Maglipay Universalist Fredric John Muir,2001-01-01 **Our Unitarian Universalist Story** Carol D. Meyer,1996

An Introduction to the Unitarian and Universalist Traditions Andrea Greenwood,Mark W. Harris,2011-08-11 How is a free faith expressed organised and governed How are diverse spiritualities and theologies made compatible What might a religion based in reason and democracy offer today s world This book will help the reader to understand the contemporary liberal religion of Unitarian Universalism in a historical and global context Andrea Greenwood and Mark W Harris challenge the view that the Unitarianism of New England is indigenous and the point from which the religion spread Relationships between Polish radicals and the English Dissenters existed and the English radicals profoundly influenced the Unitarianism of the nascent United States Greenwood and Harris also explore the US identity as Unitarian Universalist since a 1961 merger and its current relationship to international congregations particularly in the context of twentieth century expansion into Asia

Universalists and Unitarians in America John A. Buehrens,2011 A Documentary History of Unitarian Universalism, Volume Two Dan McKanan,2017 A panel of top scholars presents the first comprehensive collection of primary sources from Unitarian Universalist history This critical resource covers the long histories of Unitarianism Universalism and Unitarian Universalism in the United States and around the world and offers a wealth of sources from the first fifty five years of the Unitarian Universalist Association From Arius and Origen to Peter Morales and Rebecca Parker this two volume anthology features leaders thinkers and ordinary participants in the ever changing tradition of liberal religion Each volume contains more than a hundred distinct selections with scholarly introductions by leading experts in Unitarian Universalist history The selections include sermons theologies denominational statements hymns autobiographies and manifestos with special attention to class cultural gender and sexual diversity Primary sources are the building blocks of history and A Documentary History of Unitarian Universalism presents the sources we need for understanding this denomination s past and for shaping its future *The A to Z of Unitarian Universalism* Mark W. Harris,2009-07-29 Small though it may be Unitarian Universalism has had a big impact not only on its members but also on the world around it Rejecting the constraints of other Christian denominations it sought tolerance for itself and surprisingly freely granted tolerance to others Evolving in its principles and practices over a relatively short lifetime it shows every sign of developing further reaching beyond Christianity to embrace what is good in other more diverse religions Unitarian Universalism has also regularly been at the forefront in fighting for social causes including abolition temperance women s suffrage pacifism educational reform environmentalism and others Unitarian Universalism has also spread with time First developed in present day Romania and Hungary its center shifted early to England but its most successful story is the way it grew and flourished in the United States This reference covers numerous subjects both historical and contemporary with entries on the places where the church was present many more on significant leaders and an impressive number on causes and issues All the important people events and ideas in this

religion are included as well as important late 20th century battles including racism and new principles and purposes

Historical Dictionary of Unitarian Universalism Mark W. Harris, 2018-08-31 The Unitarian Universalist religious movement is small in numbers but has a long history as a radical reforming movement within Protestantism coupled with a larger liberal social witness to the world Both Unitarianism and Universalism began as Christian denominations but rejected doctrinal constraints to embrace a human view of Jesus an openness to continuing revelation and a loving God who they believed wanted to be reconciled with all people In the twentieth century Unitarian Universalism developed beyond Christianity and theism to embrace other religious perspectives becoming more inclusive and multi faith Efforts to achieve justice and equality included civil rights for African Americans women and gays and lesbians along with strident support for abortion rights environmentalism and peace Today the Unitarian Universalist movement is a world wide faith that has expanded into several new countries in Africa continued to develop in the Philippines and India while maintaining historic footholds in Romania Hungary England and especially the United States and Canada This second edition of Historical Dictionary of Unitarian Universalism contains a chronology an introduction an appendix and an extensive bibliography The dictionary section has over 400 cross referenced entries on people places events and trends in the history of the Unitarian and Universalist faiths including American leaders and luminaries important writers and social reformers This book is an excellent resource for students researchers and anyone wanting to know more about Unitarian Universalism Soul Work Unitarian Universalist Association, 2002 Whole World Kin, The, *Benevolent Intentions* Fredric Muir, 2025-06-17 Fredric Muir explores a period of American history that is difficult knowledge the country's determination to be a member of the imperial era's club of colonizing nations While the book's characters are Christian religious liberals in particular what is surprising is not that they were in positions to direct and enforce colonial hegemony but that there were so many of them in fact there was a disproportionately large number of religious liberals in positions of authority and leadership Addressing topics that are still current this book describes the intersection of religious liberalism and imperialism and identifies those who were in positions of power while observing what it was about the liberal Christian faith that was informing them and the limited and failed resistance of the anti imperialist and anti immigration movements The results have been lasting and continue as headline news
