genre theory and criticism Secondary and related objectives of the book are to cover key genres and sub genres and account for their popularity The result offers new ways of looking at Irish cinema Religion and Film Melanie Wright,2006-10-27 From silent films to contemporary blockbusters religion has always proved a popular theme for the cinema However all too often religion and film are discussed from narrowly confessional perspectives with the result that the field has long been dominated by the question of a film s fidelity to a religious text or worldview or its value as a tool in ministry and mission Religion and Film An Introduction seeks to redress this balance and argues for a new holistic approach to the subject that draws on work from cultural studies religious studies and film studies alike Wright argues that the meanings of a film are not encoded by its textual organisation but are bound up with its interpretation by viewers in specific contexts Focusing on religiously diverse films like The Ten Commandments La Passion de Jeanne d Arc Kadosh Lagaan My Son the Fanatic Keeping the Faith The Wicker Man and Mel Gibson s The Passion of The Christ the author looks at varied screen representations of religion at films shaped by strong convictions about the place of religion in society and at the roles that audiences play as consumers of film The book will have strong appeal to students as well as general readers interested in all aspects of the inter relationship of religion and the cinema **World Cinemas, Transnational Perspectives** Nataša Durovicová,Kathleen E. Newman,2009-09-10 SCMS Award Winner Best Edited Collection The standard analytical category of national cinema has increasingly been called into question by the category of the transnational This anthology examines the premises and consequences of the coexistence of these two categories and the parameters of historiographical approaches that cross the borders of nation states The three sections of World Cinemas Transnational Perspectives cover the geopolitical imaginary transnational cinematic institutions and the uneven flow of words and images The Films of Aki Kaurismäki Thomas Austin,2018-09-06 Despite creating an extensive and innovative body of work over the last 30 years Aki Kaurismäki remains relatively neglected in Anglophone scholarship This international collection of original essays aims to redress such neglect by assembling diverse critical inquiries into Kaurismäki s oeuvre The first anthology on Kaurismäki to be published in English it offers a range of voices responding to his politically and aesthetically compelling cinema Deploying various methodologies to explore multiple facets of his work The Films of Aki Kaurismäki will come to be seen as the definitive book on Kaurismäki Hong Kong Connections Meaghan Morris,Siu Leung Li,Stephen Ching-kiu Chan,2005-10-01 Since the 1960s Hong Kong cinema has helped to shape one of the world s most popular cultural genres action cinema Hong Kong action films have proved popular over the decades with audiences worldwide and they have seized the imaginations of filmmakers working in many different cultural traditions and styles How do we account for this appeal which changes as it crosses national borders Hong Kong Connections brings leading film scholars together to explore the uptake of Hong Kong cinema in Japan Korea India Australia France and the US as well as its links with Taiwan Singapore and the Chinese mainland In the process this collective study examines diverse cultural contexts for action cinema s popularity and the

problems involved in the transnational study of globally popular forms suggesting that in order to grasp the history of Hong Kong action cinema's influence we need to bring out the differences as well as the links that constitute popularity
