals through recombinant means has created controversy in the food system for more than twenty years This thoroughly revised and amended edition of Paul B Thompson's path breaking study of ethical and philosophical issues raised by this technology up to date The original 1997 edition was the first book length treatment by a philosopher to focus on food and agricultural biotechnology covering ethical issues associated with risk assessment labelling animal transformation patents and the impact of biotechnology on traditional farming communities in both the developed and developing world The new edition reflects lessons from the hotly contested debates over those issues in the intervening decade and includes wholly new discussions on ethical issues associated with livestock cloning the Precautionary Principle and the transatlantic debate between United States and European perspectives on biotechnology Thompson's unique and insightful approach to addressing the risks and questions of public acceptability associated with novel technology stands as a model for anyone

interested in technological innovation and social change The book should be of interest to scholars and citizens interested in the Internet or nanotechnology while it remains an essential resource for understanding the twists and turns of debate over the role of molecular genetics in the transformation of the global food system *Intellectual Property* William T. Gallagher, 2017-09-19 This book brings together articles by leading international scholars from diverse disciplinary perspectives who focus on the legal social and cultural dimensions of intellectual properties including patents copyrights trademarks trade secrets and rights of publicity These articles employ a creatively eclectic approach to the study of intellectual property law and policy viewed through the lenses of traditional doctrinal analysis historical perspectives critical cultural study and empirical examinations of intellectual property in action The volume also directs critical attention to the significance of intellectual property in contemporary processes of globalization and political economy Fiscal Year 1999 Budget Authorization Request United States. Congress. House. Committee on Science. Subcommittee on Energy and Environment, 1998 **Property Rights and Social Justice** Rachael Walsh, 2021-06-10 Analyses the mediation of property rights and social justice through the prism of progressive constitutional property rights guarantees *Long Road to Harpers Ferry* Mark A. Lause, 2018-09-20 This is the first comprehensive history of pre Civil War American radicalism mapping the journeys of the land reformers Jacksonian radicals and militant abolitionists on the long road to the failed slave revolt of Harpers Ferry in 1859 This book contains new and fascinating insights into the cast of characters who created a homegrown American socialist movement through the nineteenth century from Thomas Paine s revolution to Robert Owen s utopianism from James Macune Smith the black founder of organised socialism in the US to Susan B Anthony the often overlooked women s rights activist It also considers the persistent pre capitalist model of the Native American Long Road to Harpers Ferry captures the spirit of the times showing how class solidarity and consciousness became more important to a generation of workers than notions of American citizenship This is a story that s been hidden from official histories which must be remembered if we are to harness the latent power of socialism in the United States today Problem of the Century Elijah Anderson, Douglas Massey, 2001-07-19 In 1899 the great African American scholar W E B DuBois published *The Philadelphia Negro* the first systematic case study of an African American community and one of the foundations of American sociology DuBois prophesied that the color line would be the problem of the twentieth century One hundred years later *Problem of the Century* reflects upon his prophecy exploring the ways in which the color line is still visible in the labor market the housing market education family structure and many other aspects of life at the turn of a new century The book opens with a theoretical discussion of the way racial identity is constructed and institutionalized When the government classifies races and confers group rights upon them is it subtly reenforcing damaging racial divisions or redressing the group privileges that whites monopolized for so long The book also delineates the social dynamics that underpin racial inequality The contributors explore the causes and consequences of high rates of mortality and low rates of marriage in black communities as well as the

way race affects a person's chances of economic success African Americans may soon lose their historical position as America's majority minority and the book also examines how race plays out in the sometimes fractious relations between blacks and immigrants The final part of the book shows how the color line manifests itself at work and in schools Contributors find racial issues at play on both ends of the occupational ladder among absentee fathers paying child support from their meager earnings and among black executives prospering in the corporate world In the schools the book explores how race defines a student's peer group and how peer pressure affects a student's grades Problem of the Century draws upon the distinguished faculty of sociologists at the University of Pennsylvania where DuBois conducted his research for The Philadelphia Negro The contributors combine a scrupulous commitment to empirical inquiry with an eclectic openness to different methods and approaches Problem of the Century blends ethnographies and surveys statistics and content analyses census data and historical records to provide a far reaching examination of racial inequality in all its contemporary manifestations

The Oxford Handbook of Legal History Markus D. Dubber, Christopher Tomlins, 2018-08-02 Some of the most exciting and innovative legal scholarship has been driven by historical curiosity Legal history today comes in a fascinating array of shapes and sizes from microhistory to global intellectual history Legal history has expanded beyond traditional parochial boundaries to become increasingly international and comparative in scope and orientation Drawing on scholarship from around the world and representing a variety of methodological approaches areas of expertise and research agendas this timely compendium takes stock of legal history and methodology and reflects on the various modes of the historical analysis of law past present and future Part I explores the relationship between legal history and other disciplinary perspectives including economic philosophical comparative literary and rhetorical analysis of law Part II considers various approaches to legal history including legal history as doctrinal intellectual or social history Part III focuses on the interrelation between legal history and jurisprudence by investigating the role and conception of historical inquiry in various models schools and movements of legal thought Part IV traces the place and pursuit of historical analysis in various legal systems and traditions across time cultures and space Finally Part V narrows the Handbooks focus to explore several examples of legal history in action including its use in various legal doctrinal contexts

The Politics of Public Space Setha Low, Neil Smith, 2013-01-11 Why is public space disappearing Why is this disappearance important to democratic politics and how has it become an international phenomenon Public spaces are no longer democratic spaces but instead centres of private commerce and consumption and even surveillance and police control The Politics of Public Space extends the focus of current work on public space to include a consideration of the transnational in the sense of moving people and transformations in the nation or state to expand our definition of the public and public space Ultimately public spaces are one of the last democratic forums for public dissent in a civil society Without these significant central public spaces individuals cannot directly participate in conflict resolution The Politics of Public Space assembles a superb list of contributors to

explore the important political dimensions of public space as a place where conflicts over cultural and political objectives become concrete
