Red Earth A Vietnam Warriors Journey:

Red Earth Philip H. Red Eagle, 2007-01 Native American men and women who wound up in Vietnam were very different from traditional warriors Many had been removed from that traditional culture as many of these warrior traditions had been removed from these new societies and the old traditions had been replaced by Christian practices of various types The sacred preparations were no longer practiced and the warriors left vulnerable and lacking pertinent knowledge They were also lacking the homecoming ceremonies These ceremonies would take place after the warrior was kept from the main camp for four days In those four days they would fast and purify themselves Once they returned to the village the warrior was given the opportunity to tell his story in a healing ceremony His immediate family would be near or surrounding him Around them would be the next level of family Around them would be the remainder of the tribe Everyone would listen and remember That was their duty to him to listen and to remember Each warrior was given this opportunity After this ceremony it was understood that this person was now different and would be treated so from then on This different person was now accepted as having been permanently changed What had happened to him would never go away His people knew this and they would never go away either The relationship was understood and bound The Vietnam warriors were afforded none of these opportunities They were essentially on their own For example when I returned my unit landed at McChord Air Force Base near Tacoma Washington at midnight in the winter of 1972 and released for leave Sprung upon The World My sister picked me up at the base and we went to downtown Tacoma and had a pizza and a several beers before going to her home A cousin by marriage whom I had met and served with In country was with us We stayed with my sister for a few days and eventually I went home to Sitka to complete my 45 days leave My cousin left for his home in Canada at the same time This story is repeated over and over again by most everyone that I had a chance to talk or listen to In many of these cases the Vietnam Vet was released and sent home to resentment and hostility He was not listened to and what ever was expressed was not heard Many went home on drinking binges that started on the plane or as soon as they were off the plane No comfort given not a friendly ear was to be found At most American Legion Posts beer was free for a while but after it was determined these new guys were really different the free drinks stopped What little comfort was given was soon withdrawn Soon the prisons began to fill up with the new guys Violence had become the major expression of this generation of warriors So many of these new guys were dead or in prison not long after their arrival home It was and still is a national tragedy *The Extraordinary Book of Native American Lists* Arlene Hirschfelder, Paulette F. Molin, 2012-03-22 Communicates information about the histories contemporary presence and various other facts of the Native peoples of the United States From publisher description

Tribal Theory in Native American Literature Penelope Myrtle Kelsey, 2008-01-01 Scholars and readers continue to wrestle with how best to understand and appreciate the wealth of oral and written literatures created by the Native communities of North America Are critical frameworks developed by non Natives applicable across cultures or do they reinforce colonialist

power and perspectives Is it appropriate and useful to downplay tribal differences and instead generalize about Native writing and storytelling as a whole Focusing on Dakota writers and storytellers Seneca critic Penelope Myrtle Kelsey offers a penetrating assessment of theory and interpretation in indigenous literary criticism in the twenty first century Tribal Theory in Native American Literature delineates a method for formulating a Native centered theory or more specifically a use of tribal languages and their concomitant knowledges to derive a worldview or an equivalent to Western theory that is emic to indigenous worldviews These theoretical frameworks can then be deployed to create insightful readings of Native American texts Kelsey demonstrates this approach with a fresh look at early Dakota writers including Marie McLaughlin Charles Eastman and Zitkala a and later storytellers such as Elizabeth Cook Lynn Ella Deloria and Philip Red Eagle This book raises the provocative issue of how Native languages and knowledges were historically excluded from the study of Native American literature and how their encoding in early Native American texts destabilized colonial processes Cogently argued and well researched Tribal Theory in Native American Literature sets an agenda for indigenous literary criticism and invites scholars to confront the worlds behind the literatures that they analyze

On Point Tracy Crow,H. Lee Barnes,2015-09-01 On point is a military term used to designate the infantryman who will lead patrol the riskiest of all positions Writing is risky business too For the veteran suffering from post traumatic stress writing can trigger painful and disturbing flashbacks But writing is also risky for the ego It s one thing to write a military story especially a story based on authentic experiences it is quite another to muster the courage to share that story with others for critique and feedback In On Point Tracy Crow an award winning military journalist former Marine Corps officer college writing professor military novelist memoirist and editor presents a roadmap for writing an authentic military story Drawing from her personal experiences and those of other veteran writers and from the insights of noteworthy writing and teaching professionals On Point is the guide Crow wished she d had when she first began writing about her military experience While writing guidebooks abound no book specifically addresses the unique challenges and rewards facing soldiers who risk reliving their personal traumas to craft a military story drawn with courage and candor On Point is a guide for any writer who wishes to tell an authentic military story developed especially for veterans and their families for whom writing may serve as a form of healing

Moore, 2020-04-01 The founding idea of America has been based largely on the expected sweeping away of Native Americans to make room for EuroAmericans and their cultures In this authoritative study David L Moore examines the works of five well known Native American writers and their efforts beginning in the colonial period to redefine an America and American identity that includes Native Americans That Dream Shall Have a Name focuses on the writing of Pequot Methodist minister William Apess in the 1830s on Northern Paiute activist Sarah Winnemucca in the 1880s on Salish M tis novelist historian and activist D Arcy McNickle in the 1930s and on Laguna poet and novelist Leslie Marmon Silko and on Spokane poet novelist humorist and filmmaker Sherman Alexie both in the latter twentieth and early twenty first centuries Moore studies these five writers stories about the conflicted topics of sovereignty community identity and authenticity always tinged with irony and often with
