Magic Nameplates:

The Nameplate Marcel Rosa-Salas, Isabel Attyah Flower, 2023-07-25 The Nameplate is a vibrant photographic celebration of nameplate jewelry featuring deeply personal stories and rich cultural contexts collected by the creators of the Documenting the Nameplate project Names don't just tell stories They are stories Rawiya Kameir Nameplate jewelry comes in many shapes styles and sizes from simple scripted pendants to bejeweled rings belts and bracelets with a first last and or nickname Like so many individuals who proudly wear nameplates Marcel Rosa Salas and Isabel Attyah Flower were first introduced to this storied jewelry during childhood Their love of the nameplate style gradually blossomed into a wide reaching research project Documenting the Nameplate through which they've spent years collecting photographs and testimonials from nameplate wearers across the country and world Featuring essays and interviews from scholars and cultural figures portraits by contemporary photographers archival imagery and a historical exploration into the multifaceted and often overlooked significance of nameplate jewelry The Nameplate is a tribute to the people who make wear and cherish it

Real Cities Steve Pile, 2005-03-18 this is a book with an interesting thesis and a welcome contribution to the literature Pile has opened up a productive theoretical and empirical space for further study and exploration RGS IBG Urban Geography Research Group What is real about city life Real Cities shows why it is necessary to take seriously the more imaginary fantastic and emotional aspects of city life Drawing inspiration from the work of Walter Benjamin Sigmund Freud and Georg Simmel Pile explores the dream like and ghost like experiences of the city Such experiences are he argues best described as phantasmagorias The phantasmagorias of city life though commonplace are far from self evident and little understood This book is a path breaking exploration of urban phantasmagorias grounded empirically in a series of unusual and exciting case studies In this study four substantial phantasmagorias are identified dreams magic vampires and ghosts The investigation of each phantasmagoria is developed using a wide variety of clear examples Thus voodoo in New York and New Orleans shows how ideas about magic are forged within cities Meanwhile vampires reveal how specific fears about sex and death are expressed within and circulate between cities such as London and Singapore Taken together such examples build a unique picture of the diverse roles of the imaginary fantastic and the emotional in modern city life What is real about the city has radical consequences for how we think about improving city life for all too often these are over looked in utopian schemes for the city Real Cities forcefully argues that an appreciation of urban phantasmagorias must be central to what is considered real about city life
