People Of The Word Reading Native Nonfiction:

The People And the Word Robert Allen Warrior, Much literary scholarship has been devoted to the flowering of Native American fiction and poetry in the mid twentieth century Yet Robert Warrior argues nonfiction has been the primary form used by American Indians in developing a relationship with the written word one that reaches back much further in Native history and culture Focusing on autobiographical writings and critical essays as well as communally authored and political documents *The People and the Word* explores how the Native tradition of nonfiction has both encompassed and dissected Native experiences Warrior begins by tracing a history of American Indian writing from the eighteenth century to the late twentieth century then considers four particular moments Pequot intellectual William Apess's autobiographical writings from the 1820s and 1830s the Osage Constitution of 1881 narratives from American Indian student experiences including accounts of boarding school in the late 1880s and modern Kiowa writer N Scott Momaday's essay *The Man Made of Words* penned during the politically charged 1970s Warrior's discussion of Apess's work looks unflinchingly at his unconventional life and death he recognizes resistance to assimilation in the products of the student print shop at the Santee Normal Training School and in the Osage Constitution as well as in Momaday's writing Warrior sees reflections of their turbulent times as well as guidance for our own Taking a cue from Momaday's essay which gives voice to an imaginary female ancestor Ko Sahn Warrior applies both critical skills and literary imagination to the texts In doing so *The People and the Word* provides a rich foundation for Native intellectuals critical work deeply entwined with their unique experiences Robert Warrior is professor of English and Native American studies at the University of Oklahoma He is author of *Tribal Secrets Recovering American Indian Intellectual Traditions* Minnesota 1994 and coauthor with Paul Chaat Smith of *Like a Hurricane The Indian Movement from Alcatraz to Wounded Knee*

The Oxford Handbook of Indigenous American Literature James Howard Cox, Daniel Heath Justice, 2014 Over the course of the last twenty years Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual cultural political historical and tribal nation contexts from which these Indigenous literatures emerge The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field The Handbook's forty three essays organized into four sections cover oral traditions poetry drama non fiction fiction and other forms of Indigenous American writing from the seventeenth through the twenty first century Part I attends to literary histories across a range of communities providing for example analyses of Inuit Chicana o Anishinaabe and M tis literary practices Part II draws on earlier disciplinary and historical contexts to focus on specific genres as authors discuss Indigenous non fiction emergent trans Indigenous autobiography Mexicanoh and Spanish poetry Native drama in the

U S and Canada and even a new Indigenous children s literature canon The third section delves into contemporary modes of critical inquiry to expound on politics of place comparative Indigenism trans Indigenism Native rhetoric and the power of Indigenous writing to communities of readers A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory the Red Atlantic the far North Yucat n Amerika Samoa and Francophone Quebec Together the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date It is the first to fully take into account the last twenty years of recovery and scholarship and the first to most significantly address the diverse range of texts secondary archives writing traditions literary histories geographic and political contexts and critical discourses in the field **The Routledge**

Handbook of North American Indigenous Modernisms Kirby Brown, Stephen Ross, Alana Sayers, 2022-09-19 The Routledge Handbook of North American Indigenous Modernisms provides a powerful suite of innovative contributions by both leading thinkers and emerging scholars in the field Incorporating an international scope of essays this volume reaches beyond traditional national or euroamerican boundaries to locate North American Indigenous modernities and modernisms in a hemispheric context Covering key theoretical approaches and topics this volume includes Diverse explorations of Indigenous cultural and intellectual production in treatments of dance poetry vaudeville autobiography radio cinema and more Investigation of how we think about Indigenous lives literatures and cultural productions in North America from the late nineteenth and early twentieth centuries Surveys of critical geographies of Indigenous literary and cultural studies including refocused and reframed exploration of the diverse cultures knowledges traditions geographies experiences and formal innovations that inform Indigenous literary intellectual and cultural productions The Routledge Handbook of North American Indigenous Modernisms presents fresh insight to modernist studies acknowledging and reconciling the occluded histories of Indigenous erasure and inviting both students and scholars to expand their understanding of the field Runner up for the Carter Revard Legacy Award for Best Edited Collection from the Association for the Study of American Indian Literatures ASAIL

Indigenous Intellectuals Kiara M. Vigil, 2015-07-15 Examines the literary output of four influential American Indian intellectuals who challenged conceptions of identity at the turn of the twentieth century **The Oxford Handbook of American Indian History** Frederick E. Hoxie, 2016-03-16 Everything you know about Indians is wrong As the provocative title of Paul Chaat Smith s 2009 book proclaims everyone knows about Native Americans but most of what they know is the fruit of stereotypes and vague images The real people real communities and real events of indigenous America continue to elude most people The Oxford Handbook of American Indian History confronts this erroneous view by presenting an accurate and comprehensive history of the indigenous peoples who lived and live in the territory that became the United States Thirty two leading experts both Native and non Native describe the historical developments of the past 500 years in American Indian history focusing on significant moments of upheaval and change histories of indigenous occupation and

overviews of Indian community life The first section of the book charts Indian history from before 1492 to European invasions and settlement analyzing US expansion and its consequences for Indian survival up to the twenty first century A second group of essays consists of regional and tribal histories The final section illuminates distinctive themes of Indian life including gender sexuality and family spirituality art intellectual history education public welfare legal issues and urban experiences A much needed and eye opening account of American Indians this Handbook unveils the real history often hidden behind wrong assumptions offering stimulating ideas and resources for new generations to pursue research on this topic *Indiscipline*

Alicia Carroll,2024-10-25 In the last few years there have been myriad media reports regarding Federal Indian boarding schools and their grisly history of violence and cultural erasure against Native people in the United States The US government recently acknowledged its role for the first time with the Department of the Interior s publication of the Federal Indian Boarding School Initiative Investigative Report In this book Alicia Carroll tells the history of one form of literary Native resistance to this violence that of the collaboratively written autobiography Focusing on work by Hopi boarding school residents Carroll shows readers that collaborative autobiographical authorship is a practice of Indigenous intellectual sovereignty using a method they dub indiscipline a strategy of defying refusing or purposefully failing to follow mandates to conform to settler colonial sex and gender norms including heteronormativity the binary construct of sex and gender and the idea of personhood itself Through collaboratively written autobiography Carroll argues that Native authors not only resisted colonial attempts to use sex and gender to alienate them from their homelands and bodies they created an important Indigenous literary genre that informs our understanding of Native life and art today **A Companion to American Literature and Culture**

Paul Lauter,2020-09-21 This expansive Companion offers a set of fresh perspectives on the wealth of texts produced in and around what is now the United States Highlights the diverse voices that constitute American literature embracing oral traditions slave narratives regional writing literature of the environment and more Demonstrates that American literature was multicultural before Europeans arrived on the continent and even more so thereafter Offers three distinct paradigms for thinking about American literature focusing on genealogies of American literary study writers and issues and contemporary theories and practices Enables students and researchers to generate richer more varied and more comprehensive readings of American literature The Routledge Introduction to Native American Literature

Drew Lopenzina,2020-07-22 This Introduction makes available for both student instructor and afficianado a refined set of tools for decolonizing our approaches prior to entering the unfamiliar landscape of Native American literatures This book will introduce indigenous perspectives and traditions as articulated by indigenous authors whose voices have been a vital if often overlooked component of the American dialogue for more than 400 years Paramount to this consideration of Native centered reading is the understanding that literature was not something bestowed upon Native peoples by the settler culture either through benevolent interventions or violent programs of forced assimilation Native literature precedes colonization and

Native stories and traditions have their roots in both the precolonized and the decolonizing worlds. As this far-reaching survey of Native literary contributions will demonstrate almost without fail, when indigenous writers elected to enter into the world of western letters, they did so with the intention of maintaining indigenous culture and community. Writing was and always remains a strategy for survival. *Taking Back Our Spirits* Jo-Ann Episkenew, 2009-05-01. From the earliest settler policies to deal with the Indian problem to contemporary government-run programs ostensibly designed to help Indigenous people, public policy has played a major role in creating the historical trauma that so greatly impacts the lives of Canada's Aboriginal peoples. *Taking Back Our Spirits* traces the link between Canadian public policies, the injuries they have inflicted on Indigenous people, and Indigenous literature's ability to heal individuals and communities. Episkenew examines contemporary autobiography, fiction, and drama to reveal how these texts respond to and critique public policy and how literature functions as medicine to help cure the colonial contagion.
