Saints In Art:

Saints and Their Symbols Fernando Lanzi, Gioia Lanzi, 2004 Images that tell the story of salvation illustrate saints in various scenes They are often depicted by an emblem or icon It used to be that we knew enough about the saints to recognize them in images or artworks without much trouble but it is becoming a struggle understanding the saints This text explains such things as why so many of the saints appear in images with Jesus and the Virgin Mary yet remain unnamed which symbols are associated with each saint and what their roles were in Christian salvation work of popular religious culture and anthropology

Saints in Art Rosa Giorgi, 2003 From Agatha to Zeno this book presents the images and attributes of more than one hundred saints those most frequently encountered in sacred art history and legend tradition and devotional literature Lavishly illustrated this book introduces the saints with their identifying attributes notes on their lives and martyrdoms and visual references that make it easy to identify their characters and legends and the forms of worship for each
