Magruder's American Government 1988:

Magruder's American Government 1988 William A. McClenaghan, 1988 **Magruder's American Government** Frank Abbott Magruder, William A. McClenaghan, 1961 *The Code of Hammurabi* Jeanne Breazeale, Jack Sholl, 2013-09 This case study shows that a widely used U S Government high school textbook puts an ancient King of Babylon on the same level as American founding fathers George Washington Thomas Jefferson and John Adams The research study finds that the assertion that the Hammurabi Code is an underlying document of the United States as millions of American high school students are being taught today is not correct The U S Declaration of Independence the U S Constitution and the Bill of Rights are the founding documents of the United States The study challenges the claim by both legalists and religionists to the presumed importance of this ancient code to the foundations of American government now and in the past It warns that historical revisionism of this type poses a threat to U S national security at a time when American values are being challenged abroad especially in the Middle East It finds no overall uniform oversight or coordination of parties at all levels involved in high school textbook content The present system for fully reviewing textbooks and curricula a combination of publishers school boards issue blind teachers and academics government and national security agencies is not working Unless corrected the foundations of freedom and democracy and the Judeo Christian spiritual values upon which they are built will continue to be seriously eroded in the nation's high schools 2001 Magruder's American Government William A. McClenaghan, Frank Abbott Magruder, 2001 **Race, Culture, Psychology, and Law** Kimberly Barrett, William H George, 2005 In a diverse democracy law must be open to all All too often however our system of justice has failed to live up to our shared ideals because it excludes individuals and communities even as they seek to use it or find themselves caught up in it The research presented here offers hope The abstract doctrines of the law are presented through real cases Judges lawyers scholars and concerned citizens will find much in these pages documenting the need for reform along with the means for achieving our aspirations The issues presented by race ethnicity and cultural differences are obviously central to the resolution of disputes in a nation made up of people who have in common only their faith in the great experiment of the United States Constitution Here the challenges are met in an original accessible and thoughtful manner Frank H Wu Howard University and author of *Yellow Race in America Beyond Black and White* Kim Barrett and William George have taken on an enormous task which is matched only by its timeliness Cultural competence and cultural diversity pass off our lips as eternally valued ideals but Barrett and George have brought a critical and edifying eye to these ideas Racism is similarly easy to acknowledge but difficult to account for in the everyday lives of ordinary people of color What we discover in this impressive volume is not only that race and culture matter but how they matter in the minds of people who are clients and the minds of people who attempt to serve them and in the courts of law that attempt to mete out justice *Race Culture Psychology and the Law* is essential reading for anyone with a professional or personal interest in social justice and

The Mississippi State Sovereignty Commission Yasuhiro

Katagiri, 2009-09-18 In 1956 two years after the U S Supreme Court unanimously outlawed legally imposed racial segregation in public schools Mississippi created the State Sovereignty Commission This was the executive agency established to protect the sovereignty of the State of Mississippi from encroachment thereon by the Federal Government The code word encroachment implied the state's strong resolve to preserve and protect the racial status quo In the nomenclature the formality of the word sovereignty supposedly lent dignity to the actions of the Commission For all practical purposes the Sovereignty Commission intended to wage this Deep South state's monolithic resistance to desegregation and to the ever intensifying crusade for civil rights in Mississippi In 1998 the papers of the Commission were made available for examination

No other state has such extensive and detailed documentary records from a similar agency Exposed to public light they unmasked the Commission as a counterrevolutionary department for political and social intrigue that infringed on individual constitutional rights and worked toward discrediting the civil rights movement by tarnishing the reputations of activists As the eyes of the citizenry studied the records the Commission slid from sovereign and segregated to unsavory and abominable This book the first to give a comprehensive history of this watchdog agency shows how to this day the Sovereignty Commission remains obscure debated and for many citizens a star chamber of the most sinister sort Why was the Commission created What were some of the political and social climates that initiated its creation What were its activities during its seventeen years What was its impact on the course of Mississippi and southern history Drawing on the newly opened materials at the Mississippi Department of Archives and History this examination gives answers to such questions and traces the vicissitudes that took the Commission from governmental limelight to public opprobrium This book also looks at the attitudes of the state s white citizenry who upon realizing the Commission s failure saw the importance of a nonviolent accommodation of civil rights

Effective Leadership in Nigeria Dr. Onyema G. Nkwocha, 2012-01-04 *Effective Leadership In Nigeria Practical Ways To Build an Effective Inspiring Transformational and Visionary Leadership and Governance in Nigeria* is mostly based on the current apathetic and virtual lack of effective and visionary leadership situation in contemporary Nigeria and distills the golden gems principles processes procedures and practical applications inherent in effective inspiring visionary and enthusiastic leadership It attempts at instituting building and encouraging good effective and visionary leadership in the nation and that is currently virtually lacking From the outset the author makes it clear that this writing is not designed to model or fit any known leadership paradigm theory or management style Rather based on relevant research on leadership as it impacts the Nigerian situation the book attempts to explore what it takes for there to be an effective and good leadership to successfully lead and change Nigeria for the better The book is written and organized in a way that reflects and captures the contemporary experiences frustrations psychological emotions aspirations and hopes of every Nigerian and perhaps of promising politicians and future leaders who are honestly touched by the virtual vacuum of real and effective leadership in the country their concerns questions dreams and the expectations that have virtually gone unmet in the past more than half a century Properly elucidating what leadership means and differentiating it from rulership

this book couldn't have come at a better time to assist Nigeria's leadership struggles. A masterpiece Dr Nkwocha has taken the current apathetic leadership lull and almost leadership void in the nation and set the leadership principles and processes on the cutting edge. The book is a definitive guide to anyone aspiring to the leadership of Nigeria and is therefore in search of meaningful leadership: its principles, processes and pragmatic applications. The book is a must read. *Economics and Elections* Michael S. Lewis-Beck, 1990. A cross-national study of the effect of economic conditions on voting behavior in the United States and the Western democracies. **Magruder's American Government Guided Reading and Review Workbook Student Edition 2003c** William A.
