Disorienting Dharma Emily T. Hudson, 2013 This book explores the relationship between ethics aesthetics and religion in classical Indian literature and literary theory by focusing on one of the most celebrated and enigmatic texts to emerge from the Sanskrit epic tradition the Mahabharata This text which is widely acknowledged to be one of the most important sources for the study of South Asian religious social and political thought is a foundational text of the Hindu tradition and considered to be a major transmitter of dharma moral social and religious duty perhaps the single most important concept in the history of Indian religions However in spite of two centuries of Euro American scholarship on the epic basic questions concerning precisely how the epic is communicating its ideas about dharma and precisely what it is saying about it are still being explored Disorienting Dharma brings to bear a variety of interpretive lenses Sanskrit literary theory reader response theory and narrative ethics to examine these issues One of the first book length studies to explore the subject from the lens of Indian aesthetics it argues that such a perspective yields startling new insights into the nature of the depiction of dharma in the epic through bringing to light one of the principle narrative tensions of the epic the vexed relationship between dharma and suffering In addition it seeks to make the Mahabharata interesting and accessible to a wider audience by demonstrating how reading the Mahabharata perhaps the most harrowing story in world literature is a fascinating disorienting and ultimately transformative experience

Nonviolence in the Mahabharata Alf Hiltebeitel, 2016-03-22 In Indian mythological texts like the Mahabharata and Ramayana there are recurrent tales about gleaners The practice of gleaning in India had more to do with the houseless forest life than with residential village or urban life or with gathering residual post harvest grains from cultivated fields Gleaning can be seen a metaphor for the Mahabharata poets art an art that could have included their manner of gleaning what they made the leftovers what they found useful from many preexistent texts into Vyasa's entire thought including oral texts and possibly written ones such as philosophical debates and stories This book explores the notion of non violence in the epic Mahabharata In examining gleaning as an ecological and spiritual philosophy nurtured as much by hospitality codes as by eating practices the author analyses the merits and limitations of the 9th century Kashmiri aesthete Anandavardhana that the dominant aesthetic sentiment or rasa of the Mahabharata is shanta peace Mahatma Gandhi's non violent reading of the Mahabharata via the Bhagavad Gita are also studied This book by one of the leaders in Mahabharata studies is of interest to scholars of South Asian Literary Studies Religious Studies as well as Peace Studies South Asian Anthropology and History

In Dialogue with the Mahābhārata Brian Black,2020-09-15 The Mah bh rata has been explored extensively as a work of mythology epic poetry and religious literature but the text s philosophical dimensions have largely been under appreciated by Western scholars This book explores the philosophical implications of the Mah bh rata by paying attention to the centrality of dialogue both as the text s prevailing literary expression and its organising structure Focusing on five sets of dialogues about controversial moral problems in the central story this book shows that philosophical deliberation is an integral part of the narrative Black argues that by paying attention to how characters make arguments and how dialogues unfold we can better appreciate the Mah bh rata s philosophical significance and its potential contribution to debates in comparative philosophy today This is a fresh perspective on the Mah bh rata that will be of great interest to any scholar working in religious studies Indian South Asian religions comparative philosophy and world literature
