Saint Nicholas Board:

Jolly Old Saint Nicholas ,1998 Arranged By Rovenger Leopold W **Public Bills** Great Britain. Parliament. House of Commons,1862 American Sanctuary A. Roger Ekirch,2018-11-20 In 1797 the bloodiest mutiny ever suffered by the Royal Navy took place on the British frigate HMS Hermione off the coast of Puerto Rico Jonathan Robbins a reputed American sailor who had been impressed into service made his way to American shores President John Adams bowed to Britain s request for his extradition Convicted of murder and piracy by a court martial in Jamaica Robbins was hanged Adams s catastrophic miscalculation ignited a political firestorm only to be fanned by Robbins s failure to receive his constitutional rights of due process and trial by jury by an American court American Sanctuary brilliantly lays out in riveting detail the story of how the Robbins affair amid the turbulent presidential campaign of 1800 inflamed the new nation and set in motion a constitutional crisis resulting in Adams s defeat and Thomas Jefferson s election as the third president of the United States Robbins s martyrdom led directly to the country s historic decision to grant political asylum to foreign refugees a major achievement in fulfilling the promise of American independence *District and Local Boards ... House of Lords,1888 *Women, Families and the British Army 1700-1880* Jennine Hurl-Eamon,Lynn MacKay,2020-03-10 This series concentrates on women and the soldiers in the ranks whose lives they shared assembling a wide body of evidence of their romantic entanglements and domestic concerns The new military history of recent decades has demanded a broadening of the source base beyond elite accounts or those that concentrate solely on battlefield experiences Armies did not operate in isolation and men s family ties influenced the course of events in a variety of ways Campfollowing women and children occupied a liminal space in campaign life Those who travelled on the strength of the army received rations in return for providing services such as laundry and nursing but they could also be grouped with prostitutes and condemned as a burden by officers Parents wives and offspring left behind at home remained in soldiers thoughts despite an army culture aimed at replacing kin with regimental ties Soldiers families suffering both on the march and back in Britain attracted public attention at key points in this period as well This series provides for the first time in one place a wide body of texts relating to common soldiers personal lives the women with whom they became involved their children and the families who cared for them It brings hitherto unpublished material into print for the first time and resurrects accounts that have not been in wide

circulation since the nineteenth century The collection combines the observations of officers government officials and others with memoirs and letters from men in the ranks and from the women themselves It draws extensively on press accounts especially in the nineteenth century It also demonstrates the value of using literary depictions alongside the letters diaries memoirs and war office papers that form the traditional source base of military historians This fifth volume covers The Crimean War 1854 56
