to promote American diplomacy in a world frequently hostile to the United States To the Secretary also reveals the disconnect that diplomats face at home guided by conflicting approaches from multiple Washington stakeholders intent on their own agenda often unaware of realities on the ground In an honest assessment of America s foreign policy challenges Thompson Jones describes the deepening gulf between decision makers in Washington and their diplomats in the field From misinterpreted analyses of anti Americanism to Washington s unwillingness to send resources to support diplomatic activities that could make a difference To the Secretary shows what policymakers can learn from diplomats abroad and how this can strengthen America s place in an unstable world
