Medusa A Portrait:

Medusa Howard Phillips Lovecraft, 1975 *Medusa's Mirrors* Julia M. Walker, 1998 The question of selfhood in Renaissance texts constitutes a scholarly and critical debate of almost unmanageable proportions The author of this work begins by questioning the strategies with which male writers depict powerful women Although Spenser's Britomart Shakespeare's Cleopatra and Milton's Eve figure selfhood very differently and to very different ends they do have two significant elements in common mirrors and transformations that diminish the power of the female self *Medusa's Gaze*, 1991-03 This book examines the central role of casuistry the science of resolving problems of moral choice known as cases of conscience in Elizabethan religious political and literary culture In the process that author develops a theory of casuistical hermeneutics in a synthesis of new historicist and post structuralist methodologies a synthesis made intelligible in terms applied within the discourses of ideological and epistemological crisis that late sixteenth century casuistry both addressed and provoked Casuistry gained unprecedented notoriety in the last two decades of Elizabeth's reign emerging as an ambiguous practice that continued to be claimed as a heuristic procedure while it also came to function as a locus of moral and epistemological uncertainty The author shows the equivocal nature of casuistry to be the effect of the inherently dialogic activity of the word conscience Believed to be a sacred repository of truth as well as a hermeneutic operation conscience both embodied the culture's received norms and subjected to scrutiny the social and political negotiations that produced and maintained these norms The author examines the application of casuistry in wide ranging but interrelated documents Elizabeth's two speeches to Parliament concerning the fate of Mary Queen of Scots representative manuals of casuistry accounts of the secret movements of the English Catholic mission and Walsingham's intelligence network the Siena Sieve portrait of Spenser's The Faerie Queene The author establishes casuistical hermeneutics as a central organizing principle of Spenserian narrative and charts the connection between Spenserian narrative and novelistic discourse in Bakhtin's sense of the term These documents yield new insights into the politics of ambiguity and misreading in the Elizabethan period variously exploiting the casuistical doctrines of equivocation honest dissimulation and mental reservation as well as what the author calls the rhetoric of inviolability which was associated with the voice of conscience and appropriated by monarch and dissidents alike That rhetoric depended on a politic self censorship that proved indispensable to the maintenance of the culture's norms producing narrative structures that represent scandalous and theoretically unrepresentable insights Reading the text of casuistry in the Renaissance illumines the pivotal complementary processes of reading and writing the texts through which Elizabethan culture defined itself its texts of power its hierarchy of values and norms its taboos and its tacit or naturalized protocol for determining canonical texts and good readings **Alfred Hitchcock** Richard Allen, Sam Ishii-Gonzales, 2019-07-25 This collection of essays displays the range and breadth of Hitchcock scholarship and assesses the significance of his body of work as a bridge between the fin de siècle culture of the 19th century and the 20th century It

engages with Hitchcock's characteristic formal and aesthetic preoccupations The Numismatic Circular and Catalogue of Coins, Tokens, Commemorative & War Medals, Books & Cabinets Spink & Son, 1907 **Numismatic Circular List of Coins, Medals, War Medals, Books, Etc. Offered for Sale** Spink & Son, 1909 *Caravaggio* Michelangelo Merisi da Caravaggio, 2006 This volume considers Caravaggio's revolutionary realism from a range of perspectives presenting new avenues for research by a plurality of leading scholars First it advances our understanding of Caravaggio's relationship with the new science of observation championed by Galileo Second it examines afresh the theoretical nature and artistic means of Caravaggio's seemingly direct realism Third it extends the horizons of research on Caravaggio's complex intellectual and social milieu between high and low cultures Genevieve Warwick is Senior Lecturer in the Art History department at the University of Glasgow **Medusa's Ear** Dawne McCance, 2012-02-01 In traditional mythology and iconography Medusa's killing powers are attributed to visual means the monster is slain for her looks and her effect is to kill men for looking at her Challenging the familiar account of the modern era as ocularcentric this book reads the Medusa effect on the philosophy of the modern research university as rooted in an audiocentric fantasy Author Dawne McCance links phonocentrism to an aural imaginary by tracking the trope and terror of the deaf ear and mute mouth in the discourse on the university that was inaugurated by Kant and that extends through Hegel and Heidegger to the present She shows how repeatedly in founding texts on the modern research university the philosopher's fearful recoil from an animal female figure that he defines as deaf and dumb has the effect the Medusa effect of cutting off his own and therefore the institution's ear and tongue McCance also considers some recent efforts to shake the modern institution out of its Medusa effect petrification **Medusa's Hairdresser** Maria Jacketti, 2015-06-06 Maria Jacketti's new release *Medusa's Hairdresser* paints where the wind tells her to go You will find no clichés in her work From this book one discovers an unprecedented journey into a world of surprising images such as a line from her poem *Witch Watch* where Maria writes Angels like to stop watches so do nuclear bombs or from her poem *Song for Change* Oh gorgeous bucks you golden kibble it's time for you to ficklekiss These and more are just a few of the unconventional yet enchanting lines that are sure to draw you in Make sure you don't read too long You might find yourself cast in stone forever lost in her language A great book sure to entertain enchant and stimulate a whole new approach to reading and appreciating poetry Revolutionary work Melanie Simms former Perry County Poet Laureate President Association of Pennsylvania Poets Laureate **Cameos Old & New (4th Edition)** Anna M. concept of a pure source text or point of origin Our aim is to break through the boundaries that still divide our ancient texts and material culture from their reception and interpretive communities Our contributors engage with these questions theoretically and or through the close examination of cultural artefacts They problematise the concept of a Western elitist canon and actively push the geographical boundaries of reception as both a local and a global phenomenon Individually and cumulatively they actively engage with the question of how to marshal the classical past in our efforts to respond to the challenges of our mutable contemporary world
