Michael Freyhan

Magic Fan 1st Edition Signed:

The Authentic Magic Flute Libretto Michael Freyhan, 2009-10-26 Shortly after Wolfgang Amadeus Mozart's death his widow Constanze sent a manuscript copy of one of his most beloved operas Die Zauberflöte to the court of the Elector of Cologne. It was eventually published by Nicolaus Simrock in 1814 as the first full score edition. However the question still remains as to why this early copy in her possession diverges from Mozart's autograph in so many libretto details. The Authentic Magic Flute Libretto: Mozart's Autograph or the First Full Score Edition investigates the origin and claim to authenticity of the first full score edition of Die Zauberflöte drawing attention to the close bond between words and music. Michael Freyhan brings the subtlety of the first edition word setting to the attention of scholars, musicians and opera lovers setting out the evidence for its authenticity and detailing the quest pursued in 15 countries for the earliest possible historical sources. Freyhan examines the differences between the first edition and the autograph discussing the quality of the word setting supported by 32 musical examples and evaluating the relationship of the two texts in terms of language and literature. The following chapters discuss the early history of the autograph focusing on four alleged owners, its market value and the misleading catalogue numbering systems seen on the first page. Details of the performance and publication history of the first edition text are followed by a new perspective on the disputed authorship of the libretto in light of the possible existence of two authentic texts. A concluding chapter discusses Mozart's sketches and working methods while an appendix traces the character and career of Karl Ludwig Giesecke, one of the writers who claimed ownership of the opera's libretto. The book also includes several photos and the complete first edition libretto in German and with literal English translation providing a side by side text comparison with the autograph text. *Catalogue of the Valuable Collection of Japanese Colour Prints* J. S. Happer, 1909 *Heritage Comics Auctions, Dallas Signature Auction Catalog #817* Ivy Press, 2005-06 *The Publishers' Circular and Booksellers' Record*, 1929 Book Prices Edward N. Zempel, Linda A. Verkler, 1993 **The Publishers Weekly**, 1924 **Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1892 *The Sphinx*, 1924 *The Rare Find* George Anders, 2011-10-18 One of the nation's biggest music labels briefly signed Taylor Swift to a contract but let her go because she didn't seem worth more than 15,000 a year. At least four book publishers passed on the first Harry Potter novel rather than pay J. K. Rowling a 5,000 advance. And the same pattern happens in nearly every business. Anyone who recruits talent faces the same basic challenge: whether we work for a big company, a new start-up, a Hollywood studio, a hospital or the Green Berets. We all wonder how to tell the really outstanding prospects from the ones who look great on paper but then fail on the job. Or equally important: how to spot the ones who don't look so good on paper but might still deliver extraordinary performance. Over the past few decades, technology has made recruiting in all fields vastly more sophisticated. Gut instincts have yielded to benchmarks. If we want elaborate dossiers on candidates we can gather facts and video by the gigabyte. And yet the results are just as spotty as they were in the age of the rotary phone.

George Anders sought out the world's savviest talent judges to see what they do differently from the rest of us. He reveals how the U.S. Army finds soldiers with the character to be in Special Forces without asking them to fire a single bullet. He takes us to an elite basketball tournament in South Carolina where the best scouts watch the game in a radically different way from the casual fan. He talks to researchers who are reinventing the process of hiring Fortune 500 CEOs. Drawing on the best advice of these and other talent masters, Anders reveals powerful ideas you can apply to your own hiring. For instance, don't ignore the jagged résumé people whose background appears to teeter on the edge between success and failure. Such people can do spectacular work in the right settings where their strengths dramatically outweigh their flaws. Look extra hard for talent that whispers the obscure out of the way, candidates whom most scouting systems overlook. Be careful with talent that shouts the spectacular but brash candidates who might have trouble with loyalty, motivation, and team spirit. Each field that Anders explores has its own lingo, customs, and history. But the specific stories fit together into a bigger mosaic. In any field, there's an art to clearing away the clutter and focusing on what matters most. It's not necessarily hard, but it requires the courage to take a different approach in pursuit of the rare find.
