Sagas Of King Half And King Hrolf:

The Sagas of King Half and King Hrolf, 1991 This book presents the first English translation of Half's Saga and a new translation of Hrolf's Saga both classic Old Icelandic tales Both belong to the mythical heroic category of sagas containing fantastical material and relying considerably on folklore motifs They have at their base legendary quasi historical material which has served to anchor them more firmly in the Icelandic imagination throughout the 800 years or so of their existence Will be of interest to the student of folklore and medieval Scandinavian literature **The Saga of King Hrolf Kraki** Jesse Byock, 2005-06-30 Composed in medieval Iceland Hrolf's Saga is one of the greatest of all mythic legendary sagas relating half fantastical events that were said to have occurred in fifth century Denmark It tells of the exploits of King Hrolf and of his famous champions including Bodvar Bjarki the bear warrior a powerful figure whose might and bear like nature are inspired by the same legendary heritage as Beowulf Depicting a world of wizards sorceresses and berserker fighters originally members of a cult of Odin this is a compelling tale of ancient magic A work of timeless power and beauty it offers both a treasury of Icelandic prose and a masterful gathering of epic cultic memory traditional folk tale and myths from the Viking age and far earlier Sagas of Imagination: A Medieval Icelandic Reader Ben Waggoner, 2017-12-15 The Norse men and women who sailed to Iceland brought stories with them stories of their lives and their ancestors passed down for centuries going back in time to great Vikings legendary heroes and even the ancient gods and goddesses A new wave of stories entered with Christianity stories of exotic lands and beasts of saints and holy men facing demons and monsters A third wave of stories came to Iceland via Norway whose king had commissioned translations of tales of chivalry of the courtly love of gallant knights and beautiful ladies And all of these blended together in Iceland creating swashbuckling sagas unlike any other medieval literature This book presents eleven sagas and six shorter texts tracing the growth of these sagas of adventure from Norse legends of King Half and Asmund Champion's Bane to the life of the Apostle Bartholomew to tales of Parceval and King Arthur to the sagas of heroes like Vilmund the Outsider and Yngvar the Far Traveler and Samson the Fair **The Sagas of Ragnar Lodbrok**, 2009 Although based on historical persons from the 9th century Ragnar Lodbrok and his sons are the subjects of compelling legends dating from the Viking era Warriors raiders and rulers Ragnar and his sons inspired unknown writers to set down their stories over seven centuries ago This volume presents new and original translations of the three major Old Norse texts that tell Ragnar's story the Saga of Ragnar Lodbrok the Tale of Ragnar's Sons and the Sogubrot Ragnar's death song the Krakumal and a Latin fragment called the List of Swedish Kings complete the story Extensive notes and commentary are provided helping the reader to enter the world of these timeless stories of Viking adventure *Sagas and Myths of the Northmen* Jesse Byock, 2006-05-04 In a land of ice great warriors search for glory When a dragon threatens the people of the north only one man can destroy the fearsome beast Elsewhere a mighty leader gathers a court of champions including a noble warrior under a terrible curse The Earth's creation is described tales of the gods and evil Frost Giants are

related and the dark days of Ragnarok foretold Journey into a realm of legend where heroes from an ancient age do battle with savage monsters and every man must live or die by the sword *Expansions* Axel Kristinsson,2010 **Hrolf Kraki's Saga** Poul Anderson,2015-11-24 Winner of the British Fantasy Award The ancient legend of the Danish Viking king is retold in a tale of vengeance battles magic and monsters In the court of the Anglo Saxon king a visiting storyteller regales the assembled nobles with the enthralling tale of her faraway land s most revered hero the Viking Hrolf Kraki Born of an incestuous union into a royal family with a history of violence jealousy usurpation and murder Hrolf assembled a loyal band of the mightiest champions in the realm and expanded his small kingdom through wisdom courage and conquest Unbeaten on the battlefield his great deeds and victories became legends throughout the North as he ushered in an era of peace and prosperity But Hrolf s desire for vengeance was ever the warrior king s driving force as he sought the truth about his father s murder This obsession would threaten Hrolf s life and his rule and ultimately bring his great kingdom to ruin Poul Anderson one of the acknowledged giants of twentieth century fantasy employs his unparalleled storytelling talents to bring Denmark s great Viking king to life A saga that predates the stories of King Arthur and his knights and Shakespeare s Hamlet while echoing the Oedipus and Beowulf myths the Norse legend of Hrolf Kraki takes on a new and breathtaking richness in this classic novel the Guardian described as full of thrills Religion of the Gods Kimberley Christine Patton,2009 In many of the world s religions both polytheistic and monotheistic a seemingly enigmatic and paradoxical image is found that of the god who worships Various interpretations of this seeming paradox have been advanced Some suggest that it represents sacrifice to a higher deity Proponents of anthropomorphic projection say that the gods are just big people and that images of human religious action are simply projected onto the deities However such explanations do not do justice to the complexity and diversity of this phenomenon In Religion of the Gods Kimberley C Patton uses a comparative approach to take up anew a longstanding challenge in ancient Greek religious iconography why are the Olympian gods depicted on classical pottery making libations The sacrificing gods in ancient Greece are compared to gods who perform rituals in six other religious traditions the Vedic gods the heterodox god Zurvan of early Zoroastrianism the Old Norse god Odin the Christian God and Christ the God of Judaism and Islam s Allah Patton examines the comparative evidence from a cultural and historical perspective uncovering deep structural resonances while also revealing crucial differences Instead of looking for invisible recipients or lost myths Patton proposes the new category of divine reflexivity Divinely performed ritual is a self reflexive self expressive action that signals the origin of ritual in the divine and not the human realm Above all divine ritual is generative both instigating and inspiring human religious activity The religion practiced by the gods is both like and unlike human religious action Seen from within the religious tradition gods are not big people but other than human Human ritual is directed outward to a divine being but the gods practice ritual on their own behalf Cultic time the symbiotic performance of ritual both in heaven and on earth collapses the distinction between cult and theology each time ritual is performed Offering

the first comprehensive study and a new theory of this fascinating phenomenon Religion of the Gods is a significant contribution to the fields of classics and comparative religion Patton shows that the god who performs religious action is not an anomaly but holds a meaningful place in the category of ritual and points to a phenomenologically universal structure within religion itself [Fairycraft](#) Morgan Daimler,2016-06-24 An in depth manual for practicing Fairy Witchcraft including theology fairy lore rituals holidays and magical practices This book aims to pick up where Pagan Portals Fairy Witchcraft leaves off and teach interested people the comprehensive practice of this system of honoring the Fair Folk and liminal Gods by blending the old Fairy Faith with modern paganism *Heimskringla - The Norse King Sagas* Snorre Sturlason,2011-03-24 This early work of poetry is both expensive and hard to find in its first edition Written in the early thirteenth century it contains a collection of sagas about Norwegian kings This is a fascinating work and is thoroughly recommended for anyone interested in Norse history Contents Include Dedication to King Haakon VII Editor s Introduction Translator s Preface Snorre s Preface The Ynglinga Saga Semi Mythical Historic Sagas Halfdan the Black Harald the Fairhaired Haakon the Good Eric s Sons Earl Haakon King Olaf Trygvesson King Olaf the Saint Magnus the Good Harald the Stern Olaf the Quiet Magnus Barefoot The Sons of Magnus Magnus the Blind and Harald Gille The Sons of Harald Haakon the Broad Shouldered Magnus Erlingson List of Old Sagas List of Kings of Sweden Denmark Norway Index of Names and Places *History of the Literature of the Scandinavian North from the Most Ancient Times to the Present* Fr. Otten,2024-07-01 Our understanding of lycanthropy is limited by our association of it with contemporary portrayals of werewolves in horror films and gothic fiction No rational person today believes that a human being can literally be metamorphosed into a wolf therefore in the absence of an historical context the study of werewolves can appear to be a wayward pursuit of the perversely irrational and the sensational This Reader provides the historical context Drawing on primary sources it is a comprehensive survey of all aspects of lycanthropy with a focus on the medieval and Renaissance periods Lycanthropes were on trial in the courtrooms of Europe and on examination in medical offices and mental hospitals they were the objects of communal fear and pity and the subjects of sermons and philosophical treatises In the Introduction to the Reader Charlotte Otten shows that the study of lycanthropy uncovers basic issues in human life the significance of violence and criminality the role of the demonic in aberrant behavior and ultimately the nature of good and evil The implications for modern life are immediately apparent The Reader is divided into six sections I Medical Cases Diagnoses Descriptions 2 Trial Records Historical Accounts Sightings 3 Philosophical and Theological Approaches to Metamorphosis 4 Critical Essays on Lycanthropy Anthropology History and Medicine 5 Myths and Legends and 6 Allegory Each section has an introduction that summarizes and interprets the materials [100 Year Cover-Up Revealed](#) James Edward Gilmer,2011-09-15

100 Year Cover up Revealed We Lived With Dinosaurs makes our past coexistence with dinosaurs effortlessly apparent with a wide variety of proof ranging from artistic to documentary to scientific Although it automatically invalidates evolution by proving coexistence this book takes the extra step of examining and destroying with logic and science every major assumption and claim made by evolutionists including the absurd notion that dinosaurs and humans missed each other by 65 million years The sub topic that runs throughout the entire book is that for the past century evolutionists have been brainwashing us with bogus claims while actively and passively covering up evidence showing that humans coexisted with dinosaurs and that evolution is basically a hoax 100 Year Cover up Revealed We Lived With Dinosaurs not only proves the reality of coexistence and the fallacy of evolution but also shows how the suppression of these facts has polluted our laboratories classrooms and media Finally this book highlights the scientific and educational implications of its conclusions and offers an intelligent alternative to evolution

The Viking Age Vol.2 (of 2) (Illustrations) Paul B. Du Chaillu, While studying the progress made in the colonisation of different parts of the world by European nations I have often asked myself the following questions How is it that over every region of the globe the spread of the English speaking people and of their language far exceeds that of all the other European nations combined Why is it that wherever the English speaking people have settled or are at this day found even in small numbers they are far more energetic daring adventurous and prosperous and understand the art of self government and of ruling alien peoples far better than other colonising nations Whence do the English speaking communities derive the remarkable energy they possess for the people of Britain when invaded by the Romans did not show any such quality What are the causes which have made the English such a pre eminently seafaring people for without such a characteristic they could not have been the founders of so many states and colonies speaking the English tongue In studying the history of the world we find that all the nations which have risen to high power and widespread dominion have been founded by men endowed with great I may say terrible energy extreme bravery and the love of conquest being the most prominent traits of their character The mighty sword with all its evils has thus far always proved a great engine of civilisation To get a satisfactory answer to the above questions we must go far back and study the history of the race who settled in Britain during and after the Roman occupation We shall thus find why their descendants are to day so brave successful energetic and prosperous in the lands which they have colonised and why they are so pre eminently skilled in the art of self government We find that a long stretch of coast is not sufficient though necessary to make the population of a country a seafaring nation When the Romans invaded Britain the Brits had no fleet to oppose them We do not until a later period meet with that love of the sea which is so characteristically English not before the gradual absorption of the earlier inhabitants by a blue eyed and yellow haired seafaring people who succeeded in planting themselves and their language in the country To the numerous warlike and ocean loving tribes of the North the ancestors of the English speaking people we must look for the transformation that took place in Britain In their descendants we recognise to this day many of the very

same traits of character which these old Northmen possessed as will be seen on the perusal of this work Britain after a continuous immigration which lasted several hundred years became the most powerful colony of the Northern tribes several of the chiefs of the latter claiming to own a great part of England in the seventh and eighth centuries At last the time came when the land of the emigrants waxed more powerful more populous than the mother country and asserted her independence and to day the people of England as they look over the broad Atlantic may discern a similar process which is taking place in the New World The impartial mind which rises above the prejudice of nationality must acknowledge that no country will leave a more glorious impress upon the history of the world than England Her work cannot be undone should she to day sink beneath the seas which bathe her shores her record will for ever stand brilliantly illuminated on the page of history The great states which she has founded which have inherited her tongue and which are destined to play a most important part in the future of civilisation will be witnesses of the mighty work she has accomplished They will look back with pride to the progenitors of their race who lived in the glorious and never to be forgotten countries of the North the birthplace of a new epoch in the history of mankind To be continue in this ebook

The Germanic Heroic Tradition in Video Games

Enrique Torres-Hergueta,2025-10-03 This monograph examines the appropriation and ludification of the Germanic heroic tradition in video games as a digital medium a process that unfolds on the margins of official discourse about the early Middle Ages The project analyzes the adaptation of medieval material to the video game format through the use of Germanic epic motifs such as the configuration of the hero his conflict with the antagonist and the pursuit of fame and wealth derived from the medieval written sources that inspire them Using narratology the author evaluates the remediation of these narratives in video games as a playful digital and immersive experience
