Mens Lives Surfmen And Baymen Of The South Fork:

Men's Lives Peter Matthiessen, 1988-01-12 An eloquent portrayal of a disappearing way of life of the Long Island fishermen whose voices humorous bitter and bewildered are as clear as the threatened beauty of their once quiet shore

Men's Lives Peter Matthiessen, 1986 The Continuum Encyclopedia of American Literature Steven R. Serafin, Alfred Bendixen, 2005-09-01 More than ten years in the making this comprehensive single volume literary survey is for the student scholar and general reader The Continuum Encyclopedia of American Literature represents a collaborative effort involving 300 contributors from across the US and Canada Composed of more than 1 100 signed biographical critical entries this Encyclopedia serves as both guide and companion to the study and appreciation of American literature A special feature is the topical article of which there are 70 **Native People of Southern New England, 1500-1650** Kathleen J.

Bragdon, 1999-03-01 In this first comprehensive study of American Indians of southern New England from 1500 to 1650 Kathleen J Bragdon discusses common features and significant differences among the Pawtucket Massachusetts Nipmuck Pocumtuck Narragansett Pokanoket Niantic Mohegan and Pequot Indians Her complex portrait which employs both the perspective of European observers and important new evidence from archaeology and linguistics shows that internally developed customs and values were primary determinants in the development of Native culture Peconic Bay Marilyn E. Weigold, 2015-04-03 Bordered on the south by the Atlantic Ocean and on the north by Long Island Sound the Peconic Bay region including the North and South Forks has only recently been recognized for its environmental and economic significance The story of the waterway and its contiguous land masses is one of farmers and fishermen sailing vessels and submarines wealthy elite residents and award winning vineyards Peconic Bay examines the past 400 years of the region s history tracing the growth of the fishing industry the rise of tourism and the impact of a military presence in the wake of September 11 Weigold introduces readers to the people of Peconic Bay s colorful history from Albert Einstein and Captain Kidd to Clara Barton and Kofi Annan as well as to the residents who have struggled and continue to struggle over the well being of their community and their estuarine connection to the planet Throughout Weigold brings to life the region s rich sense of place and shines a light on its unique role in our nation s history The Oxford Encyclopedia of American Literature Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present At the core of the Encyclopedia lie 250 essays on poets playwrights essayists and novelists Figures such as Whitman Melville Faulkner Frost and Morrison are discussed in detail with each examined in the context of his or her times an assessment of the writer s current reputation a bibliography of major works and a list of major critical and biographical works about the writer Fifty entries on major works such as Moby Dick Song of Myself Walden The Great Gatsby The Waste Land Their Eyes Were Watching God Death of a Salesman and Beloved place the work in its historical context and offer a range of possibilities with regard to critical

approach The Encyclopedia also contains essays on literary movements periods and themes pulling together a broad range of information and making connections between them Each entry has its own primary and annotated secondary bibliography and a system of cross references helps readers locate information with ease The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature libraries looking for one comprehensive source and readers interested in American literature its authors and its connection with various areas of study

The Lost Boys of Montauk Amanda M. Fairbanks, 2022-05-17 A riveting account of a fishing boat and its four young crewman lost at sea in 1984 off the coast of Montauk in eastern Long Island a fishing town with a drinking problem as the locals have it and the stunning repercussions of that loss for the families and friends of the four missing men and indeed the entire storied summer community of the Hamptons

The Long Island Historical Journal Roger Wunderlich, 1996

America's Early Whalemens John A Strong, 2018-10-16 The Indians of coastal Long Island were closely attuned to their maritime environment They hunted sea mammals fished in coastal waters and harvested shellfish To celebrate the deep water spirits they sacrificed the tail and fins of the most powerful and awesome denizen of their maritime world the whale These Native Americans were whalemens integral to the origin and development of the first American whaling enterprise in the years 1650 to 1750 America's Early Whalemens examines this early chapter of an iconic American historical experience John A Strong's research draws on exhaustive sources domestic and international including little known documents such as the whaling contracts of 340 Native American whalers personal accounting books of whaling company owners London customs records estate inventories and court records Strong addresses labor relations the role of alcohol and debt the patterns of cultural accommodations by Native Americans and the emergence of corporate capitalism in colonial America When Strong began teaching at Long Island University in 1964 he found little mention of the local Indigenous people in history books The Shinnecocks and the neighboring tribes of Unkechaugs and Montauketts were treated as background figures for the celebratory narrative of the heroic English settlers America's Early Whalemens highlights the important contributions of Native peoples to colonial America

The Fish Factory Barbara J. Garrity-Blake, Barbara Jean Garrity, 2005

Focusing on the menhaden fishermen of the southern coastal regions The Fish Factory is an engaging and insightful exploration of what work means to different social groups employed within the same industry Since the nineteenth century the menhaden industry in the South has been traditionally split between black crews and white captains Using life histories historical research and anthropological fieldwork in Reedville Virginia and Beaufort North Carolina Barbara Garrity Blake examines the relationship between these two groups and how the members of each have defined themselves in terms of their work The author finds that for the captains and other white officers of the menhaden vessels men born and bred for a life on the water work is a key source of identity Black crewmen however have insisted on a separation between work and self they view their work primarily as a means of support rather than an end in itself In probing the implications of this contrast

Garritty Blake describes captain crew relations within both an occupational context and the context of race relations in the South She shows how those at the bottom of the shipboard hierarchy have exercised a measure of influence in a relationship at once asymmetrical and mutually dependent She also explores how each group has reacted to the advent of technology in their industry and most recently to the challenges posed by those proclaiming a conservationist ethic **At the Glacier's Edge** Betsy McCully,2024 Combining science writing environmental history and first hand accounts from a longtime resident At the Glacier s Edge offers a unique narrative natural history of Long Island It tells the story of how its habitats evolved how humans radically degraded its landscape and how community activists are restoring the land and preserving the species who depend on it **National Fisherman** ,1986-11 Encyclopedia of American Literature of the Sea and Great Lakes Jill B. Gidmark,2000-11-30 The sea and Great Lakes have inspired American authors from colonial times to the present to produce enduring literary works This reference is a comprehensive survey of American sea literature The scope of the encyclopedia ranges from the earliest printed matter produced in the colonies to contemporary experiments in published prose poetry and drama The book also acknowledges how literature gives rise to adaptations and resonances in music and film and includes coverage of nonliterary topics that have nonetheless shaped American literature of the sea and Great Lakes The alphabetical arrangement of the reference facilitates access to facts about major literary works characters authors themes vessels places and ideas that are central to American sea literature Each of the several hundred entries is written by an expert contributor and many provide bibliographical information While the encyclopedia includes entries for white male canonical writers such as Herman Melville and Jack London it also gives considerable attention to women at sea and to ethnically diverse authors works and themes The volume concludes with a chronology and a list of works for further reading Fire Island John J. Stevens,2010-09-28 Spins the tale of a seafaring captain who overcomes personal tragedy and extreme obstacles to reinvent and find himself and start a new beginning *Preserving South Street Seaport* James M Lindgren,2019-08-27 Preserving South Street Seaport tells the fascinating story from the 1960s to the present of the South Street Seaport District of Lower Manhattan Home to the original Fulton Fish Market and then the South Street Seaport Museum it is one of the last neighborhoods of late 18th and early 19th century New York City not to be destroyed by urban development In 1988 South Street Seaport became the city s 1 destination for visitors Featuring over 40 archival and contemporary black and white photographs this is the first history of a remarkable historic district and maritime museum Lindgren skillfully tells the complex story of this unique cobblestoned neighborhood Comprised of deteriorating 4 5 story buildings in what was known as the Fulton Fish Market the neighborhood was earmarked for the erection of the World Trade Center until New Jersey forced its placement one mile westward After Penn Station s demolition had angered many New York citizens preservationists mobilized in 1966 to save this last piece of Manhattan s old port and recreate its fabled 19th century Street of Ships The South Street Seaport and the World Trade Center became the yin and yang of Lower Manhattan s rebirth In an

unprecedented move City Hall designated the museum as developer of the twelve block urban renewal district However the Seaport Museum whose membership became the largest of any history museum in the city was never adequately funded and it suffered with the real estate collapse of 1972 The city bankers and state bought the museum s fifty buildings and leased them back at terms that crippled the museum financially That led to the controversial construction of the Rouse Company s New Fulton Market 1983 and Pier 17 mall 1985 Lindgren chronicles these years of struggle as the defenders of the people oriented museum and historic district tried to save the original streets and buildings and the largest fleet of historic ships in the country from the schemes of developers bankers politicians and even museum administrators Though the Seaport Museum s finances were always tenuous the neighborhood and the museum were improving until the tragedy of 9 11 But the prolonged recovery brought on dysfunctional museum managers and indifference if not hostility from City Hall Superstorm Sandy then dealt a crushing blow Today the future of this pioneering museum designated by Congress as America s National Maritime Museum is in doubt as its waterfront district is eyed by powerful commercial developers While Preserving South Street Seaport reveals the pitfalls of privatizing urban renewal developing museum corporate partnerships and introducing a professional regimen over a people s movement it also tells the story of how a seedy decrepit piece of waterfront became a wonderful venue for all New Yorkers and visitors from around the world to enjoy This book will appeal to a wide audience of readers in the history and practice of museums historic preservation urban history and urban development and contemporary New York City This book is supported by a grant from Furthermore a program of the J M Kaplan Fund
