significance and contributions as a writer and the most influential playwright of the twentieth century. It explores the specific context from which he emerged in imperial Germany during the late nineteenth and early twentieth centuries as well as Brecht's response to the turbulent German history of the twentieth century: World Wars One and Two, the Weimar Republic, the Nazi dictatorship, the experience of exile, and ultimately the division of Germany into two competing political blocs divided by the postwar Iron Curtain. Throughout this turbulence and in spite of it, Brecht managed to remain extraordinarily productive, revolutionizing the theater of the twentieth century and developing a new approach to language and performance. Because of his unparalleled radicalism and influence, Brecht remains controversial to this day. This book, with a Foreword by Mark Ravenhill, lays out in clear and accessible language the shape of Brecht's contribution and the reasons for his ongoing influence.

La maîtresse de Brecht Jacques-Pierre Amette, 2005. En 1948, après quinze ans d'exil, Bertolt Brecht revient à Berlin où le régime communiste compte sur lui pour diriger un théâtre prolétarien et socialiste, vitrine culturelle du régime. Le dramaturge fait la rencontre d'une actrice, Maria Eich, qui devient sa maîtresse. Il ne sait pas encore que la jeune femme va jour après jour noter ses faits et gestes, lire son courrier, rapporter fidèlement ce qu'elle voit et entend aux agents de la Stasi, la police politique. Car au-delà des honneurs officiels, certains se méfient de l'écrivain qui a passé tant d'années chez les capitalistes américains. Commence alors, dans les coulisses du Berliner Ensemble, un jeu de rôles où face aux ombres et lumières d'un Brecht, la personnalité complexe se détache la figure de Maria, instrument docile et pathétique aux mains de l'appareil totalitaire. Le prix Goncourt 2003, le prix Goncourt du centenaire, a couronné ce roman, peinture saisissante d'un Berlin qui se relève péniblement de ses ruines, méditation sur la vérité de l'art aux prises avec les mensonges politiques.

The Many Lives of Galileo Dougal McNeill, 2005. The Many Lives of Galileo is a Marxist study of the development of Bertolt Brecht's great play Galileo on the English stage. Tracing various translations of Brecht's original and the historical and political moments surrounding these translations, Dougal McNeill examines how, across the distances of culture, history, and language, The Life of Galileo has come to figure so prominently in the life of English language theatre. The translations and productions of Galileo by Charles Laughton, Howard Brenton, and David Hare are examined in a method combining close reading with an attention to broader social contexts, with an eye to uncovering their implications for drama in performance. Brecht valued recreation, reinvention, and retelling as much as creation itself. In this book, the author applies Brecht's aesthetic to translations of his own work, following Laughton, Brenton, and Hare as they set themselves the task of rewriting Brecht and in the process use him to comment on their own eras.

The GDR Remembered Nick Hodgkin, Caroline Pearce, 2011. Competing representations of the former East German state in the German cultural memory. Twenty years after the fall of the Berlin Wall, the consequences of the country's divided past continue to be debated. The legacy of the German Democratic Republic occupies a major role in German popular culture, with audiences flocking to films claiming to depict the East German state as it was. Politicians from both left and right make use of its legacy to support their parties' approach to unification, while former citizens of the GDR are

still working through their own memories of the regime and adjusting to unification Since 1989 competing representations of the East German state have emerged some underlining its repressive nature others lamenting the loss of a sense of community The twentieth anniversary of the Wende is an occasion to reflect upon both the history of the GDR and the ways in which it has been remembered and the present volume presents new research on the theme from a variety of perspectives with sections on film and literature museums and memorials and historiography and politics Contributors Thomas Ahbe Pertti Ahonen Silke Arnold de Simine Stefan Berger Laura Bradley Mary Fulbrook Nick Hodgkin Anna O Driscoll Stuart Parkes Caroline Pearce G nter Schlusche Peter Thompson Andreas Wagner Nick Hodgkin is a Cultural Historian working at the University of Sheffield UK and Caroline Pearce is Lecturer in German and Interpreting also at the University of Sheffield
