Report On Communion:

More Than Communion Scott MacDougall, 2015-05-21 The dominant contemporary model for ecclesiology theological views of the church itself is the ecclesiology of communion MacDougall argues that communion ecclesiologies are often marked by a problematic theological imagination of the future eschatology He argues further that as a result our ways of practising and being the church are not as robust as they might otherwise be Re imagining the church in the light of God's promised future then becomes a critical conceptual and practical task MacDougall presents a detailed exploration of what communion ecclesiologies are and some of the problems they raise He offers two case studies of such theologies by examining how distinguished theologians John Zizioulas and John Milbank understand the church and the future how these combine in their work and the conceptual and practical implications of their perspectives He then offers an alternative theological view and demonstrates the effects that such a shift would have In doing so MacDougall offers a proposal for recovering the more to communion and to ecclesiology to help us imagine a church that is not beyond the world as in Zizioulas or over against the world as in Milbank but in and for the world in love and service This concept is worked out in conversation with systematic theologians such as Jürgen Moltmann Wolfhart Pannenberg and Johannes Baptist Metz and by engaging with a theology of Christian practices currently being developed by practical theologians such as Dorothy C Bass Craig Dykstra and those associated with their ongoing project The potential for the church to become an agent of discipleship love and service can best be realised when the church anticipates God's promised perfection in the full communion between God and humanity among human beings within human persons and between humanity and the rest of creation

Report on Communion Ed Conroy, 1990 *A Polity of Persuasion* Jeffrey W. Driver, 2014-04-23 At an international level Anglicanism has almost no mandating or juridical power Stresses and threats of division over issues such as human sexuality have resulted in moves to enhance the Communion's central structures and instruments However it is becoming clear that there is little likelihood of substantial change in this direction succeeding at least in the medium term The challenge for Anglicanism is to make a polity of persuasion work more effectively This volume seeks to identify some trends and shifts of emphasis in Anglican ecclesiology to serve that end Jeffrey Driver argues that there is more at stake in such an exercise than Anglican unity In an ever shrinking pluralist and conflicted world where oneness is often forced by dominance the People of God are called to model something different The injunction of Jesus it is not so among you challenged his followers to use power and live in community in a way that contrasted with what occurred among the Gentiles Mark 10:41-45 This is why the sometimes tedious debates about authority and structure in the Anglican Communion could actually matter because they might have something to say about being human in community about sharing power and coexisting about living interdependently on a tiny and increasingly stressed planet The Anglican experiment in dispersed authority for all its grief could be a powerful gift

Agreeable Agreement Minna Hietamäki,2010-04-22 In recent bilateral ecumenical dialogue the aim of the dialogue has been to reach some form of doctrinal consensus The three major chapters of the book discuss the variety of forms of doctrinal consensus found in ecumenical dialogues among Anglicans Lutherans and Roman Catholics In general the dialogue documents argue for agreement consensus based on commonality or compatibility Each of the three dialogue processes has specific characteristics and formulates its argument in a unique way The Lutheran Roman Catholic dialogue has a particular interest in hermeneutical questions and proposes various forms of differentiated or perspectival forms of consensus The Anglican Roman Catholic dialogue emphasises the correctness of interpretations The documents consciously look towards a common future not the separated past Journal of the ... Annual Convention of the Episcopal Church in the Diocese of Connecticut ,1918 Anglican Women on Church and Mission Judith Berling,2013-03-01 In the past several decades the issues of women s ordination and of homosexuality have unleashed intense debates on the nature and mission of the Church authority and the future of the Anglican Communion Amid such momentous debates theological voices of women in the Anglican Communion have not been clearly heard until now This book invites the reader to reconsider the theological basis of the Church and its call to mission in the 21st century paying special attention to the colonial legacy of the Anglican Church and the shift of Christian demographics to the Global South In addition to essays by the volume editors this 12 essay collection includes contributions by Jane Shaw Ellen Wondra and Beverley Haddad among others *Koinonia and the Quest for an Ecumenical Ecclesiology* Lorelei F. Fuchs,2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communiality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought *Koinonia and the Quest for an Ecumenical Ecclesiology* provides a broad thoughtful framework for realizing Christ s prayer that all may be one so that the world may believe *The Wiley-Blackwell Companion to the Anglican Communion* Ian S. Markham,J. Barney Hawkins, IV,Justyn Terry,Leslie Nuñez Steffensen,2013-03-13 This uniquely comprehensive reference work provides a global account of the history expansion diversity and contemporary issues facing the Anglican Communion the worldwide body that includes all followers of the Anglican faith An insightful and wide ranging treatment of this dynamic global faith offering

Guyer, 2017-12-28 Originating in 1867 under the presidency of the Archbishop of Canterbury the Lambeth Conference has proactively shaped the modern world by influencing areas as diverse as the ecumenical movement post war international relations and the spiritual lives of hundreds of millions A team of distinguished scholars from around the world now detail the historical legacy theological meaning and pastoral purpose of the Anglican Communion's decennial councils The next Lambeth Conference will be crucial for the Anglican Communion which is currently afflicted by destructive tensions over matters long central to Christian identity such as the nature of holy orders the definition of sexual morality and the scope of ecclesial authority Whether in

supplication or celebration both nurtured by diverse cultural contexts and furthered by the scope of ecumenical horizons these essays break new ground The Lambeth Conference is a faithful testament to generations past and a spur to the ongoing restoration of Anglican theology and devotion in the present

Frozen Institutions Bruce N. Kaye, 2022-07-26 Thanks for the memories well maybe not It has been hard work getting over the break up of the fifteen hundred year Anglican marriage of church and state the so called English Christendom It is still a work in progress because the marriage left behind so many unconscious assumptions about power institutions and community relations The first group of essays in this book challenges some of the frozen elements in church institutions in particular habits of orthodoxy catholicity and canonical Scripture They are framed in the context of the struggles of the Anglican Communion The second set of essays refer to the Anglican Church of Australia and some attempts at de frosting its institutions These are lectures and papers given across Australia mostly during the author s time as General Secretary of the Anglican Church of Australia The last essay is an account of a current struggle over the blessing of a same sex couple legally married under recently changed civil law It illustrates the role of the constitution of the church in this dispute The loose federation of dioceses in the constitution has generally enabled dioceses to live separately The danger in this has been the specter of a church made up of diocesan silos rather than of engaged fellowship However the federal structure does not need to work that way Indeed in the present conflict situation this very looseness could be used to provide space for more respectful engagement How this crisis is handled will be an early clue as to whether the church is up to it
