Mediterranean Memories

Mediterranean Memories:

Mediterranean Memories, Etc. [Reminiscences of Malta. With Plates and a Map.], Stephen Einar Gilbert PONDER, 1937

The Discourse of Ethics and Equity in Intercultural Communication Shanta Nair-Venugopal, 2017-10-02 This book examines the notions of ethics and equity in relation to language and communication in intercultural relations. Although these notions are often discussed they are not always addressed with regard to specific subjects. Much intercultural discourse and dialogue in recent times has been coloured by the clash of civilizations as described by Samuel Huntington, terrorist attacks such as 9/11 and the indelible effects which these events have had on dealings between different peoples, cultures and religions. This book discusses ethics and equity with regard to marginalized and privileged minorities, victims of abuse and of conflict, researchers and practitioners and language learners and speaker users. It opens up spaces for a critical discourse of ethics and equity in language and intercultural communication as new knowledge. This book was originally published as a special issue of *Language and Intercultural Communication*.

Cultural Memories in the Roman Empire Karl Galinsky, Kenneth Lapatin, 2016-01-01 Memory studies, one of the most vibrant research fields of the present day, brings together such diverse disciplines as art and archaeology, history, religion, literature, sociology, media studies and neuroscience. In scholarship on ancient Rome, studies of social and cultural memory complement traditional approaches, opening up new horizons as we contemplate the ancient world. The fifteen essays presented here explore memory in the Roman Empire, addressing a wide spectrum of cultural phenomena from a range of approaches. Ancient Rome was a memory culture par excellence and memory pervades all aspects of Roman culture, from literature and art to religion and politics. This volume is the first to address the cultural artifacts of Rome through the lens of memory studies. An essential guide to the material culture of Rome, this book brings important new concepts to the fore for both scholars of the ancient world and those of social and cultural memory throughout human history.

Dissonant Heritages and Memories in Contemporary Europe Tuuli Lähdesmäki, Luisa Passerini, Sigrid Kaasik-Krogerus, Iris van Huis, 2019-08-13 This open access book discusses political, economic, social and humanitarian challenges that influence both how people deal with their past and how they build their identities in contemporary Europe. Ongoing debates on migration on local, national, inter- and transnational levels prove that it is a divisive issue with regards to understanding European integration and identity. At the same time, the European Union increasingly invests in projects related to European heritage, museums and cultural memory networks while having to take dissonant heritages into account. These processes in their combination offer an interesting dynamic and form the complex puzzle that poses challenging questions for anyone involved in academic research, heritage practices and policy debates. With this puzzle at its core, this book explicitly focuses on slippery and transforming notions of Europe and critically discusses ongoing and transforming power structures of heritage and memory in today's Europe. The book combines theoretical and methodological contributions to the debates on European heritage and memory studies and in-depth analyses of empirical

case studies Its main aim is to bring research fields concerning memory and heritage into a closer dialogue and thus explore the cultural and political dynamics of contemporary Europe **Fragrant Memories** Barrett Williams, ChatGPT, 2024-12-08 Dive into a world where memories are not just seen or heard but smelled Fragrant Memories invites you on a journey into the art and science of crafting personalized potpourri a sensory experience that connects emotions and scents in a timeless bond From the moment you begin exploring the emotional power of scent you ll discover how aromas can capture memories in ways words cannot Unearth the secrets of your unique scent memory palette and create a scent diary that chronicles your life s most precious moments This eBook unlocks the scientific mysteries and artistic wonders of scent and memory Start from the basics with an insightful look into potpourri ingredients guiding you on selecting natural elements that evoke your desired emotions As you master the techniques of layering scents for impact and infusing potpourri with personal mementos you ll create textures and fragrances that resonate deeply with your soul Each chapter of Fragrant Memories is a step forward in your sensory journey from capturing the essence of woodland walks to creating seasonal scent collections that echo the vibrancy of life s ever changing tapestry Learn how to construct custom blends that offer relaxation invigoration and comforting nostalgia More than just a sensory delight this eBook interweaves art with sustainability teaching you to source ethical ingredients and reduce waste in crafting Delve into global fragrance traditions and bring a world of aromas into your home informed by decades of earthy wisdom Whether crafting for personal joy or for special occasions each creation you make will tell a story your story in an unforgettable way By the end you ll be ready to embark on your own potpourri journey perhaps even sharing your creations and scents with future generations all while ensuring they last the test of time Let Fragrant Memories be your guide to creating aromatic legacies that linger **French Foreign Policy** ,1967
