Edited by Joseph A. Buijs

Maimonides A Collection Of Critical Essays

Joseph A. Buijs

Maimonides A Collection Of Critical Essays:

Maimonides Joseph A. Buijs, 1988 Buijs is to be congratulated for gathering into one volume essays of such a scope and quality as well as for confronting the challenging issues of interpretation raised so acutely by Leo Strauss This combination of factors makes this work immensely useful to students of philosophy and theology who may have been misled by their earlier studies into thinking that one can understand the medieval intellectual explosion without attending to its sources in the Arabic culture of which Maimonides is a particularly lucid witness David B Burrell C S C This is a splendid project filling a long standing need and carried to fulfillment in handsome fashion Maimonides Moses ben Maimon is a thinker one does not read long before becoming aware of a probing and informed intelligence His voice belongs prominently in the dialogue of the great spirits of our civilization This volume of critical essays should help to put him there Harold J Johnson University of Western Ontario Professor Buijs Maimonides is a very fine anthology of contemporary Maimonidean studies the essays cover a rich variety of topics in Maimonides philosophy and represent widely different approaches among Maimonidean scholars Aviezer Ravitzky The Hebrew University of Jerusalem **Maimonidean Studies**, 2008 **Philosophic Classics: From**

Plato to Derrida Forrest Baird, 2016-05-23 First published in 1961 Forrest E Baird's revision of *Philosophic Classics* continues the tradition of providing generations of students with high quality course material Using the complete works or where appropriate complete sections of works this anthology allows philosophers to speak directly to students Esteemed for providing the best available translations *Philosophic Classics From Plato to Derrida* features complete works or complete sections of the most important works by the major thinkers as well as shorter samples from transitional thinkers

Interpreting Maimonides : Critical Essays Charles Harry; Davies Manekin (Daniel), 2013 *Polemical and Exegetical Polarities in Medieval Jewish Cultures* Ehud Krinis, Nabih Bashir, Sara Offenberg, Shalom Sadik, 2021-10-25 In his academic career that by now spans six decades Daniel J Lasker distinguished himself by the wide range of his scholarly interests In the field of Jewish theology and philosophy he contributed significantly to the study of Rabbinic as well as Karaite authors In the field of Jewish polemics his studies explore Judeo Arabic and Hebrew texts analyzing them in the context of their Christian and Muslim backgrounds His contributions refer to a wide variety of authors who lived from the 9th century to the 18th century and beyond in the Muslim East in Muslim and Christian parts of the Mediterranean Sea and in west and east Europe This *Festschrift* for Daniel J Lasker consists of four parts The first highlights his academic career and scholarly achievements In the three other parts colleagues and students of Daniel J Lasker offer their own findings and insights in topics strongly connected to his studies namely intersections of Jewish theology and Biblical exegesis with the Islamic and Christian cultures as well as Jewish Muslim and Jewish Christian relations Thus this wide scoped and rich volume offers significant contributions to a variety of topics in Jewish Studies *Evil and Providence in Maimonides' S Guide of the Perplexed* Modestus Anyaegbu, 2014-11-21 Maimonides' rationalist rejection and interpretation of anthropomorphism play a major part

in his reading of the problem of evil and providence in the guide of the perplexed The debate has been on finding an explanation as to why the righteous suffer and the vicious prosper in a world under the providence of a divine Creator The anthropomorphic bent given to the legendary case of the biblical Job has given us the concept of God as a personal agent But confronted with the reality of his innocent suffering this image of God leaves much to be desired We shall argue that Maimonides theory of providence as consequent upon the intellect and evil as consequent upon the absence of intellectual perfection are based on the concept of God as existence It is the absence of intellectual perfection that marks man qua animal and leaves him open to chance occurrences and evil A Promotional Write Up The present work places before us the strange position and it must be said a little bit shocking to us of the great Jewish thinker on the question of providence Only the intelligent that is to say the human beings who have effectively actualized their intellects and have come to an accomplished knowledge are considered and personally protected by the Eternal In other words the traditional piety that is usually asked of the believers by religious authorities is not sufficient This piety is still marked by illusion and does not procure for man the true knowledge of God which is worthy of him The individual ought to overcome pietistic representations in order to open himself to divine truth which is accessible only through knowledge This is what the Book of Job illustrates At the time when the actuality does not cease to present before us the question of the status of religion and the religious within modernity the attempt by Maimonides to articulate these two styles carries an indisputable force of conviction as shown with abundant evidence in the work presented by Modestus Anyaegbu Jean Michel Counet president of the Institut Suprieur de Philosophie Universit Catholique de Louvain Belgium *Judaic Sources and Western Thought* Jonathan Jacobs, 2011-06-16 This volume focuses on the distinct character of Judaic thought concerning moral value the individual human being the nature of political order relations between human beings and between human beings and God The work of ten scholars it draws on moral philosophy philosophy of religion ethics Jewish intellectual history and theology *Fifty Key Medieval Thinkers* Gillian Rosemary Evans, 2002 Focusing on individuals whose ideas shaped intellectual life between 400 and 1500 this book is an accessible guide to those religious philosophical and political concepts central to the medieval worldview

Scepticism and Anti-Scepticism in Medieval Jewish Philosophy and Thought Racheli Haliva, 2018-09-24 The series Studies and Texts in Scepticism contains monographs translations and collected essays exploring scepticism in its dual manifestation as a purely philosophical tradition and as a set of sceptical strategies concepts and attitudes in the cultural field especially in religions perhaps most notably in Judaism In such cultural contexts scepticism manifests as a critical attitude towards different dimensions and systems of secular or revealed knowledge and towards religious and political authorities It is not merely an intellectual or theoretical worldview but a critical form of life that expresses itself in such diverse phenomena as religion literature and society Further book series of the Maimonides Centre for Advanced Studies are Jewish Thought Philosophy and Religion and the Yearbook of the Maimonides Centre for Advances Studies *Referring to God* Paul

Helm,2013-01-11 There is a long tradition of discussion in the philosophy of religion about the problems and possibilities involved in talking about God This book presents accounts of the problem within Jewish and Christian philosophy
