Lories Adn Lorikeets The Brushtongued Parrots:

Lories and Lorikeets Rosemary Low,1979-02 **Lories and Lorikeets** Alison Ruggles,1995 This is the first major book on Lories and Lorikeets species for some years It will become the book on these Australasian parrot species It contains a vast amount of new data about species in the wild as well as the latest data care and breeding *A monograph of the lories, or brush tongued parrots* Saint-George Jackson Mivart,1992 **Lories and Lorikeets** Rosemary Low,1990-01-01 A *Monograph of the Lories, Or Brush-tongued Parrots, Composing the Family Loriidae* St. George Jackson Mivart,1896 A *Monograph of the Lories, Or Brush-tongued Parrots* St. George Jackson Mivart,1896 **Vanished and Vanishing Parrots** Joseph Forshaw,2017-10-02 Joseph M Forshaw one of the world s leading authorities on parrots calls attention to the threats they face they are one of the most endangered groups of birds with a growing number of species nearing extinction The main threats arise from habitat loss through deforestation and agricultural development and from the taking of birds for the international live bird trade *Vanished and Vanishing Parrots* brings together information on species that have become extinct in historical times with information on species that are in danger of becoming extinct to increase public awareness of the plight of these magnificent birds Vivid colour plates by the wildlife artist Frank Knight draw attention to the spectacular species that we have lost or that could be lost Forshaw s work gives us fascinating insight into these endangered and extinct parrots *Vanished and Vanishing Parrots* will be a valuable reference for scientific ornithological and avicultural organisations as well as individual lovers of birds and of illustrated natural history books **A Monograph of the Lories, Or Brush-tongued Parrots, [composing the Family Loriidæ]** St. George Mivart,John Gerrard Keulemans,G. Mauersberger,jun Pagel (T.),Peter Garbe,1992 **Bird Notes** ,1910 **A Monograph of the Lories, Or Brush Tongued-parrots** Saint George Jackson Mivart,1992 **Thinking like a Parrot** Alan B. Bond,Judy Diamond,2019-07-02 From two experts on wild parrot cognition a close look at the intelligence social behavior and conservation of these widely threatened birds People form enduring emotional bonds with other animal species such as dogs cats and horses For the most part these are domesticated animals with one notable exception many people form close and supportive relationships with parrots even though these amusing and curious birds remain thoroughly wild creatures What enables this unique group of animals to form social bonds with people and what does this mean for their survival In *Thinking like a Parrot* Alan B Bond and Judy Diamond look beyond much of the standard work on captive parrots to the mischievous inquisitive and astonishingly vocal parrots of the wild Focusing on the psychology and ecology of wild parrots Bond and Diamond document their distinctive social behavior sophisticated cognition and extraordinary vocal abilities Also included are short vignettes field notes on the natural history and behavior of both rare and widely distributed species from the neotropical crimson fronted parakeet to New Zealand s flightless ground dwelling kakapo This composite approach makes clear that the behavior of captive parrots is grounded in the birds wild ecology and evolution revealing that parrots ability to bond with people is an

evolutionary accident a by product of the intense sociality and flexible behavior that characterize their lives Despite their adaptability and intelligence however nearly all large parrot species are rare threatened or endangered To successfully manage and restore these wild populations Bond and Diamond argue we must develop a fuller understanding of their biology and the complex set of ecological and behavioral traits that has led to their vulnerability Spanning the global distribution of parrot species Thinking like a Parrot is rich with surprising insights into parrot intelligence flexibility and even in the face of threats resilience
