## **Medusas Mirror:**

Medusa's Mirrors Julia M. Walker, 1998 The question of selfhood in Renaissance texts constitutes a scholarly and critical debate of almost unmanageable proportions The author of this work begins by questioning the strategies with which male writers depict powerful women Although Spenser's Britomart Shakespeare's Cleopatra and Milton's Eve figure selfhood very differently and to very different ends they do have two significant elements in common mirrors and transformations that diminish the power of the female self

**The Family in the Mirror** Drew Bridges, 2015-12-18 As an abused child Melinda Master was sent to a psychiatric clinic to help healing her emotional scars The young director of the clinic was John Randt and despite his good intentions nothing was done to help her She left just as traumatized as when she arrived and returns to a cult like existence As an adult Melinda comes back into the life of John Randt who still runs the clinic He is now distracted and vulnerable due to various losses in his own life But now Melinda is not alone She brings as part of her life a developmentally disabled child a beautiful young yoga instructor and a woman of darkness who offers Melinda a shocking plan as a path out of the personal prison of her father's home Due to John's pain he is charmed by Melinda and soon falls into a relationship with her not knowing she plans his death The trap is set and ready to spring John's only hope for survival is in recognizing the true identity of Melinda and those who support her murderous cause He is isolated from family and friends just as traumatized as his ex-patient so will anyone escape this poisonous game unscathed

Mad Men And Medusas Juliet Mitchell, 2008-01-06 This worthy successor to *Psychoanalysis and Feminism* is both a defense of the long dismissed diagnosis of hysteria as a centerpiece of the human condition and a plea for a new understanding of the influence of sibling and peer relationships Juliet Mitchell argues that because it our first social relationship the sibling relationship is crucial to development and that it is a critical failure of psychoanalysis and other psychological theories of development to obscure and ignore the importance of siblings and peers In *Mad Men and Medusas* Mitchell traces the history of hysteria from the Greek wandering womb to modern day psychiatric diagnoses arguing that we need to reclaim hysteria to understand how distress and trauma express themselves in different societies and different times Using fascinating examples from anthropology Freud's case studies literature and her own clinical practice Mitchell convincingly demonstrates that while hysteria may have disappeared as a disease it is still a critical factor in understanding psychological development through the life cycle

**Laughter** Anca Parvulescu,2010-08-27 Uncovering an archive of laughter from the forbidden giggle to the explosive guffaw Most of our theories of laughter are not concerned with laughter Rather their focus is the laughable object whether conceived of as the comic the humorous jokes the grotesque the ridiculous or the ludicrous In Laughter Anca Parvulescu proposes a return to the materiality of the burst of laughter itself She sets out to uncover an archive of laughter inviting us to follow its rhythms and listen to its tones Historically laughter especially the passionate burst of laughter has often been a faux pas Manuals for conduct abetted by philosophical treatises and literary and visual texts warned against it offering special injunctions to ladies to avoid jollity that was too boisterous Returning laughter to the history of the passions Parvulescu anchors it at the point where the history of the grimacing face meets the history of noise In the civilizing process that leads to laughter s falling into disrepute as Nietzsche famously put it we can see the formless contorted face in laughter being slowly corrected into a calm social smile How did the twentieth century laugh Parvulescu points to a gallery of twentieth century laughs and friends of laughter arguing that it is through Georges Bataille that the century laughed its most distinct laugh In Bataille s wake laughter becomes the passion at the heart of poststructuralism Looking back at the century from this vantage point Parvulescu revisits four of its most challenging projects modernism the philosophical avant gardes feminism and cinema The result is an overview of the twentieth century as seen through the laughs that burst at some of its most convoluted junctures
