## **Meech Lake Primer Conflicting Views Of The 1987 Constitutional Accord:**

**Canada: The State of the Federation 1990** Ronald Lampman Watts, Douglas M. Douglas Brown, 1990 Canadian Constitutional Renewal, 1968-1981 Michael B. Stein, Queen's University (Kingston, Ont.). Institute of Intergovernmental Relations, 1989 **Constitutional Odyssey** Peter H. Russell, 2004-01-01 The first and second editions of *Constitutional Odyssey* published in 1992 and 1993 respectively received wide ranging praise for their ability to inform the public debate This third edition continues in that tradition Imprisoning Our Sisters Stephanie Hayman, 2006-07-11 Using extensive interviews and previously unexplored archival material Hayman examines the work of the Task Force on Federally Sentenced Women and assesses the opening of the first three prisons She questions the notion that prisons can simultaneously heal and punish suggesting that the power of the prison inevitably triumphs over the good intentions of reformers **Social Welfare with Indigenous Peoples** Professor John Dixon, John Dixon, Robert P. Scheurell, 2002-09-11 Presents articles that provide a comparison of Indigenous social welfare policy in Africa Australia Pacific Central and South America Europe and North America see separate entry for article by J C Altman and W Sanders **Canadian History: Confederation to the present** Martin Brook Taylor, Doug Owram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover **Money, Politics and Health Care** Institute for Research on Public Policy, Queen's University (Kingston, Ont.). Institute of Intergovernmental Relations, 2004 Current tensions in intergovernmental fiscal arrangements are thus important impediment to improving the health care system At the same time the failure of provinces to correct health care problems acts a serious irritant in intergovernmental relations creating a vicious cycle where deficiencies in intergovernmental fiscal relations make health care reform difficult while failures to effect health care reform increase conflict between the provinces and the federal government This collection of essays analyses key issues in federal provincial health care relations particularly the fiscal component The authors look at why there is a role for the federal government in health care and consider the critical issues in recent intergovernmental political battles over this role The issues of whether the vertical federal provincial fiscal imbalance is myth or reality how much the federal government does and should contribute financially to provincial health care programs and methods for settling disputes such as those over user fees are discussed The authors also provide concrete proposals for reconstructing the federal provincial partnership Contributors include Keith Banting Queen's University Robin Boadway Queen's University David Cameron University of Toronto Harvey Lazar Jennifer McCrea Logie France St Hilaire and Jean Francois Tremblay *The Beaver Bites Back?* David H. Flaherty, Frank E. Manning, 1993 Canadians have demonstrated a remarkable sense of unity about protection of their cultural industries during the continuing national debate over free trade This study of the effect of American popular culture on Canada is therefore particularly relevant *The American Empire and the Fourth World* Anthony J. Hall, Tony Hall, 2005

In a book that Naomi Klein says could change the world Anthony Hall shows that the globalization debate actually began in 1492

**Federalism in Canada** Thomas O. Hueglin, 2021 Federalism in Canada tells the turbulent story of shared sovereignty and divided governance from Confederation to the present time It does so with three main objectives in mind The first objective is to convince readers that federalism is the primary animating force in Canadian politics and that it is therefore worth engaging with its complex nature and dynamic The second objective is to bring into closer focus the contested concepts about the meaning and operation of federalism that all along have been at the root of the divide between English Canada and Quebec in particular The third objective is to give recognition to the trajectory of Canada's Indigenous peoples in the context of Canadian federalism from years of abusive neglect to belated efforts of inclusion The book focuses on the constitution with its ambiguous allocation of divided powers the pivotal role of the courts in balancing these powers and the political leaders whose interactions oscillate between intergovernmental conflict and cooperation This focus on executive leadership and judicial supervision is framed by considerations of Canada's regionalized political economy and cultural diversity giving students an interesting and nuanced view of federalism in Canada

Canada and the End of Empire Phillip Buckner, 2013-12-01 Sir John Seeley once wrote that the British Empire was acquired in a fit of absence of mind Whatever the truth of this comment it is certainly arguable that the Empire was dismantled in such a fit This collection deals with a neglected subject in post Confederation Canadian history the implications to Canada and Canadians of British decolonization and the end of empire Canada and the End of Empire looks at Canadian diplomatic relations with the United Kingdom and the United States the Suez crisis the changing economic relationship with Great Britain in the 1950s and 1960s the role of educational and cultural institutions in maintaining the British connection the royal tour of 1959 the decision to adopt a new flag in 1964 the efforts to find a formula for repatriating the constitution the Canadianization of the Royal Canadian Navy and the attitude of First Nations to the changed nature of the Anglo Canadian relationship Historians in Commonwealth countries tend to view the end of British rule from a nationalist perspective Canada and the End of Empire challenges this view and demonstrates the centrality of imperial history in Canadian historiography An important addition to the growing canon of empire studies and imperial history this book will be of interest to historians of the Commonwealth and to scholars and students interested in the relationship between colonialism and nationalism

Forging Alberta's Constitutional Framework Richard Connors, John M. Law, University of Alberta. Centre for Constitutional Studies, 2005-11 Forging Alberta's Constitutional Framework analyzes the principal events and processes that precipitated the emergence and formation of the law and legal culture of Alberta from the foundation of the Hudson's Bay in 1670 until the eve of the centenary of the Province in 2005 The formation of Alberta's constitution and legal institutions was by no means a simple process by which English and Canadian law was imposed upon a receptive and passive population Challenges to authority latent lawlessness interaction between indigenous and settler societies periods pre and post 1905 of jurisdictional confusion

and demands for individual group and provincial rights and recognitions are as much part of Alberta's legal history as the heroic and mythic images of an emergent and orderly Canadian west patrolled from the outset by red coated mounted police and peopled by peaceful and law abiding subjects of the Crown Papers focus on the development of criminal law in the Canadian west in the nineteenth century the Natural Resources Transfer Agreement of 1930 the National Energy Program of the 1980s Federal Provincial relations and the role and responsibilities of the offices of Justices of the Peace and of the Lieutenant Governor and the legacies of the Lougheed and Klein governments      *Reflections on Native-newcomer Relations* James Rodger Miller, 2004-01-01 The twelve essays that make up *Reflections on Native Newcomer Relations* illustrate the development in thought by one of Canada's leading scholars in the field of Native history J R Miller The collection comprising pieces that were written over a period spanning nearly two decades deals with the evolution of historical writing on First Nations and Métis methodological issues in the writing of Native newcomer history policy matters including residential schools and linkages between the study of Native newcomer relations and academic governance and curricular matters Half of the essays appear here in print for the first time and all use archival published and oral history evidence to throw light on Native Newcomer relations Miller argues that the nature of the relationship between Native peoples and newcomers in Canada has varied over time based on the reasons the two parties have had for interacting The relationship deteriorates into attempts to control and coerce Natives during periods in which newcomers do not perceive them as directly useful and it improves when the two parties have positive reasons for cooperation *Reflections on Native Newcomer Relations* opens up for discussion a series of issues in Native newcomer history It addresses all the trends in the discipline of the past two decades and never shies from showing their contradictions as well as those in the author's own thinking as he matured as a scholar

Feminist Activism in the Supreme Court Christopher P. Manfredi, 2004 Since 1980 the Canadian women's movement has been an active participant in constitutional politics and Charter litigation This book through its focus on the Women's Legal Education and Action Fund LEAF presents a compelling examination of how Canadian feminists became key actors in developing the constitutional doctrine of equality and how they mobilized that doctrine to support the movement's policy agenda The case of LEAF an organization that has as its goal the use of Charter litigation to influence legal rules and public policy provides rich ground for Christopher Manfredi's keen analysis of legal mobilization In a multitude of areas such as abortion pornography sexual assault family law and gay and lesbian rights LEAF has intervened before the Supreme Court to bring its understanding of equality to bear on legal policy development This study offers a deft examination of LEAF's arguments and seeks to understand how they affected the Court's consideration of the issues Perhaps most important it also contemplates the long term effects of the mobilization and considers the social impact of the legal doctrine that has emerged from LEAF cases A major contribution to law and society studies *Feminist Activism in the Supreme Court* is unparalleled in its analysis of legal mobilization as an effective strategy for social movements It will be widely read and welcomed by legal

scholars political scientists lawyers feminists and activists      **Everyone Says No** Kyle Conway,2011-11-08 Focusing on the English and French language networks of the Canadian Broadcasting Corporation Kyle Conway draws on the CBC Radio Canada rich print and video archive as well as journalists accounts of their reporting to revisit the story of the accords and the furor they stirred in both French and English Canada He shows that CBC Radio Canada attempts to translate language and culture and encourage understanding among Canadians actually confirmed viewers pre existing assumptions rather than challenging them The first book to examine translation in Canadian news Everyone Says No also provides insight into Canada s constitutional history and the challenges faced by contemporary public service broadcasters in increasingly multilingual and multicultural communities      **The Future of Tradition** Leon Shaskolsky Sheleff,2013-09-05 Recent years have seen an increased interest in the variety of cultures co existing within one state and a growing acknowledgement of the values ensconced in pluralistic social structures this book examines the manner in which indigenous people can function in modern states preserving their traditional customs while simultaneously adapting aspects of their culture to the challenges posed by modern life Whereas it was formerly assumed that these tribal frameworks were doomed to extinction and some states even encouraged such a process there has been a revival in their vitality linked to a recognition of their rights The book offers a comprehensive survey of various aspects of tribal life focusing on political issues such as the meaning of sovereignty legal issues dealing with the role of custom and social issues concerned with sustaining communal life A focused study is made of a whole series of legal factors relating to possession and ownership of land religious rites the nature of polygamous marriages the assertion of group rites the manner of peacefully resolving disputes and allied questions Recent judicial decisions are analysed as a reflection of the far reaching changes that have taken place in a process that has seen the former disregard of basic rights of indigenous people being replaced by an awareness of the injustices perpetrated in the past and a willingness to seek to redress them The comparison between approaches of different English speaking countries provides an account of interwoven developments      The Politics of Fiscal Federalism Adam Harmes,2019-05-13 What does federalism have to do with the political struggle between conservatives and progressives over economic policy How do economic theories of fiscal federalism influence European North American and global forms of governance In the first comprehensive account of the left right politics of multilevel governance across federal regional and global levels Adam Harmes identifies both free market and interventionist political projects related to fiscal federalism Harmes argues that these political projects and the interests that promote them explain a diverse range of phenomena across national contexts across levels of governance and over time This includes the left right dynamics of US and Canadian federalism the free market origins of British euroscepticism and the Brexit vote the complex politics behind the NAFTA renegotiations and the emergence of both populist and progressive challenges to global free trade A highly accessible outline of fiscal federalism theory The Politics of Fiscal Federalism also expands upon the broader value and policy differences between neoliberal classical liberal and Keynesian welfare economics

on issues such as the role of the state subnational and global trade economic nationalism and monetary integration This original and innovative work demonstrates that a political economy approach is essential to the study of federalism and why federalism and multilevel governance is a critical area of study for political economists **Canadian Government and Politics - Seventh Edition** Robert J. Jackson, Doreen Jackson, Royce Koop, 2020-02-25 Canadian Government and Politics delivers an up to date and concise introduction to Canada's political institutions processes and issues The text integrates theory history Census data and current affairs to give students an orderly picture of the wide ranging landscape of Canadian government and politics This seventh edition includes coverage and analysis of the 2019 general election as well as a preview of the new Canadian government It also adds exciting material on Canada's cultural landscape institutions and policies along with a new chapter on Indigenous Peoples Other chapters examine the executive legislative and judicial branches of government the electoral system bureaucracy Quebec nationalism foreign policy and much more The authors provide trenchant coverage of many key issues of concern to Canadians including regionalism nationalism climate change defense policy Indigenous Peoples rights minority rights pipelines and the USMCA trade deal These topics are addressed by way of fair minded impartial discussions aimed to foster a vital and optimistic perspective on Canadian politics that will encourage critical thinking and active citizenship **Canada's Francophone Minority Communities** Michael Derek Behiels, 2004 By the late 1950s Canada's Francophone and Acadian minority communities were in rapid decline Demographic economic socio cultural institutional and political factors that had sustained both the concept and the reality of French Canada for well over a century were being eliminated or transformed at an unprecedented rate To survive these beleaguered minority communities set out to conquer the challenges of rebuilding their provincial and national organizations training a new generation of leaders redefining their respective provincial and national identities elaborating new political and constitutional policies and strategies for survival and expansion and then defending and securing full implementation of these policies and strategies growth of their communities revitalized Francophone organizations and leaders lobbied for constitutional entrenchment of official bilingualism and of a mandated Charter right to education in their own language including the right to governance over their own schools and school boards Having achieved their objectives in the 1982 Charter of Rights and Freedoms Francophone provincial and national leaders learned the techniques of micro constitutional politics to convince the Ontario Alberta and Manitoba provincial governments to implement full and unfettered school governance by and for Francophone minority communities a collectivist and remedial interpretation to the Charter's official language minority education rights section 23 The Canadian government assisted the Francophone minority in two ways it made funds available to Francophone organizations and parents via the Court Challenges program and it signed lucrative financial agreements with the provinces to help defray the additional costs of establishing French language schools and school boards While the Francophone minority communities were pursuing implementation of their section 23 Charter rights

they found themselves drawn into the mega constitutional negotiations and ratification procedures surrounding the controversial Meech Lake Constitutional Accord 1987 90 and the omnibus Charlottetown Consensus Report 1990 92 During the Quebec Provincial Round their Charter rights remained intact when the Meech Lake Accord failed to obtain ratification conception of a pan Canadian cultural and linguistic duality which helped minimize the constitutional and political impact of the Quebec government s insistence upon a territorial conception of duality that is an asymmetrical Canada Quebec federation When Canadians rejected the Charlottetown deal neither conception achieved formal constitutional recognition Nevertheless Canada s Francophone minority communities were regenerated by the intertwined developments of constitutional renewal and their winning of school governance A new vigorous Francophone pan Canadian national community emerged one capable of ensuring the survival of its constituents communities well into the 21st century
