McCoppin, 2015-10-30 This examination of myths from around the world focuses on the role nature plays within mythology Creation myths from myriad cultures recognized that life arose from natural elements inextricably connecting human life to the natural world Nature as portrayed in myth is unpredictable and destructive but also redemptive providing solace and wisdom Mythology relates the human life cycle to the seasons with spring summer fall and winter as metaphors for birth adulthood old age and death The author identifies divinities who were direct representations of natural phenomena The transition of mythic representations from the Paleolithic to Neolithic period is discussed **Only the Sacred** Peggy Whalen-Levitt, 2011-09 The materialist philosophy that has dominated Western civilization for the past four hundred years is coming to an end In *Only the Sacred* Transforming

Tricksters and Estates J. Douglas Canfield, 2021-12-14 If the Renaissance was the Golden Age of English comedy the Restoration was the Silver These comedies are full of tricksters attempting to gain estates the emblem and the reality of power in late feudal England The tricksters appear in a number of guises such as heroines landing their men younger brothers seeking estates or Cavaliers threatened with dispossession The hybrid nature of these plays has long posed problems for critics and few studies have attempted to deal with their diversity in a comprehensive way Now one of the leading scholars of Restoration drama offers a cultural history of the period s comedy that puts the plays in perspective and reveals the ideological function they performed in England during the latter half of the seventeenth century To explain this function J Douglas Canfield groups the plays into three categories social comedy which underwrites Stuart ideology subversive comedy which undercuts it and comical satire which challenges it as fundamentally immoral or amoral Through play by play analysis he demonstrates how most of the comedies support the ideology of the Stuart monarchs and the aristocracy upholding what they regarded as their natural right to rule because of an innate superiority over all other classes A significant minority of comedies however reveal cracks in class solidarity portray witty heroines who inhabit the margins of society or give voice to folk tricksters who embody a democratic force nearly capable of overwhelming class hierarchy A smaller yet but still significant minority end in no resolution no restoration but at their most radical playfully portray Stuart ideology as empty rhetoric **Tricksters and Estates** is a truly comprehensive work offering serious critical readings of many plays that have never before received close attention and fresh insights into more familiar works By juxtaposing the comedies of such lesser known playwrights as Orrery Lacy and Rawlins with those of more familiar figures like Behn Wycherley and Dryden the author invites a greater appreciation than has previously been possible of the meaning and function of Restoration comedy This intelligent and wide ranging study promises is a standard work in its field **From Trickster to Badman** John W. Roberts, 2010-11-24 To protect their identity and values Africans enslaved in America transformed various familiar character types to create folk heroes who offered models of behavior both recognizable to them as African people and adaptable to their situation in America Roberts specifically examines the Afro American trickster and the trickster tale tradition the conjurer as folk hero the biblical heroic tradition and the badman as outlaw hero **Harpo Marx as Trickster**

Charlene Fix, 2013-02-07 The author invites readers to spend time in the pleasure of Harpo's cinematic company while comparing him to tricksters from folklore myth and legend The book demonstrates how Harpo the sweetest wildest most magical Marx brother accomplishes the archetypal trickster's work Thirteen chapters examine Harpo's trickster persona closely in each of the Marx Brothers films *The Cocoanuts* *Animal Crackers* *Monkey Business* *Horse Feathers* *Duck Soup* *A Night at the Opera* *A Day at the Races* *Room Service* *At the Circus* *Go West* *The Big Store* *A Night in Casablanca* and *Love Happy* Harpo as trickster embodies luck foolishness cleverness mania hunger lust stealing shape shifting gender bending alliance with underdogs attacks on the powerful musicality sympathy for animals magic and mischief His trickster behaviors in all the films are woven into a composite impression that with a little luck will resonate beyond the covers of this book and leak out into the world making it a more just flexible resilient amusing and magical place
