Zohara Meyerhoff Hieronimus, 2008-07-21 The spiritual teachings of Israel's biblical prophetesses from a kabbalistic perspective Explores the lives and symbolic significance of seven female prophets Sarah Miriam Devorah Chanah Avigail Chuldah and Esther Uses the gematria of Jewish metaphysics to demonstrate that prophecy is a mystical initiatory path by which Divine Will is made known not only a tool for telling the future Presents practical applications of kabbalistic teachings for spiritual development The seven prophetesses of Israel Sarah Miriam Devorah Chanah Avigail Chuldah and Esther lived between 1800 and 350 BCE Their combined lives reflect a kabbalistic path of spiritual evolution that is as pertinent to our lives today as it was for the biblical communities in which they lived From her studies of the Torah and classical gematria Zohara Hieronimus shows that each prophetess is linked to a Sefirah on the kabbalistic Tree of Life from creation Sarah through learning correct moral action Devorah to the promise of redemption and ultimately resurrection Esther Using the stories of their lives and teachings Hieronimus reveals the relationship of each prophetess to the seven days of the week the seven sacred species of Israel the human body and Jewish holidays and rituals This book presents the kabbalistic teachings of these holy women and what they reveal about the initiatory path of individual development and redemption The seven prophetesses show that every person has a part to play in the repair of the world and Hieronimus gives a practical set of maps and spiritual guidelines for that journey My Disciple, My Child Noach Orlowek, 1993 A practical Torah based guide to successful discipline in the classroom communicating effectively and establishing rapport with students The Rediscovery of the Human Viktor E Frankl, 2020-11-30 Frankl's Man's Search for Meaning sold over 10 million copies and was translated into over 30 languages and was deemed by a survey of the Library of Congress one of the ten most influential books in America This volume introduces and presents translations of a number of important but less well known writings by Viktor Frankl translated from the original German in which he forthrightly relates psychology to religious concepts These cast a strong new light on the generally received understanding of Frankl's contribution to psychology logotherapy and its relationship to the soul and universal ethics The Maharal of Prague Yaacov Dovid Shulman, 1992 Sanctuary of the Divine Presence J. Zohara Meyerhoff Hieronimus, 2012-03-26 Kabbalistic initiatory teachings for becoming a vessel for illumination prophecy and peace by creating an inner dwelling place for God's divine presence Reveals practices for self mastery and revelation based on the holy design of the first Hebrew Sanctuary the lives of the Hebrew Prophets and the Tree of Life Shows how the Tree of Life's

Avot: Chapters 1-2 Yisra'el Me'ir La'u, 2006 Heirs of Auschwitz Jack Fried, 2020-03-27 You can find countless stories of the atrocities committed during the Holocaust as told firsthand by those souls that have witnessed lived through and survived indescribable horror From great retellings from authors such as Elie Wiesel to dramatized influential works of fiction from writers including John Boyne it becomes clear the Holocaust has impacted more than the people that directly experienced it As the era of first generation Holocaust survivors approaches its end their stories as well as their trauma lives on however through their descendants As a consequence the descendants of Holocaust survivors as current research suggests have also been affected from the result of the experience of their parents and grandparents Few stories are ever written by the heirs of those who endured that indescribable horror and in the way that it manifests psychologically just two generations later

Author Dr Jack Fried born to the son and daughter of Holocaust survivors is one of the many whose life has been forever changed by the events that transpired during the Holocaust Inter generational trauma is not a well known concept but for Dr Fried it meant that he had to take a journey into a past he didn t personally know his grandparents past to find pieces to a puzzle that may answer his questions about the origins of a lifelong battle he has had with separation anxiety His trip took him to Poland where he uncovered a slew of pent up emotions fears and dark histories Oddly as Dr Fried learns about his family s past and his present he unknowingly embarks on a spiritual journey into Jewish mysticism which slowly enables him to transcend his lifelong struggles with a fear and anxiety that didn t belong to him All of the inhibiting emotions were released upon his connection to the strife of his ancestors Heirs of Auschwitz is an extremely worthwhile read for anyone with unresolved feelings anyone who has not witnessed or has avoided witnessing human suffering and for those who cannot fathom what hell on earth is like
