Magna Carta And The Tradition Of Liberty

Jamie Gaskarth

Magna Carta And The Tradition Of Liberty:

Magna Carta and the Tradition of Liberty, 1984-08 **Magna carta and the tradition of liberty** Louis Booker Wright, 1976 **The Roots of Liberty** Ellis Sandoz, 1993 In this contribution to the ongoing debate over the origins of constitutionalism and free government Sandoz brings together a selection of scholars to present a reevaluation of the place of Magna Carta and Ancient Constitution in the tradition of Anglo American liberty and rule of law **Transactions of the Royal Historical Society: Volume 14** Aled Jones, 2005-05-05 The Transactions of the Royal Historical Society publish an annual collection of major articles representing some of the best historical research by some of the world's most distinguished historians **Transnational American Memories** Udo Hebel, 2009-09-04 The volume gathers twenty original essays by experts of American memory studies from the United States and Europe It extends discussions of U S American cultures of memory commemorative identity construction and the politics of remembrance into the topical field of transnational and comparative American studies In the contexts of the theoretical turns since the 1990s including prominently the pictorial and the spatial turns and in the wake of multicultural and international conceptions of American history the contributions to the collection explore the cultural productivity and political implications of both officially endorsed memories and practices of oppositional remembrance Reading sites of memory situated in or related to the United States as crossroads of transnational and intercultural remembering and commemoration manifests their possibly controversial function as platforms and agents in the processes of cultural exchange and political negotiation across the spatial temporal and ideological trajectories that inform American Studies as Atlantic Studies Hemispheric Studies Pacific Studies The interdisciplinary range of issues and materials engaged includes literary texts personal accounts and cultural performances from colonial times through the immediate present the significance of war monuments and ethnic memorials in Europe Asia and the U S films about 9 11 public sculptures and the fine arts American world's fairs as transnational sites of memory Common Law and Enlightenment in England, 1689-1750 Julia Rudolph, 2013 The book demonstrates how the common law mind was able to meet the various challenges posed by Enlightenment rationalism and civic and commercial discourse revealing that the common law played a much wider role beyond the legal world in shaping Enlightenment concepts *American Constitutionalism Heard Round the World, 1776-1989* George Athan Billias, 2011-12 Winner of the 2010 Book Award from the New England Historical Association American constitutionalism represents this country's greatest gift to human freedom yet its story remains largely untold For over two hundred years its ideals ideas and institutions influenced different peoples in different lands at different times American constitutionalism and the revolutionary republican documents on which it is based affected countless countries by helping them develop their own constitutional democracies Western constitutionalism of which America was a part along with Britain and France reached a major turning point in global history in 1989 when the forces of democracy exceeded the forces of autocracy for the first time Historian George Athan

Billias traces the spread of American constitutionalism from Europe Latin America and the Caribbean region to Asia and Africa beginning chronologically with the American Revolution and the fateful shot heard round the world and ending with the conclusion of the Cold War in 1989 The American model contributed significantly by spearheading the drive to greater democracy throughout the Western world and Billias's landmark study tells a story that will change the way readers view the important role American constitutionalism played during this era **A Century of Labour** Jon Cruddas,2024-01-03 Britain's first Labour government took office on 22 January 1924 Its centenary provides an opportunity to reassess the party's performance over the last 100 years and with an election pending the character and purpose of the modern party Labour defined the dominant political settlement of much of the Twentieth Century the welfare state It has achieved much in pursuit of material change social reform and equality It has challenged patriarchy racism and the legacy of imperialism promoted human rights and delivered democratic and constitutional renewal Yet any honest assessment must acknowledge a century littered with failures and missed opportunities In this compelling book Jon Cruddas one of the country's foremost experts on Labour politics details the vivid personalities and epic factional battles the immense achievements and profound disappointments that define a century of Labour Uniquely framed around competing visions of socialist justice within the Party he provides a way to rethink Labour history the divisions and factions on the left and to reassess key figures at the helm of the movement from Keir Hardie through to Keir Starmer *British Foreign Policy* Jamie Gaskarth,2013-07-11 Britain has been a significant voice in global politics in the last two decades and its impact on world events far outweighs its material resources But how does a small island on the edge of Europe continue to exercise this level of power on an international scale What kind of actor is Britain internationally And what future challenges will confront British foreign policymakers in a multi polar world of emerging powers In this comprehensive introduction to British foreign policy today Jamie Gaskarth addresses these and other key questions Against a rich historical backdrop he examines the main actors and processes involved in British foreign policy making as well as the role played by identity in shaping such choices Later chapters focus on the relationship between economics and foreign policy what it means to be ethical in this policy sphere and the justification for and benefits of the UK's continued use of force to achieve its foreign policy goals Combining interview research theoretical insight and analysis of contemporary and historical trends this book charts how British foreign policy has come to be understood and practised in the 21st Century It will be an invaluable guide for students of British politics foreign policy international relations and related courses Thomas Jefferson, Legal History, and the Art of Recollection Matthew Crow,2017-03-17 Through his discussion of Thomas Jefferson historian Matthew Crow offers a new perspective on constitutional transformation in early American history
