Magic Methods Of Screenwriting:

Magic Methods of Screenwriting D. Lee, 1995-01-01 *Magic Methods of Screenwriting* Donna Lee, 1978 *The Ultimate Writer's Guide to Hollywood* Skip Press, 2004 *Screenwriting in a Digital Era* Kathryn Millard, 2014-03-07

Screenwriting in a Digital Era examines the practices of writing for the screen from early Hollywood to the new realism. Looking back to prehistories of the form, Kathryn Millard links screenwriting to visual and oral storytelling around the globe and explores new methods of collaboration and authorship in the digital environment.

Crafty Screenwriting Alex Epstein, 2002-10-08. The most innovative and creative screenwriting book yet from an author who knows first hand what it takes to get a movie made. Based on an award winning website hailed as smart enough for professional screenwriters and accessible enough for aspiring screenwriters. *Crafty Screenwriting* is the first book not only to offer a successful screenwriter's tricks of the trade but to explain what development executives really mean when they complain that the dialogue is flat or the hero isn't likeable. Fresh, provocative and funny, Alex Epstein diagnoses a problem that other screenwriting books barely address and answers questions they rarely ask like: Why is it sometimes dangerous to know your characters too well before you start writing? or Why does your script have to be so much better than the awful pictures that get made every day? As a development executive who has accepted and rejected countless screenplays and as a produced screenwriter himself, Epstein can take you into the heart of the most important question of all: Is this a movie? A crucial book for anyone who has ever wondered what it takes to get their movie made.

Writing Your First Play Roger Hall, 2012-08-06. *Writing Your First Play* provides the beginning playwright with the tools and motivation to tell a story through dramatic form. Based in a series of exercises which gradually grow more complex, the book helps the reader to understand the basic elements of drama: conflict and action. The exercises help the reader to become increasingly sophisticated in the use of dramatic formats, turning simple ideas into a viable play. Topics include the role of action in drama, developing action and conflict to reveal character, writing powerful and persuasive dialog, writing from personal experience, pros and cons, how to begin the story and develop the storyline. This new edition is thoroughly updated and contains new examples based on contemporary plays. The author has added additional writing exercises and a new student-written one act play. It also contains a new chapter on how to sell your play once it is written. With examples based on student work, this text both inspires and educates the student and fledgling playwright, providing solid tools and techniques for the craft of writing a drama. Roger A. Hall, a professor of theatre at James Madison University, had taught playwriting for nearly 20 years. Many of his students have gone on to write for theatre, television and the screen. He has written numerous plays and articles and has acted and directed extensively in the theatre.
