Penguin Film Review 3 1947:

The Gendered Score: Music in 1940s Melodrama and the Woman's Film Heather Laing, 2017-07-05 Heather Laing examines for the first time the issues of gender and emotion that underpin the classical style of film scoring but that have until now remained unquestioned and untheorized thus providing a benchmark for thinking on more recent and alternative styles of scoring. Many theorists have discussed this type of music in film as a signifier of emotion and the feminine a capacity in which it is frequently associated with female characters. The full effect of such an association on either female or male characterization however has not been examined. This book considers the effects of this association by progress through three stages: cultural historical precedents, the generic parameters of melodrama and the woman's film and the narrativization of music in film through diegetic performance and the presence of musicians as characters. Case studies of specific films provide textual and musical analyses and the genres of melodrama and the woman's film have been chosen as representative not only of the epitome of the Hollywood scoring style but also of the narrative association of women, emotion and music. Laing leads to the conclusion that music functions as more than merely a signifier of emotion. Rather it takes a crucial role in both indicating and determining how emotion is actually understood as part of the construction of gender and its representation in film.

Brief Encounter Richard Dyer, 2019-07-25 *Brief Encounter* 1945 adapted from Noel Coward's play *Still Life* is a classic of British cinema, a tale of impossible love between a married woman and a man she meets while waiting for a train. Though it's a film made by men, it is the woman's voice we hear recounting the story of a small town love affair and her renunciation of it. In his lucid analysis of the film, Richard Dyer explores how its depiction of powerful feelings kept under wraps is a definitive example of a particularly English style of emotional restraint but also how it spoke to a gay audience for whom this subject, forbidden love between ordinary people, had a special resonance. This reissued edition features original cover artwork by Rania Moudaress and a substantial new foreword that revisits the film and recent readings of it, covering its enduring legacy and adaptation for theatre and television.

The Classical Hollywood Cinema David Bordwell, Janet Staiger, Kristin Thompson, 2003-09-02 Acclaimed for its breakthrough approach and its combination of theoretical analysis and empirical evidence, this is the standard work on the classical Hollywood cinema style of film making from the silent era to the 1960s.

How Stage Playwrights Saved the British Cinema, 1930-1956 David Cottis, 2024-12-26 Examines the film careers and work of British playwrights who worked as screenwriters between 1930-1956. During the period between the 1927 Cinematograph Films Act and the new drama of the 1950s, many British writers associated with the stage also wrote for films, bringing the techniques of the well-made play with them. Some like Bernard Shaw, Noel Coward and Terence Rattigan were screenwriter stars; part of the publicity of the films they worked on. *Pygmalion*, *Brief Encounter*, *The Way to the Stars*. Others were less celebrated but had long successful screen careers such as R.C. Sherriff, author of *Journey's End*, who worked on films as different as *The Invisible Man*, *The Four Feathers* and *The Dam Busters*. Using the authors

original archives this book follows the way in which these writers adapted their stage skills for the screen contributing to the post war Golden Age of the British cinema and creating the classic form of screenplay that continues today *The Classical Hollywood Reader* Stephen Neale, 2012 First Published in 2012 Routledge is an imprint of Taylor Francis an informa company

Blackout Antonia Caroline Lant, 2014-07-14 The most universal civilian privation in World War II Britain the blackout possessed many symbolic meanings Among its complicated implications for filmmakers was a stigmatization of film spectacle including the display of Hollywood women whose extravagant appearance connoted at best unpatriotic wastefulness and at worst collaboration with the enemy Exploring the wartime breakdown of conventional gender roles on the screen and in the audience Antonia Lant demonstrates that many British films of the period signaled their national cinematic identity by diverging from the notion of the Hollywood star the mainstay of commercial American motion pictures replacing her with a deglamourized mobilized heroine Nevertheless the war machine demanded that British films continue to celebrate stable and reassuring gender roles Contradictions abounded both within film narratives and between narrative and real life Analyzing films of all the major wartime studios the author scrutinizes the efforts of realist and melodramatic texts to confront women's wartime experiences including conscription By combining study of contemporary posters advertisements propaganda notices and cartoons with consideration of recent feminist theoretical work on the cinema spectatorship and history she has produced the first book to examine the relationships among gender cinema and nationality as they are affected by the stresses of war Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Battle for the Bs Blair Davis, 2012-04-06 The emergence of the double bill in the 1930s created a divide between A pictures and B pictures as theaters typically screened packages featuring one of each With the former considered more prestigious because of their larger budgets and more popular actors the lower budgeted Bs served largely as a support mechanism to A films of the major studios most of which also owned the theater chains in which movies were shown When a 1948 U S Supreme Court antitrust ruling severed ownership of theaters from the studios the B movie soon became a different entity in the wake of profound changes to the corporate organization and production methods of the major Hollywood studios In The Battle for the Bs Blair Davis analyzes how B films were produced distributed and exhibited in the 1950s and demonstrates the possibilities that existed for low budget filmmaking at a time when many in Hollywood had abandoned the Bs Made by newly formed independent companies 1950s B movies took advantage of changing demographic patterns to fashion innovative marketing approaches They established such genre cycles as science fiction and teen oriented films think *Destination Moon* and *I Was a*

Teenage Werewolf well before the major studios and also contributed to the emergence of the movement now known as underground cinema Although frequently proving to be multimillion dollar box office draws by the end of the decade the Bs existed in opposition to the cinematic mainstream in the 1950s and created a legacy that was passed on to independent filmmakers in the decades to come
