Texas People's Court Mark Dunn, 2022-03-01 From 1983 to 1987 author Mark Dunn worked as a court clerk for a justice of the peace in Travis County Texas where he says I learned more about human nature than I could have learned in any other job I might have taken up as a bushy tailed kid from Tennessee Based on interviews with 200 justices of the peace from all parts of Texas *Texas People's Court* promises to take readers on a tour of what it means to be a Texas justice of the peace an experience that is by turns hilarious sobering heart wrenching and from one end to the other fascinating Here in the Texas justice court wrongs can be righted and lives changed in profound ways A priceless family necklace might finally be restored to the rightful owner an occupational driver's license fortuitously granted A death inquest may become an opportunity for family reflection and valediction with the attending judge as sympathetic witness In each of its chapters *Texas People's Court* takes up a different aspect duty or area of thought related to the profession of justice of the peace taken from conversations with JPs throughout the state of Texas from those who serve in its most populous municipalities to rural county JPs putting a human face on the responsibilities attitudes and perspectives that motivate their judgments The result is a thoroughly entertaining sympathetic view of what Dunn calls the day to day observation of human conflict in microcosm **Doing**

Appeal to the People's Court Rethinking Law Judging and Punishment Vincent Luizzi turns to the goings on in courts at the lowest level of adjudication for fresh insights for rethinking these basic features of the legal order In the pragmatic tradition of turning from fixed and unchanging conceptions the work rejects the view of law as a set of black and white rules of judging as the mechanical application of law to facts and of punishment as a necessary punitive response to crime The author a municipal judge and philosophy professor joins theory and practice to feature the citizen in rethinking these institutions The work includes a foreword by Richard Hull special Guest Editor for this volume in *Studies in Jurisprudence*

Communicating Politics Mitchell S. McKinney, 2005 Half of our eligible citizens fail to cast a presidential ballot and many more than half routinely ignore state and local elections Does this phenomenon point to a crisis of democracy or does such behavior simply reflect indifference or even contentment among the public Should we be alarmed that so many of our citizens seem disinterested and unwilling to participate in the various activities and forms of association that constitute civic life If we are concerned by such matters what might be done to reengage those who are seemingly disengaged This book explores these questions and examines the well being of our civic condition at the beginning of the twenty first century Grounded in a communication perspective we view the fundamental nature of a democracy as that of a civic dialogue an ongoing conversation between our elected leaders or political candidates and the citizens they lead or wish to lead Accordingly the studies presented in this volume examine our civic sphere and the electoral process as a communicative interaction between elected officials political candidates the media and citizens
